SupportNET Syllabus Statement Example

The following statement can be used on your syllabus to inform students about Southeast's SupportNET:

We Support Student Success! – This course will use SupportNET, Southeast's student success network, to improve communication between students, faculty, and staff on campus. You'll likely see emails through this service with information such as resources or concerns. Please pay attention to these—they are sent to help you succeed! Access SupportNET from your portal, Moodle, or supportnet.semo.edu to view academic alerts, view your Success Team, ask for help and access other information to support your success at Southeast.
