

SPONSORED PROJECTS FINANCIAL CONFLICT OF INTEREST

Disclosure Form

SOUTHEAST MISSOURI
STATE UNIVERSITY · 1873

NAME:

DEPARTMENT:

What is the purpose of the Financial Conflict of Interest (FCOI) Screening & Disclosure process? To provide a reasonable expectation that the design, conduct, and reporting of research and educational activities funded through external sponsoring agencies is free from bias resulting from financial conflicts of interest.

What am I required to do? Disclose to the designated institutional official(s) your **significant financial interests** (and those of your spouse/domestic partner and dependent children) that **reasonably appear related to your institutional responsibilities**.

What do we mean by “financial interest”? Anything of monetary value, whether or not the value is readily ascertainable.

What are the thresholds to determine if a financial interest is “significant”? A significant financial interest exists if the value of any remuneration received from an entity* in the 12 months preceding the disclosure, when aggregated, reaches the thresholds set forth in the Southeast Missouri State University FCOI policy. This screening and disclosure form will walk you through the applicable thresholds, as well as any exclusions to the reporting requirements.

What do we mean by “institutional responsibilities”? Your professional responsibilities on behalf of Southeast Missouri State University, which include: research, research consultation, teaching, professional practice, institutional committee memberships, and service on panels such as IRB, IACUC, or other monitoring boards.

Who must complete this form? Any project director or principal investigator and any other person, regardless of title or position, who is responsible for the design, conduct, or reporting of externally funded research and/or educational activities. This may include collaborators or consultants.

When must this form be completed? Prior to submission of a proposal for external funding for research or educational activities, when screening indicates that a potential conflict exists. Additionally, this form must be updated prior to expenditure of sponsored project funds, within 30 days of a new significant financial interests being acquired, and at least annually during the life of the award.

Who will have access to this form? This form will be available to designated institutional officials charged with monitoring the Southeast Missouri State University FCOI process, including the FCOI Review Officer. The information contained in the form will be reported to external entities to the extent and in the manner required by applicable regulations and the terms of the Southeast Missouri State University FCOI policy.

What if it is determined that my financial interests represent a potential Financial Conflict of Interest (FCOI) with my funded project? The Southeast Missouri State University FCOI Review Officer will work with you to establish an acceptable plan for managing the FCOI, and will monitor its implementation throughout the life of the award.

Where can I read the full FCOI policy? You can find the complete policy [here](#).

Prior to expenditure of external funds, the Southeast Missouri State University FCOI Review Officer will review any specific disclosures provided to determine whether the significant financial interest (SFI) could potentially bias the research or educational activities proposed. Please provide any relevant information in the “description” areas that may help the reviewer(s) understand how this SFI might relate to the research. Additional information may be requested if needed. It is the responsibility of the institution (not the individual) to determine whether a specific SFI relates to one’s research and poses a financial conflict of interest, and to develop an appropriate plan for managing such conflicts of interest.

REMEMBER: FOR EACH QUESTION BELOW, YOU ONLY NEED TO DISCLOSE SIGNIFICANT FINANCIAL INTERESTS THAT COULD REASONABLY APPEAR RELATED TO YOUR INSTITUTIONAL RESPONSIBILITIES.

1. *Interests in Publicly Traded Entities:* In the past 12 months, did the value of any remuneration received or financial interests held by you, your spouse/domestic partner, or dependent child reach an aggregated value of \$5,000 or more?
