Entrepreneurship (Online)

Master of Business Administration (MBA)

Today’s business world places new demands on business professionals not only to keep up with local and global change, but also to develop their leadership and interpersonal competencies required to work with people at all organizational levels. In addition, today’s managers must be able to:

- Address global opportunities, competition, and regulatory issues;
- Utilize the latest technology in production, controls, and communications; and
- Interact productively with internationally diverse customers, employees, and suppliers.

Southeast Missouri State University’s MBA program guides students through all aspects of business and supplies them with the knowledge to succeed in today’s business environment.

Accreditation

All of the programs within the Harrison College of Business hold the prestigious accreditation of the AACSB International, an honor held by only 5 percent of business programs worldwide. Accreditation by the Network of International Business Schools (NIIBS) recognizes us for "deep" internationalization of all facets of our business program. Only four institutions in the United States have received this distinction. In addition, Southeast Missouri State University is fully accredited by the North Central Association of Colleges and Schools. University accreditation ensures a strong instructional environment for our programs.

Entrepreneurship students will...

- Open doors to better employment opportunities.
- Increase their lifetime earning potential by 50 percent.
- Get a promotion advantage.
- Enhance their management skills.
- Increase their confidence, maturity, and influence in the workplace.

Career Planning

Currently, 98 percent of Harrison College of Business graduates find employment within a year of graduation. A St. Louis Outreach Office, located in Chesterfield, Missouri, provides career exploration assistance, résumé critiques, interview tips, job search strategies and more. St. Louis Business Interview Days offers Southeast business students a one-of-a-kind interviewing and networking opportunity.
