XII. Methods of instruction

A combination of:
   Classroom lectures and discussions
   Classroom experiential exercises
   Tests/exams

XIII. Academic Policy Statement:
Academic honesty is one of the most important qualities influencing the character and vitality of Southeast Missouri State University. Academic dishonesty is defined to include those acts which would deceive, cheat, or defraud so as to promote or enhance one's scholastic record. It includes: academic misconduct, dishonesty, plagiarism and cheating or knowingly or actively assisting another person in doing the same. Violations of academic honesty represent a serious breach of discipline and may be considered grounds for disciplinary action, including dismissal from the University. Students are responsible for upholding the principles of academic honesty as they would any other professional and ethical standard. Refer to: http://www6.semo.edu/judaffairs/code.html

Note: Faculty may add specific sanctions regarding academic dishonesty within the parameters outlined in the University Policy for Academic Honesty.

XIV. Students with Disabilities Statement:
If a student has a special need addressed by the Americans with Disabilities Act (ADA) please notify the instructor at the beginning of the course. You must register as a student with a disability in the office of Learning Assistance Programs and Disability Support Services in University Center Room 302 or at 651-2273. It is the responsibility of the student to notify the instructor prior to requesting reasonable accommodation. Failure to
do this may result in not receiving the requested accommodation. Refer to:
http://www.semo.edu/cs/services/disability.htm

XV. Civility, Respect and Classroom Etiquette:
The University strives to offer learning experiences and opportunities designed to help
students think effectively, develop the capacity to communicate, differentiate values, and
make relevant judgments. To do this successfully, many times multiple perspectives will
be presented; some of which may represent points of view on which everyone will not
agree. A successful educational experience requires a shared sense of respect among and
between the students, the instructor and various points of view.

Further, it is to be expected that the instructor will treat all students with dignity and
respect – it is also expected that the students will treat both the instructor and other
students with this same respect. In order to facilitate this process more effectively,
students are asked the following: 1) before class turn off all pager and cell phones; 2)
refrain from text messaging during class; 3) avoid distracting behavior (e.g. popping
gum, noisy eating, clipping fingernails); 4) minimize side conversations; and, 5) maintain
respectful interactions. Finally, personal harassment of any kind will not be tolerated.

XVI. Counselor Dispositions
Counselor Dispositions, as assessed within Counselor Education are guided by the central
core of the Counseling Conceptual Framework. The beliefs and attitudes related to the
areas of competence, reflection and caring, are the guiding influence with the eight
foundational counselor dispositions assessed throughout the program. These are: 1)
Genuineness, 2) Congruence, 3) Non-judgmental Respect, 4) Emotional Awareness, 5)
Ethical Understanding, 6) Concreteness, 7) Empathy, and 8) Professional Commitment.
See Student Handbook.

XVII. Knowledge Base References:
An online Knowledge Base is maintained on the Program website. See
