We have made every effort to be accurate in our listings and apologize if any mistake or omission has been made. Should you find an error, please contact us at 573-651-2332

For 151 years, Southeast Missouri State University has transformed lives and launched careers. We’ve prepared doctors and nurses, farmers and filmmakers, scientists and social workers, actors and actuaries, educators and entrepreneurs. For a century and a half, we have been helping people find their paths and fulfill their dreams of a brighter future.

Southeast has progressed and changed a great deal in its history, but so much of who we are and what we do remains constant. We take pride in working hard, doing what’s right, and striving for success. We work hard to give every student the support they need to reach their potential in life and work. It’s a relentless pursuit, an unwavering commitment.

Because of your support of Southeast Missouri State University, we know you share in our commitment to students.

Your support eases the financial burden of students pursuing their degree, allows students to attend academic conferences and gain valuable hands-on professional learning opportunities that will show future employers they are career ready. You help us ensure students are learning on the technology and equipment they will find awaiting them in their careers.

In summary, your support helps us transform the lives of our students and their families through education.

We thank you for your dedicated support. You are partners in our progress, and we value your commitment.

Sincerely,

A handwritten signature in black ink, appearing to be "John G. ...".

President
Southeast Missouri State University

Pictured are: Dr. Vargas and Michelle and Joe Hobbs at the 2024 President's Council event.

the PRESIDENT'S COUNCIL

The President's Council is comprised of individuals and corporations who are investors in the success of Southeast Missouri State University. Their legacy is reflected in the accomplishments and achievements of Southeast's students. Their commitment to Southeast has led these alumni and friends to make cumulative gifts of \$20,000 or more as individuals and \$50,000 or more as corporations. It is with deep gratitude that we honor all members of The President's Council.

the HORIZON CLUB

The Horizon Club members are individuals who have provided for future Southeast students through wills, trusts, annuities, life insurance policies, or other planned gift arrangements. We fondly remember alumni and friends whose planned gifts have come to fruition and are now changing the lives of Southeast's students, and ultimately, the world. It is with deep gratitude that we honor all members of the Horizon Club.

Lillian's Legacy SOCIETY

Lillian's Legacy is a prestigious giving society dedicated to honoring the remarkable commitment of Lillian Boly, a devoted alumna who

selflessly supported Southeast Missouri State University for an astounding 45 consecutive years prior to her passing in 2022.

Lillian's spirit of steady support and continuous giving to SEMO serves as a guiding light for *Lillian's Legacy* members. Her inspiring story will be shared to inspire current and future donors to be part of this extraordinary group, collectively leaving a transformative mark on SEMO's growth, sustainability, and the success of its students.

Lillian's unwavering dedication and its impact on the University has inspired this exclusive society to recognize and celebrate individuals who follow in her footsteps by making consistent, annual contributions to SEMO.

It is with deep gratitude that we honor our consecutive givers who have given for 20 or more years (through calendar year 2023).

the COPPER DOME SOCIETY

Members of the Copper Dome Society give \$250 or more during the fiscal year (July 1, 2023 to June 30, 2024). These individuals demonstrate their commitment and leadership by enabling students to receive scholarships, the latest classroom technology, and experiences outside of the classroom which are so vital for learning today.

It is with deep gratitude that we honor all members of the Copper Dome Society.

our CORPORATE SPONSORS

Southeast Missouri University Foundation works with many regional partners to support the needs of Southeast Missouri State University. These partners are a testament to the power of collaboration. They share a commitment to drive innovation, progress, and success. It is with deep gratitude that we recognize our Corporate Sponsors who supported us in 2023-24.

2024 FRIEND *of* THE UNIVERSITY

The Friend of the University Award is the highest honor bestowed by the Southeast Missouri University Foundation. Recipients of this honor must have the respect of the community and the University and must have acted to confirm their interest and involvement with the University.

J. David Blakemore was recognized as the 2024 Friend of the University at the Sesquicentennial Ball on Saturday, April 6, 2024.

“David is an alumnus of SEMO who continually works to make us better,” said SEMO President Dr. Carlos Vargas. “He serves on the Harrison College of Business and Computing Advisory Committee to ensure our curriculum aligns with contemporary industry standards and best practices. He lends his thought leadership to the University, particularly through the Blakemore Family Business Initiative which he established with SEMO in 2021.”

The Blakemore Family Business Initiative is an endowment that provides business students opportunities including research and resources focusing on family business ownership, growth and succession planning. The Blakemore Initiative funds a series of speakers by industry experts. Students may also receive support through experiential learning opportunities, access to conferences and collaborations with entrepreneurial programs.

Blakemore is president of Blakemore Cotton and Grain, his family’s business. Blakemore began working for his father when he was in the fourth grade. They worked together for over 45 years.

Blakemore graduated from SEMO with a Bachelor of Science in business administration in 2010 and a Master of Business Administration with an emphasis in finance in 2015. He currently serves on the Southeast Missouri University Foundation Board of Directors. He has served the ginning industry in a number of capacities, including a term as president of the National Cotton Ginners Association, during which time he also served as an executive committee member of the National Cotton Council (NCC).

Blakemore serves as chair of the NCCs Cotton Flow Committee, which sets policy for the raw cotton supply chain throughout the United States and enhances the industry’s ability to deliver U.S. cotton globally.

In 2018, Blakemore was elected president of the Missouri Cotton Growers Organization and was reappointed to the same organization by Gov. Mike Parson. The Missouri Cotton Growers Organization is the quasi-governmental entity responsible for Boll Weevil eradication in Missouri. This organization is instrumental in reducing pesticide use and aiding Missouri cotton growers’ sustainability and profitability efforts.

He has served nationally and internationally on the Boards of Directors for Ducks Unlimited, Inc., Ducks Unlimited Canada and Ducks Unlimited de Mexico.

Blakemore and his wife, Carolyn, have established scholarships for undergraduate and graduate students at SEMO.

“Being selected as Friend of the University is an unexpected honor,” said Blakemore. “Cape has always been a second home to me, and SEMO is a great part of that. I loved my instructors. I got so much from all of them, and I use my education in some form every day. Supporting Southeast is the least I could do for other students starting their college and career journeys.”

TRANSFORMING **LIVES**

With *Transforming Lives*, we are modernizing Southeast Missouri State University in terms of academics, athletics, technology, and facilities. **The importance of your involvement cannot be overstated** – our success is almost entirely due to your support, involvement, and generosity.

ACADEMICS

FORWARD-LOOKING FOR PROMISING CAREERS

As a forward-looking University, we always align our academic programs to what the region, market, and world need. But the world is changing, and *Transforming Lives* will provide the resources to further strengthen both academic offerings and experiential learning needed to connect our hard-working students with tomorrow's careers today.

TECHNOLOGY

CAMPUS-WIDE 21ST CENTURY LEARNING

To continue to serve our students personally – and remain relevant academically – we must invest in technology. Technology powers our research, our classrooms, and our career simulators. To provide for the future of learning, we need to modernize and expand our technological infrastructure.

FACILITIES

MODERNIZING CLASSROOMS AND LEARNING SPACES

In order to meet our commitments to student-centered experience and hands-on learning, we train students for careers in buildings, labs, and spaces made for the respective fields of study. *Transforming Lives* will allow us to modernize facilities and create the space to grow key programs crucial for the future of work.

ATHLETICS

WITH OPPORTUNITIES FOR ALL STUDENTS

The modern American University experience includes the enjoyment and character formation found in all manner of athletic competition. Our intramural and scholarship sports programs enrich the lives of our students, and also deepen the affection for – and involvement with – our alumni and the community at large.

CAMPAIGN STEERING COMMITTEE

Dr. Janet Ruopp (Co-Chair)

SESQUICENTENNIAL Ball

The Sesquicentennial Ball was a remarkable success, drawing an audience of more than 1,000 to the Show Me Center. Through a combination of gala sponsorships, ticket sales, and auction proceeds, the University Foundation raised more than \$533,000. These funds will directly support student scholarships, providing critical financial assistance to help students achieve their educational goals. The event brought together alumni, donors, faculty, staff, and community members, all of whom enjoyed an evening of celebration, reflection, and giving. The Foundation's ability to raise such a substantial sum underscores the commitment of our supporters and the enduring legacy of SEMO in the region.

\$533,000+
RAISED FOR SCHOLARSHIPS

Thank you for your support.
