

Information Technology Committee AY2020

Charge: To do long-range planning relating to computer, cable, and telephone systems throughout the institution and to make recommendations regarding the future development and integration of these systems University-wide.

Membership: A faculty representative from each college and Kent Library will be nominated by the deans. (Per Faculty Handbook policy, "Faculty members who serve full terms on University Standing Committees cannot succeed themselves.") Other members include one representative each from Finance and Administration, Enrollment Management and Student Success, University Advancement/Foundation to be nominated by the respective Vice Presidents; one representative nominated by the Dean of Students; one representative each from the Professional Staff Council and the CTS Staff Council to be nominated by the respective councils; and two student representatives to be nominated by the President of Student Government. Faculty and staff serve three-year terms. Students serve one-year terms. All nominees are appointed by the Vice President of Finance and Administration.

Reports to: Vice President for Finance & Administration
