

Graduate Assistant Position
Department of Mathematics

The Department of Mathematics is hiring two Graduate Assistants for AY2023-24. Qualified and interested students who are continuing their studies at Southeast as graduate students are invited to apply.

Details of the position can be found below. If you are interested and would like to apply, please submit a CV/resume with a cover letter and three references to Dr. Emmanuel Thompson at ethompson@semo.edu by April 14, 2023. Please make the subject of your email "Department of Mathematics GA Position 2023-24."

The Department of Mathematics graduate assistant position is a full-time (20 hours per week) assistantship. The position is a nine-month position, subject to renewal based on performance and requirements outlined in the GA Handbook.

Qualifications:

- Applicant must be currently admitted or enrolled in a graduate degree program within Southeast Missouri State university. Degree areas preferred include mathematics, statistics, actuarial science, computer science, physics, engineering or other STEM field, or education. Other degree areas may be considered as need warrant.
- Maintain full-time and good academic status.
- Commitment to making the learning success of students the central concern of relationships with them.
- Excellent interpersonal, written, and oral communication skills.
- Demonstrated commitment to working with multi-cultural populations and awareness of issues affecting women and minorities.
- The preferred applicant will demonstrate strong mathematical knowledge.

Assistantship Duties:

1. Assist in lower division courses by attending classes, helping the instructor answer questions during class, and assisting students with Lumen Learning.
2. Provide tutoring and extra homework help for courses up through the Calculus sequence in the Mathematics Learning Centers and Zoom.
3. Teach lab courses under a supervisor.
