

Bachelor of Science in Athletic Training (BSAT)

Athletic Training

The Athletic Training Education Program (ATEP) is committed to provide both academic and clinical education for athletic training majors. The ATEP believes that a student's clinical experiences should supplement a challenging athletic training core curriculum. The core curriculum is based on the required subject matter meeting Commission on Accreditation of Athletic Training Education (CAATE) Standards and competencies set forth by the National Athletic Trainers' Association (NATA).

Faculty in athletic training foster an open learning environment in the classroom and in clinical settings. Our philosophy is to instill a strong ethical and moral ideology that encourages professionalism and personal growth. The program exposes students to various allied health professions and encourages students to pursue continued education and research.

Athletic Training students will...

- Work alongside professionals in the field with an actual patient population.
- Be prepared for the Board of Certification exam. Southeast Missouri State University ATEP has a 78% first time pass rate.
- Demonstrate an understanding of; injury prevention, clinical evaluation and diagnosis, emergency care, treatment and rehabilitation, administration and organization
- Have the opportunity to attend state and national conferences for the profession of athletic training
- Work with the most up-to-date therapeutic modalities and rehabilitation equipment in both laboratory and clinical settings.

Career Planning

Career preparation is part of the mission of Southeast. 100% of programs offer our students an internship, study-abroad program, clinical opportunity, student teaching or research internship.

Currently, 100% of our recent graduates are employed or continue on to graduate school within one year of graduation.

The Office of Career Services in Academic Hall 057 can provide students with professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001	First Semester	Students connect academic career planning by completing an online career assessment
CL002	Second Semester	Students learn more about resources available to enhance academic and career planning
CL003	Junior Year	Students learn about continued career planning, job search strategies, and networking
CL004	Senior Year	Students learn about resume development, professional communication, interviewing, and transitioning to the first job from college
