

Bachelor of Science in Education (BSED)**Exceptional Child Ed: Early Childhood Special Education**

The Exceptional Child: Early Childhood Special Education program of study prepares future teachers to work with children in early childhood and elementary school settings. Exceptional Child: Early Childhood Special Education majors have multiple field-based courses where you will work in classrooms with infants/toddlers, preschoolers, and elementary aged children. You also have the opportunity to participate in Tomorrow's Teachers Learning Community, where you can take courses and live in a residential hall with other education majors. The Exceptional Child: Early Childhood Special Education program prepares students to use and integrate instructional technology across our curriculum. Exceptional Child: Early Childhood Special Education majors are "tech ready" as beginning teachers, with both Google Educator and Apple Teacher certifications. Join our EDvolution of future educators!

**Becoming Career Ready...**

/ Students will be certified to teach and work with students with exceptional learning needs ages birth – 3rd grade upon successful completion of this program and licensure exams.

/ Students will also add on certification in Elementary Education (Grades 1 – 6).

/ Students integrate technology into the curriculum with the EDvolution one-to-one instructional technology program.

/ Students have the opportunity for student teaching abroad, including our partnership with Eagles College in Iquique, Chile.

/ BS Ed. students have opportunities for leadership in numerous student organizations.

/ Full-time faculty with experience in the classroom are the primary instructors of the curriculum.

/ The state of Missouri has high expectations for future educators. Students must maintain a 3.0 GPA in professional education courses. In addition, students must pass the MO Content Exam and the MO Educator Evaluation System for recommendation for licensure. Students must also fulfill other assessments such as a dispositions profile and be cleared through an FBI background check.

/ 100% of Southeast programs offer a real-world experience. Exceptional Child: Early Childhood Special Education students experience this through multiple field experiences in local classrooms. In addition, there are student teaching opportunities abroad.

/ The path to a successful career starts with you! You can maximize your career development by working closely with Career Services and Southeast faculty – they are here to help you connect your passions, interests and skills to jobs and opportunities in the field. Career Services provides professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities and more.

NOTE: This program meets the educational requirements for professional licensure and/or certification in Missouri. Please consult our State Authorization webpage, to determine information specific to your state:
