

Pre-Professional Program

Pre-Architecture

The purpose of the one-year pre-professional program is to provide preparatory educational experiences for those seeking to apply for admission to another University for the completion of a professionally accredited degree in architecture. The coursework provides an important opportunity for students to explore their interests and level of commitment before applying to an architecture school (but doesn't guarantee that all the courses will transfer). The courses are met as a foundation for students interested in an architecture program. Students will need to work closely with the school in which they plan to transfer to ensure optimal transferability of coursework.

The courses below are specifically geared to provide preparatory educational experiences for those seeking to transfer to Southern Illinois University at Carbondale for the completion of a professionally accredited degree in architecture. Upon completion of an approved sequence of courses, students should apply for admission to the School of Architecture preferably by March 1st (for fall admission).

Students who decide not to transfer could apply some courses from the pre-architecture curriculum to the Technology Management major, Construction Management and Design option.

PRE-ARCHITECTURE CURRICULUM CHECKLIST

- AR 100 Drawing I (3)
- AR 201 Color Composition (3)
- DS 111 Design Process (3)
- OR
- DS 220 Design Communications (3)
- EH 101 Early European Civilization (3)
- EH 103 Modern European Civilization (3)
- EN 100 English Composition (3)
- EN 140 Rhetoric and Critical Thinking (3)
- MA 116 Precalculus A (3)
- MA 117 Precalculus B (3)
- PH 120/020 Introductory Physics I (5)
- SC 105 Fundamentals of Oral Communications (3)

Transfer and Dual Credit Students

If you have dual credit or transfer credit, please visit our transfer course equivalencies guide at semo.edu/transfercredit.
