Tuesday, March 24: History Day Judges Needed

History Day is Tuesday, March 24 from 8:00 a.m. to 12 noon. This is an event where hundreds of students from area schools bring projects to campus (it's like a science fair, only for history). We will need judges for the contest again this year; it is a great way to network with teachers and interact with students, it looks good on your resume, and could even be an advantage in a job interview, as HD is pretty popular around here. Sign up to register as a judge on the [Southeast History Day](#) website or send Dr. Snyder an email at jmsnyder@semo.edu to let him know you can help out. If you have class at that time, many professors will excuse your absence to participate as long as you clear it with them first, and documentation will be provided by Dr. Courtney Kisat (ckisat@semo.edu).

There will be one study session for the secondary social studies MoCA exam on Friday, April 24 from 12:00 – 4:00 p.m. EHHS requires that all students pass the exam with the minimum required score of 220 before they will be placed in student teaching. Changes Coming to MOCA in Several Areas

In the fall of 2020 applicants for teacher certification in the following areas will have to pass revised certification exams (MOCAs): **Elementary Education, Biology Education, Chemistry Education, Earth Science Education, and Physics Education**. If you will be seeking certification in any of these areas, you must pass all parts of the current exam before next fall or you will have to take the new exam, even if you have passed most of the sections of the current exam. DESE has not provided an exact date for the implementation of these new exams, but August 1, 2020 is a conservative estimate. You will find information about both the current and revised exams on [this page](#).
