**INVITATION FOR BID 6025**

**AMENDMENT#2**

**A. The offeror is hereby notified that Invitation for Bid 6025 is clarified as follows:**

**Per the Trailer Description under the Scope of Work, Page 2 of IFB 6025**

- 1. Is it required that the wires run the length of the trailer?**
  - a. The wires are not required to run the entire length of the trailer. The mold should run the entire length of the trailer.
  
- 2. How many stub outs does there need to be?**
  - a. A dozen stub outs equally spaced is needed.
  
- 3. Would an alternative to propane be accepted?**
  - a. If an option is functionally equivalent or better than propane; the University would consider it.
  
- 4. Do the articulating triple monitor mounts for the four workstations along with the three flat screen monitors require the brackets and the monitors?**
  - a. Yes, brackets are required. The monitors are optional.
  
- 5. What locking system is needed?**
  - a. The base on the TD2 uses round tubing. The University just requires there is an easy way to attach things down to the floor.
