5. SUBMISSION OF BIDS

- a. All bids must (1) be signed by a duly authorized representative of the bidder's organization, (2) contain all information required by the IFB, (3) be priced as required, (4) be sealed in an envelope or container, and (5) be mailed or hand-delivered to the Purchasing Department and officially clocked in no later than the exact opening time and date specified in the IFB.
- b. Mailed bids should be clearly marked on the outermost envelope with (1) the official IFB number, and (2) the official opening date and time. Different bids should not be placed in the same envelope, although copies of the same bid may be placed in the same envelope.
- c. A bid which has been delivered to the Purchasing Department may be modified by signed, written notice which has been received by the Purchasing Department prior to the official opening date and time specified. A bid may also be modified in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone, telegraphic, email, or faxed requests to modify a bid shall not be honored.
- d. A bid which has been delivered to the Purchasing Department may only be withdrawn by a signed, written notice or facsimile which has been received by the Purchasing Department prior to the official opening date and time specified. A bid may also be withdrawn in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or e-mail requests to withdraw a bid shall not be honored.

- e. Bidders must sign and return the IFB cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the bidder of all IFB terms and conditions. Failure to do so may result in rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- f. Faxed bids shall not be accepted unless otherwise indicated on the IFB cover sheet. However, faxed and e-mailed no-bid notifications shall be accepted.

6. BID OPENING

- b. Bids which are not received in the Purchasing Department prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Under extraordinary circumstances, the Purchasing Department may authorize the opening of a late bid. The following guidelines may be utilized to determine the criteria for an extraordinary circumstance: (1) University offices were closed due to inclement weather conditions or other unforeseen reasons, and (2) postal or courier services were delayed due to labor strikes or unforeseen "Acts of God".

7. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the Purchasing Department before contract award. Upon discovering an apparent clerical error, the buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are (1) misplacement of a decimal point, and (2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed to be in the best interest of the University.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the University. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the University.
- d. Award shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the IFB, (2) is the lowest or best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB, and (3) complies with Sections 34.010 and Executive Order 04-09.
- e. In the event all bidders fail to meet the same mandatory requirement in the IFB, the University reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the University reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The University reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, the University may negotiate for the required supplies.
- g. When evaluating a bid, the University reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the Purchasing Department to the successful bidder. The Purchasing Department reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by the Purchasing Department based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the University.
- j. All bids and associated documentation which were submitted on or before the official opening date and time will be considered open records pursuant to Section 610.021 RSMo following the official opening of bids.
- k. The Purchasing Department reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.

8. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) University's acceptance of the response (bid) by "notice of award" or by "purchase order." All Attachments included in the IFB shall be incorporated into the contract by reference.

- c. A notice of award issued by the University does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the University, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the University.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Purchasing Department or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

9. INVOICING AND PAYMENT

- a. The University does not pay state or federal taxes unless otherwise required under law or regulation. The University's Missouri sales tax exemption number is 10124128.
- b. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the University.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- e. The University assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the University's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the University shall be subject to late payment charges as provided in Section 34.055 RSMo.

10. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

11. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by the University pursuant to a contract shall be deemed accepted until the University has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The University reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The University's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the University may have.

12. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the University, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the University's acceptance of or payment for said equipment, supplies, and/or services.

13. CONFLICT OF INTEREST

- a. Officials and employees of the University, its governing body, or any other public officials of the State of Missouri must comply with Sections 105.452 and 105.454 RSMo regarding conflict of interest.

- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

14. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the University of any existing or future right and/or remedy available by law in the event of any claim by the University of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the University of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the University.

15. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the University may cancel the contract. At its sole discretion, the University may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide the University, within 10 working days from notification, a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the University will issue a notice of cancellation terminating the contract immediately.
- c. If the University cancels the contract for breach, the University reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the University deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the University for any period in which funds have not been appropriated, and the University shall not be liable for any costs associated with termination caused by lack of appropriations.

16. COMMUNICATIONS AND NOTICES

Any notice to the bidder/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, posted to the University's website, transmitted by facsimile, transmitted by e-mail, or hand-carried and presented to an authorized employee of the bidder/contractor.

17. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the Purchasing Department immediately.
- b. Upon learning of any such actions, the Purchasing Department reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

18. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the University, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

19. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, ethnicity, religion, national origin, sex, sexual orientation, gender identity, age, genetic information, disability, or protected veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;

- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, the University shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the University until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

20. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).
