

AppleCare +

Description:

Every iPad comes with hardware repair coverage. AppleCare covers 2 incidents of accidental damage. The first time this happens, you will be charged \$75. The second incident will cost \$150. The third time, however, your account will be billed the replacement cost, according to your contract.

Note:

AppleCare only covers iPad replacement needed because of damage. It does not cover accessories. If your iPad is damaged, you will get a replacement the same day. Replacement equipment may be new or equivalent to new in both performance and reliability.

If your iPad is lost or stolen, you will be responsible for paying the \$737 replacement fee.
