VIII. **Accessibility Statement:**

Southeast Missouri State University and Disability Support Services remain committed to making every possible educational accommodation for students with disabilities. Many services and accommodations which aid a student’s educational experience are available for students with various types of disabilities. It is the student’s responsibility to contact [Disability Support Services](#) to become registered as a student with a disability. Accommodations are implemented on a case by case basis.

IX. Civility Statement

Every student at Southeast is obligated at all times to assume responsibility for his/her actions, to respect constituted authority, to be truthful, and to respect the rights of others, as to respect private and public property. In their academic activities, students are expected to maintain high standards of honesty and integrity and abide by the University's Policy on Academic Honesty. Alleged violations of the Code of Student Conduct are adjudicated in accordance with the established procedures of the judicial system.

X. Academic Honesty Statement:

Academic honesty is one of the most important qualities influencing the character and vitality of an educational institution. Academic misconduct or dishonesty is inconsistent with membership in an academic community and cannot be accepted. Violations of academic honesty represent a serious breach of discipline and may be considered grounds for disciplinary action, including dismissal from the University. Academic dishonesty is defined to include those acts which would deceive, cheat, or defraud so as to promote or enhance one's scholastic record. Knowingly or actively assisting any person in the commission of an above-mentioned act is also academic dishonesty. Students are responsible for upholding the principles of academic honesty in accordance with the "University Statement of Student Rights" found in the [STUDENT HANDBOOK](#). The University requires that all assignments submitted to faculty members by students be the work of the individual student submitting the work. An exception would be group projects assigned by the instructor. In this situation, the work must be that of the group. Academic dishonesty includes:

Plagiarism. In speaking or writing, plagiarism is the act of passing someone else's work off as one's own. In addition, plagiarism is defined as using the essential style and manner of expression of a source as if it were one's own. If there is any doubt, the student should consult his/her instructor or any manual of term paper or report writing. Violations of academic honesty include:

1. Presenting the exact words of a source without quotation marks;
2. Using another student's computer source code or algorithm or copying a laboratory report; or
3. Presenting information, judgments, ideas, or facts summarized from a source without giving credit.

Cheating. Cheating includes using or relying on the work of someone else in an inappropriate manner. It includes, but is not limited to, those activities where a student:

1. Obtains or attempts to obtain unauthorized knowledge of an examination's contents prior to the time of that examination.
2. Copies another student's work or intentionally allows others to copy assignments, examinations, source codes or designs;
3. Works in a group when she/he has been told to work individually;
4. Uses unauthorized reference material during an examination; or

5. Have someone else take an examination or takes the examination for another

XI. Basis for Student Evaluations:

a. For all students:

i. Late Submissions Policy:

Late work will not be accepted or graded. Students who submit assignments or Forum posts past the deadline will receive a grade of 0 points. If you do not complete a quiz or exam in the time frame that the quiz/exam is open, you will receive a 0.

ii. Weekly Quizzes

Weekly quizzes are designed to help students retain the information that they have learned from their readings, course videos, and discussions. Quizzes also help students prepare for their exam. All quizzes will be timed. Once a question is answered (or skipped), students will not be able to go back to the question.

iii. Weekly Forum Discussions – Video and Text

Students are required to participate in weekly forum discussions. At least half of the forums will require video presentations. Students will receive feedback from each other as well as the instructor. Initial posts are required by Friday at 11:55pm each week, and students are required to respond to at least 2 posts by the following Monday at 11:55pm.

iv. Final Exam

Student will complete one comprehensive exam to synthesize the information that they have learned throughout the semester.

v. Graduate Student Presentation

Graduate students will prepare a brief presentation, describing an ethical dilemma, the relevant ethical code(s), and possible solutions. The presentation should last no longer than 15 minutes. Additional guidelines will be provided.

COMPONENT EVALUATION CHART AB 403/603

This is a tentative plan for the semester; however, your instructor has the right to add, remove, or change assignments throughout the semester.

Component Description	Points	Due Date
Forum Discussions (5 x 10 points each)	50	Fri: Original Post Mon: 2 Replies
Quizzes (10 x 10 points each) (1 per Code Section)	100	Wednesdays 11:55pm
Final Exam (100 points) (comprehensive)	100	Week 8 (Friday)
Graduate Student Presentation	50	Week 7
Total Points:	Undergraduate 250	Graduate 300

Grades are calculated by dividing the total points earned in the semester by the total points available in the semester and then multiplying by 100. For example, an undergraduate student who earned 185 points in the semester, when there were 200 points possible, would calculate his/her grade like this: $185 \div 200 = .925 \times 100 = 93\%$. This student would receive an A for the semester.

b. Undergraduate Student Evaluation***:

Grading Scale: 90-100%=A 80-89% = B 70-79% = C 60-69% = D 59 or less=F
--

*** **Important:** If you are interested in becoming a BCaBA, taking this course at the undergraduate level is appropriate. If you are interested in becoming a BCBA, please speak with your instructor about taking this course at the Graduate Level. Please read the FAQ from the BACB about becoming a BCaBA and then "upgrading" to a BCBA to avoid needing to retake courses. <http://www.bacb.com/index.php?page=6#43>
