

## 9- Line MEDEVAC

## PRACTICAL EXERCISE SHEET 1

---

### SAMPLE SCENARIO

Situation: You are participating in an exercise and you are located at grid coordinates EG 05959122 near the end of a dirt road in a flat area surrounded by swamps. You must request medical evacuation for two Soldiers from your unit. The call sign you use is X69 and the frequency is 36.90. One casualty has a shrapnel wound to the chest with difficulty breathing and the other has a fracture of the right arm. Medical personnel state that the first casualty needs a ventilator and immediate surgery and the other casualty is routine. Contact with the enemy has been limited for the past 8 hours but there may be some hostile troops in the area. No CBRN contamination has been detected in the area. Smoke will be used to mark the location.
