Independent Auditors' Report

Board of Regents
Southeast Missouri State University
System Facilities
Cape Girardeau, Missouri

Report On The Financial Statements

We have audited the accompanying financial statements of the business-type activities of Southeast Missouri State University System Facilities, (the System Facilities) of Southeast Missouri State University (the University), a component unit of the State of Missouri, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the System Facilities as of June 30, 2014, and its changes in financial position and cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Financial Reporting Entity

As discussed in Note 1, the basic financial statements of the System Facilities are intended to present the financial position, changes in financial position, and cash flows of only that portion of Southeast Missouri State University that is attributable to the System Facilities. They do not purport to, and do not, present fairly the financial position of Southeast Missouri State University as of June 30, 2014, and its changes in financial position and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2, in 2014 the System Facilities adopted GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the System Facilities' basic financial statements. The schedules of insurance coverage, enrollment and fees, room and board costs - five-year trend, student composition – university housing system, housing occupancy and university residence hall capacities as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis of Southeast Missouri State University System Facilities' (the System Facilities) basic financial statements provides an overview of the System Facilities' financial performance during the year ended June 30, 2014. The Management's Discussion and Analysis is designed to focus on current activities and resulting changes, and should be read in conjunction with the System Facilities' basic financial statements and footnotes.

Using This Report

This report consists of a series of basic financial statements, prepared in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis-for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis - for Public Colleges and Universities*. The Statement of Net Position includes the assets, liabilities, deferred inflows and outflows of resources, and net position of the System Facilities as of the end of the fiscal year. The Statement of Net Position is a point of time financial statement. It is prepared under the accrual basis of accounting, whereby assets are recognized when the service is provided and the liabilities are recognized when others provide the service, regardless of when cash is exchanged.

The Statement of Revenues, Expenses, and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as operating, nonoperating or other. The utilization of long-lived assets, referred to as Capital Assets, is reflected in the basic financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

The Statement of Cash Flows presents the System Facilities' inflows and outflows of cash. The primary purpose of the Statement of Cash Flows is to provide information about the System Facilities' cash receipts and payments summarized by operating, capital and related financing, noncapital financing and investing activities.

Unrestricted	7,851,654	11,177,587
Total net position	<u>\$ 53,142,044</u>	<u>\$ 54,303,468</u>

Current assets consist primarily of cash and cash equivalents and inventories. Current assets totaled \$18.59 million at June 30, 2014, a decrease of approximately \$26.38 million from the \$44.97 million total current assets at June 30, 2013. The decrease is related to the use of repurchase agreement funds for construction of a new student housing facility and a new chiller plant. Total assets decreased approximately \$6.68 million from \$195.01 million at June 30, 2013 to \$188.33 million at June 30, 2014.

Current liabilities consist primarily of accounts payable, accrued interest payable and unearned income. Current liabilities totaled \$10.73 million at June 30, 2014, a decrease of approximately \$1.25 million from the \$11.98 million total current liabilities at June 30, 2013. Current liabilities also include the current portion of bonds and notes payable.

Noncurrent liabilities consist of long-term debt, which totaled \$131.40 million at June 30, 2014 and \$136.27 million at June 30, 2013.

Total net position	\$ 53,142,044	\$ 54,303,468

Following is a breakdown of net position at June 30, 2014:

Net investment in capital assets represents the System Facilities’ capital assets net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets. Net investment in capital assets increased approximately \$0.98 million from \$41.72 million at June 30, 2013 to \$42.70 million at June 30, 2014. The increase is primarily due to the construction of new student housing.

**SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (*Continued*)

Total revenues for fiscal years 2014 and 2013 were \$28.83 million and \$30.48 million, respectively. The most significant sources of revenue for the System Facilities are housing contracts, student fees, and textbook rentals. Other operating revenue, which increased approximately \$370,000 from \$1.75 million in fiscal year 2013 to \$2.12 million in fiscal year 2014, includes revenue from capital project reimbursements, camps, conferences and coin operating campus sales.

Following is a graphic illustration of revenue by source for fiscal year 2014:

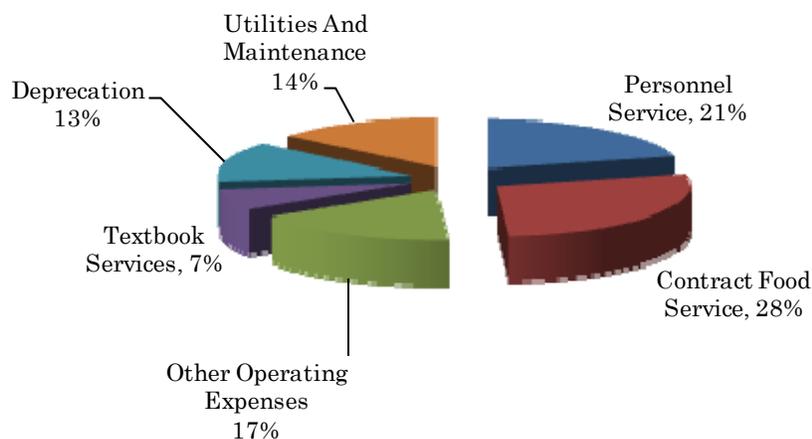

Operating expenses of the System Facilities totaled \$24.26 million for the fiscal year ended June 30, 2014 and \$27.31 million for the fiscal year ended June 30, 2013. Personal service costs and contract food service costs accounted for 49% of the total operating expenses in fiscal year 2014 and 42% of the total operating expenses in fiscal year 2013.

Management's Discussion And Analysis (*Continued*)

Following is a graphic illustration of operating expenses by source for the period ended June 30, 2014:

Capital Assets

At June 30, 2014 and 2013, the System Facilities' investment in capital assets totaled \$169.74 million and \$150.04 million, respectively, as follows:

	<u>2014</u>	<u>2013</u>
Buildings and improvements	\$ 169,103,538	\$ 142,772,503
Land	476,467	476,467

Management's Discussion And Analysis (*Continued*)

Additional information in Capital Assets can be found in Note 4 of the financial statements.

Bonds And Notes Payable

The System Facilities had outstanding bonds of approximately \$135.71 million and \$139.89 million at June 30, 2014 and 2013, respectively. During fiscal year 2013, bonds of \$84.61 million were issued for construction of student housing, educational and performance facilities at the University's River Campus and advanced refunding of Series 2006A and Series 2008 bond issues. The advanced refunding decreased the University's total debt service payments by \$9.71 million and resulted in an economic gain of \$ 3.19 million.

The System Facilities also has a note payable to the University's contracted food service provider of \$0.43 million and \$0.46 million at June 30, 2014 and 2013, respectively.

Additional information on Bonds and Notes Payable can be found in Notes 7 and 8 of the financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

1. Organization

The basic financial statements include the accounts of Southeast Missouri State University (the University) established by the terms of the bond resolution for the System Facilities Revenue Bond Series 2006A dated May 10, 2006 (which were partially defeased as of February 28, 2013 and fully paid off in 2014), the System Facilities Revenue Bond Series 2011 dated March 31, 2011, the System Facilities Revenue Bond Series 2011B dated December 22, 2011 and the System Facilities Revenue Bond Series 2013A and 2013B dated February 28, 2013. The basic financial statements reflect only the assets, liabilities, net position, and revenues and expenses of the System Facilities.

The System Facilities is composed of the Housing System, the Student Union facility (University Center), the Student Recreation Center, the Aquatic Center, the Outdoor Recreation Fields and the Parking and Transit System. The Housing System is composed of all residence halls and related dining facilities, including Dearmont Quadrangle, Myers Hall, Cheney Hall, Group Housing, the Towers High Rise Housing, Vandiver Hall, Merick Hall, Henderson Hall, LaFerla Hall and one new residence hall currently under construction. The University Center includes the operations of the University Bookstore and textbook rental. Revenue derived from the operation of these facilities is pledged for the retirement of the outstanding Series 2011, Series 2011B and Series 2013A and 2013B bonds and payment of interest thereon semi-annually on April 1 and October 1.

2. Basis Of Accounting And Presentation And Summary Of Significant Accounting Policies:

Basis Of Accounting And Presentation

The basic financial statements of the System Facilities have been prepared using the economic resource measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for publicly owned colleges and universities and is presented in accordance with the reporting model as prescribed in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements - Management's Discussion and Analysis for Public Colleges and Universities*. The System Facilities follows the "business-type" activities requirements of GASB Statement No. 34.

Notes To Financial Statements (*Continued*)

Summary Of Significant Accounting Policies

Cash And Cash Equivalents

These assets represent all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents and restricted cash and cash equivalents are combined on the statement of cash flows and represent cash and repurchase agreements.

Investments

Investments are stated at fair value as determined by quoted market prices. All investments are stated at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Under the terms of the bond resolution, available funds in any of the accounts established pursuant to the terms of the bond resolutions may be invested in any lawful investment as described in the bond resolutions.

Inventories

Inventories consist of textbooks available for student rental. Textbook inventories are recorded at the lower of cost (using the first-in, first-out method) or market (net realizable value).

Capital Assets

Physical properties are recorded at cost or, when donated, at fair market value at date of gift. All financially significant building and infrastructure additions and improvements are capitalized if the life of the capital asset is extended. Depreciation is computed using the straight-line method, with a full-year expense in the year after acquisition and partial depreciation through the month of disposition. Capital assets are depreciated over the estimated useful lives as follows:

Capital Assets	Years
Building and improvements	10 to 50
Infrastructure	10 to 50

When capital assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts.

SOUTHEAST MISSOURI STATE UNIVERSITY SYSTEM FACILITIES

Notes To Financial Statements (*Continued*)

Compensated Absences

System Facilities employees earn vacation benefits based, in part, on length of service. Vacation pay is fully vested when earned. Upon separation from service, employees are paid accumulated vacation pay based upon the nature of separation (death, retirement or termination). Certain limitations have been placed on the hours of vacation that employees may accumulate and carry over for payment at termination, retirement or death. Unused hours exceeding these limitations are forfeited.

Net Position

Resources are required to be classified for accounting and reporting purposes into the following three net position categories:

- *Net investment in capital assets*: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

- *Restricted*:

Nonexpendable - Net position subject to externally imposed stipulations that the System Facilities maintain them permanently.

Expendable - Net position whose use by the System Facilities is subject to externally imposed stipulations that will be fulfilled by actions of the System Facilities pursuant to those stipulations or that expire by the passage of time.

- *Unrestricted*: Net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Regents or may otherwise be limited by contractual agreements with outside parties. A portion of unrestricted net position is designated for investment in inventories.

The University first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net position are available.

SOUTHEAST MISSOURI STATE UNIVERSITY SYSTEM FACILITIES

Notes To Financial Statements (*Continued*)

Eliminations, Discounts And Allowances

In preparing the basic financial statements, the System Facilities eliminates inter-fund assets and liabilities that would otherwise be reflected twice in the statement of net position. Similarly, revenues and expenses related to internal service activities are also eliminated from the statement of revenues, expenses, and changes in net position. Student tuition and fee revenues are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position

Operating And Nonoperating Revenues

The System Facilities' policy for defining operating activities as reported on the statement of revenues, expenses, and changes in net position are those that generally result from exchange transactions such as payments received for providing services and payments made for services or goods received. Operating revenues include various auxiliary services, such as housing and various general fees. Nearly all of the System Facilities' expenses are from exchange transactions. Certain revenue streams relied upon for operations are recorded as nonoperating revenues, as defined by GASB Statement No. 34. Nonoperating revenues include revenues from activities that have the characteristics of nonexchange transactions such as investment income.

Unearned Income

Unearned income consists primarily of summer school general fees not earned during the current year.

Deferred Outflows And Inflows Of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period or periods and so will not be recognized as an outflow of resources until that time. At June 30, 2014, the University's deferred outflows of resources consist of deferred amounts on refunding of bonds payable, which results from the difference between the reacquisition price of refunded debt and its carrying value. This amount is deferred and amortized over the shorter of the refunding or refunded debt.

In addition to liabilities, the statement of net position may report a separate section for deferred inflows of resources. Deferred inflows of resources consist of the acquisition of net position that is applicable to a future reporting period or periods and so will not be recognized as an inflow of resources until then.

**SOUTHEAST MISSOURI STATE UNIVERSITY
SYSTEM FACILITIES**

Notes To Financial Statements (*Continued*)

Bond Premiums And Discounts

Premiums and bond discounts on bonds payable are amortized over the life of the bond based on a method that approximates the effective interest rate method. For the year ended June 30, 2014, amortization related to bond premiums and bond discounts was \$183,129 and \$54,917, respectively.

Amortization

The deferred amount on refunding is amortized as interest on capital related debt using the bonds outstanding method.

Use Of Estimates

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

New Accounting Standards Adopted

During the year, the University adopted GASB Statement No. 65, *Items Previously Recognized as Assets and Liabilities* which resulted in certain reclassifications and presentation changes to the statement of net position. The effect of these changes has been applied retroactively; as a result the beginning of year net position has been changed to reflect the expensing of bond issuance costs, which prior to the adoption of GASB Statement No. 65 had been recorded as an asset and subsequently amortized over the life of the bonds.

The impact of this change on the University's financial statements is as follows:

	<u>July 1, 2013</u>
Net position as previously reported	\$ 55,597,625
Effect of change in accounting related to bond issuance costs	<u>(1,294,157)</u>
Net position, as restated	<u>\$ 54,303,468</u>

3. Deposits

Custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The University's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. Agencies or instrumentalities of the state of Missouri; bonds of any city, county, school district or special road district of the state of Missouri; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

At June 30, 2014, none of the System Facilities' bank balances held by the current depository, a United States financial institution having a branch in the state of Missouri, was exposed to custodial credit risk. All of these deposits were fully collateralized as of June 30, 2014.

Foreign Currency Risk. The risk related to adverse affects on the fair value of a deposit from changes in exchange rates. At June 30, 2014, the System Facilities had no exposure to foreign currency risk as the University had no deposits held by international banks.

Summary Of Fair Values

The fair value of deposits is as follows:

Fair Values	
Repurchase agreements and cash in bank	<u>\$ 17,034,995</u>

Included in the following statement of net position captions:

Series 2013 Bonds

On February 28, 2013, the Board of Regents issued \$82,555,000 of System Facilities Revenue Bonds Series 2013A and \$2,050,000 of Taxable System Facilities Revenue Bonds Series 2013B for the purpose of constructing and furnishing a facility for student housing and related education and performance activities in the River Campus area of the University campus; and for the purpose of advance refunding of \$7,805,000 System Facilities Revenue bonds Series 2006A and \$51,615,000 System Facilities Revenue Bonds Series 2008. The advance refunding decreased the University's total debt service payments by \$9,712,950 and results in an economic gain (difference between the present value of the old and new debt service payments) of \$3,188,038.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

Net proceeds in the amount of \$8,090,063 for the Series 2006A bonds and \$56,754,921 for the Series 2008 bonds were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the bonds advance refunded. As a result, this portion of the Series 2006A bonds and the Series 2008 bonds are considered to be defeased and the liability for these bonds has been removed from the accompanying basic financial statements.

During 2013, the advance refunding of the Series 2006A and Series 2008 bonds resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$380,948 and \$7,162,605, respectively. These differences, reported in the accompanying basic financial statements as a deferred outflow of resources, are being charged to operations through 2021 using the bonds outstanding method.

The Series 2013A and 2013B bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2013A bonds maturing April 1, 2021 and thereafter shall be subject to redemption on or after April 1, 2020 at a redemption price of 100% of the principal amount together with accrued interest thereon to the date of maturity. The Series 2013A bonds are collateralized by a pledge of the gross income and revenues derived from the ownership or operation of the System Facilities, bear interest at rates varying from 2.6% to 5% and mature serially through fiscal year 2043. The Series 2013B bonds also collateralized by a pledge of the gross income and revenues derived from the ownership or operation of the System Facilities, bear interest at rates varying from 1% to 1.9% and mature serially through 2018. Extraordinary Option Redemption at 100% for the Series 2013A and 2013B bonds may take place upon the occurrence of certain special conditions or events.

Series 2011B Bonds

On December 22, 2011, the Board of Regents issued \$28,980,000 of System Facilities Revenue Bonds Series 2011B for the purpose of constructing, furnishing and equipping a five-story, 262-bed residence hall with 180 parking spaces, constructing a chiller and boiler plant and funding capitalized interest on the Series 2011B bonds. The Series 2011B bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2011 bonds maturing April 1, 2018 and thereafter shall be subject to redemption on or after April 1, 2017 as follows:

<u>Redemption Dates</u>	<u>Redemption Prices</u>
April 1, 2017-March 31, 2018	102%
April 1, 2018-March 31, 2019	101%
April 1, 2020-April 1, 2042	100%

Extraordinary Option Redemption at 100% may occur upon the occurrence of certain special conditions or events. The Series 2011B bonds bear interest at rates varying from 1.6% to 4.4% and mature serially through fiscal year 2042.

Series 2011 Bonds

On March 31, 2011, the Board of Regents issued \$30,420,000 System Facilities Refunding Revenue Bonds Series 2011. The Series 2011 bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2011 bonds maturing April 1, 2017 and thereafter shall be subject to redemption on or after April 1, 2016 at a redemption price of 100% of the principal amount. The Series 2011 bonds bear interest at rates varying from 2.25% to 5% and mature serially through fiscal year 2032. The Series 2011 bonds refunded the System Facilities Revenue Bond Series 2001 and 2002, which had an average interest rate of 4.92% and 5.08%, respectively. The current refunding decreased the University's total debt service payments by \$2,796,000 and results in an economic gain (difference between the present value of the old and new debt service payments) of \$1,570,380. The current refunding resulted in a difference between the reacquisition price and the net carrying value of the old debt of \$458,796. This difference reported in the accompanying basic financial statements, as a deferred outflow of resources, is being charged to operations through 2032 using the bonds outstanding method.

Series 2006A Bonds

On April 24, 2006, the Board of Regents issued \$8,915,000 of System Facilities Revenue Bond Series 2006A for the construction and furnishing of an Aquatic Center, swimming pool and related improvements. The Series 2006A paid interest semiannually on April 1 and October 1. During fiscal year 2013, \$7,805,000 of the Series 2006A bonds were advanced refunded with the proceeds of the Series 2013A and 2013B bonds. These defeased bonds were redeemed along with the remaining \$210,000 of outstanding bonds on April 1, 2014.

Interest expense was \$5,326,156 for 2014, net of capitalized interest of \$101,084. Scheduled fiscal year maturities of System Facilities bonds payable and related interest expense are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2015	\$ 4,705,000	\$ 4,872,970
2016	4,820,000	4,747,458

2040-2043	9,715,000	897,835
	<u>\$ 134,290,000</u>	<u>\$ 68,162,838</u>

Additionally, as of June 30, 2014, \$48,645,000 of advance refunded Series 2008 bonds remain outstanding. The Series 2008 bonds were advance refunded by the Series 2013A and 2013B bonds, as bond proceeds were placed in an irrevocable trust to redeem the Series 2008 bonds on April 1, 2015. Accordingly, the Series 2008 bonds are not reported as a liability within these financial statements.

The Series 2011, Series 2011B, Series 2013A, and 2013B Bonds are collateralized by the net income and revenues derived from the operation and/or ownership of the System Facilities. Under the provisions of the bond resolutions, the University covenants to operate and maintain the System Facilities and to establish and collect rates, fees and charges for the use and services furnished by or through the System Facilities to fund operations, pay principal and interest and establish the required reserves.

The bond resolution for the Series 2011, Series 2011B, Series 2013A, and Series 2013B Bonds requires that all System Facilities revenues will be deposited as received into the System Facilities. Amounts are then to be transferred to and expended as follows:

First, accumulated in an amount sufficient to pay the current expenses, as defined in the bond resolution, of the System Facilities.

Second, transferred to the Bond Account, on or before each March 25 and September 25, in an amount sufficient to meet the principal and interest due on the next interest payment date.

Third, transferred to the Debt Service Reserve Account in amounts as may be necessary to maintain a debt service reserve in the amount of the Debt Service Reserve Requirement.

Fourth, to maintain a separate System Repair and Replacement Account to deposit sums as may be required to maintain a balance at the Repair and Replacement requirement.

Fifth, after the foregoing deposits, the System Facilities may use the balance of excess funds in the System Revenue Account for specific purposes defined in the bond resolution including transfer to unrestricted University funds.

9. Retirement Plan

Substantially all full-time System Facilities employees are participants in the statewide Missouri State Employees' Retirement System (MOSERS), a single-employer defined benefit public employees' retirement system.

Participation in MOSERS is available to employees of all state departments, agencies, and public institutions of higher education. As such, the System Facilities considers its participation in MOSERS as substantially equivalent to that of a cost-sharing, multiple employer public employees' retirement system. The operations and management of MOSERS are generally prescribed in the Missouri Revised Statutes and supervised by MOSERS Board of Trustees.

MOSERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to MOSERS, 907 Wildwood Drive, P.O. Box 209, Jefferson City, Missouri 65102.

SOUTHEAST MISSOURI STATE UNIVERSITY SYSTEM FACILITIES

Notes To Financial Statements (*Continued*)

MOSERS provides retirement, death and disability benefits to its members. Benefits for general State employees who were hired before January 1, 2011 are fully vested after five years of credited service. Such employees may retire at or after age 55 and receive a reduced benefit. They may also retire with full benefits when the sum of the employee's years of service plus the employee's age equals 80 or more. New employees hired January 1, 2011, or after are fully vested after ten years of credited service and may retire at or after age 62 and receive a reduced benefit under the plan. They may also retire and will receive full benefits when the sum of the employee's years of service plus the employee's age equals 90 or more.

State statutes require the State of Missouri to fund all contributions to MOSERS. These actuarially determined contributions are computed as a level percentage of covered payroll. The percentage for fiscal years 2014 and 2013 was set at 16.98% and 14.45%, respectively. Beginning in January 2011, newly hired MOSERS eligible employees contribute 4% of gross earnings each payroll. Contributions to MOSERS for the System Facilities were \$471,532, 404,925, and \$376,627 for the fiscal years ended June 30, 2014, 2013 and 2012, respectively, which were equal to the required contributions each year. The MOSERS funded status ratio was 72.7% and 73.2% as of June 30, 2013 and 2012, respectively.

10. Postemployment Healthcare

The University provides a one-time opportunity for retirees to continue medical insurance coverage. Retirees after October 22, 2010 who elect to continue medical insurance are required to pay monthly premiums determined by plan type elected and Medicare eligibility. Retirees prior to October 22, 2010 who elect to continue medical insurance are required to pay monthly premiums on the basis of an implicit rate subsidy calculation. Monthly premiums for pre October 22, 2010 participating retirees under 65 years of age are subsidized by the University at the rate of 1% for every year of active service to the University. Pre October 22, 2010 retiree's adjusted monthly premium cost will not go below 80% of the premium amount. Financial statements for the plan are not available.

The University pays for their portion of the medical insurance premiums on a pay-as-you-go basis. No trust fund has been created for the payment of the University's portion of the medical insurance premiums; therefore, as of June 30, 2014 the University's obligations are unfunded.

Notes To Financial Statements (*Continued*)

For more information, see the separately issued financial statements of Southeast Missouri State University as of June 30, 2014.

11. Contingencies And Risk Management

The System Facilities is subject to various legal proceedings and claims which arise in the ordinary course of its operations. In the opinion of the University management, the amount of ultimate liability with respect to these actions will not materially affect the overall financial position of the System Facilities.

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. It is the opinion of management that such reimbursements, if any, will not have a material effect on the System Facilities' financial position.

System Facilities employees are covered under Worker's Compensation by the State of Missouri. Claims are submitted to the State and paid by the State in behalf of the University. Total claims paid for the University employees for fiscal year 2013-2014 were approximately \$276,403.

The majority of System Facilities employees are also covered by unemployment insurance administered by the State of Missouri Division of Employment Security.

The System Facilities is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters and employee health and accident benefits. The University purchases commercial insurance and also receives coverage through the State of Missouri for these risks of loss. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

The System Facilities has purchased property on occasion that requires monitoring for environmental issues that could result in liability. As of June 30, 2014, the System Facilities is not aware of any environmental liability.

12. Net Position

Restricted - In accordance with GASB Statement No. 34, net position is restricted when constraints placed are either externally imposed, or are imposed by law or legislation. Restricted net position - expendable for capital projects was \$2,587,271 at June 30, 2014.

Unrestricted - Unrestricted net position, as defined in GASB Statement No. 34, are not subject to externally imposed stipulations; however, they are subject to internal designations. For example, unrestricted net position may be designated for specific purposes by action of the Board of Regents or may otherwise be limited by contractual agreements with outside parties. A portion of unrestricted net position is internally designated for investment in inventories. Designated unrestricted net position was \$1,458,557 at June 30, 2014. Undesignated unrestricted net position was \$6,393,097 at June 30, 2014.
