

Find and price your care quickly and easily.

It's all at your fingertips with myuhc.com[®] and the UnitedHealthcare Health4Me[®] app.

Get help estimating costs before you see a doctor.

Finding the care you need and knowing your costs ahead of time is easier than ever on myuhc.com or the Health4Me app. In just a few simple steps, you can find a doctor, clinic, hospital or lab that meets your needs. Using multiple search options, you can filter results by location, specialty, quality, cost, services offered and more. You can even see patient ratings. Review your choices before you make appointments to help control spending and choose the level of service you need for your situation.

Here's how it works:

- 1 Visit myuhc.com to access the provider search. On Health4Me you can either search for a provider or access information about costs.
- 2 Start your search. Filter your results using search options including providers, places, conditions or treatments. For example you can search by condition, like back pain, or treatment, like physical therapy.
- 3 You can see average costs in your area, estimated costs for specific physicians, estimates of what insurance will cover and your estimated out-of-pocket costs.

Did you know?

You could pay more for the same procedure depending on the provider and treatment location you choose.

Depending on what you're looking for, you may see a wide range of estimates for the same procedure or treatment. Knowing this information can help you decide where to get care or start a discussion with your doctor about their recommendations.

Knowing your costs helps you make informed choices so you can better manage your health care dollars.

Get started with finding and pricing care on myuhc.com or the Health4Me app today.
