Don’t let hearing loss make you lose out on life.

Hearing aids at a fraction of retail pricing through hi HealthInnovations.

**Hearing and your health.**
If you’ve noticed a change in your hearing, you’re not alone. Hearing loss is the third most common chronic health condition, affecting 1 in 5 Americans age 12 and older.¹ It can impact how you connect with your family, friends and the world around you. Left untreated, it can contribute to social isolation, lower general health and safety concerns.

**The good news:** Early treatment can help, and more than 90% of people with hearing loss can be treated with hearing aids.²

**Pay a fraction of retail.**
As a member of this plan, you’re able to purchase digital hearing aids at a discount through hi HealthInnovations,™ potentially saving you thousands of dollars.³
Three easy steps to help you achieve better hearing:

1. **Get your hearing tested and submit your results.**
   You can get a hearing test (audiogram) from an Ear, Nose & Throat (ENT) doctor, audiologist or a primary care physician who provides this service. hi HealthInnovations can also locate other hearing test providers for you. If you've already had a hearing test within the past year, you can submit your results (audiogram) via fax (fastest) at 1-877-955-4336 or mail to: hi HealthInnovations, P.O. Box 356, Minneapolis, MN 55440. Please be sure to include your name, phone number and whether or not you have worn hearing aids before. If you have worn hearing aids before, indicate the type of hearing aid(s) you wear/have worn and if you wear/have worn ear molds.

2. **Order from recommended hearing aids. Additional models are available.**
   A week after submitting your hearing test results, please call 1-855-523-9355 to find out the type of hearing aid that hi HealthInnovations hearing professionals have recommended for you.

```
   hi ITC™
   (In-The-Canal)
   Nearly invisible.
   Fits comfortably in your ear canal.

   hi BTE™
   (Behind-The-Ear)
   Thin and lightweight.
   Fits comfortably behind the ear.

   $799*
   $629*
```

Every hearing test result and hearing aid order is reviewed by a licensed hearing professional to ensure suitability. For certain types of hearing loss, ear molds may be needed at approximately $75 each.

*Shipping and sales tax may be applicable.

3. **Get reimbursed.**
   Your plan includes an allowance that can be used toward the cost of hearing aids from hi HealthInnovations, further reducing your out-of-pocket costs.

**Order your personalized hearing aids in two ways:**

- **Call Customer Service.**
  1-855-523-9355, TTY 711
  9 a.m. to 5 p.m. CT, Monday through Friday

- **Order online at**
  www.hiHealthInnovations.com/medicare.

**Each hearing aid comes with:**

- Free batteries and ear tubes/wax guards that last most users six months.
- 70-day money-back guarantee.
- One-year manufacturer’s warranty.
