

**Bachelor of Science in Nursing (BSN), pre-licensure**

# Nursing

The Department of Nursing offers a Bachelor of Science in Nursing (BSN). The BSN is approved by the Missouri State Board of Nursing and accredited by the Commission on Collegiate Nursing Education (CCNE).

After passing the national examination, graduates of the BSN program are eligible to apply for licensure as registered professional nurses in all 50 states and the U.S. territories.

**Nursing students...**

- Are taught in theory and clinical courses by experienced faculty with a minimum of a master's degree in nursing; approximately 50% of the faculty possess doctoral degrees.
- Experience clinical practice in every specialty area in nursing, working with faculty and clinical agency staff.
- Enjoy faculty-to-student ratios of 1:8-9 in the first year of nursing courses; 1:10-11 in the second year of nursing.
- Receive a full semester of targeted preparation for the NCLEX, the licensure examination required after graduation. The 8-year first-time passage rate for the program is over 90%.
- Are fully prepared for nursing practice in any area of nursing, and also are eligible to apply to any graduate program in nursing.

**Career Planning**

Beginning in the junior year, nursing internships and clinical opportunities give students hands-on experience in major medical centers, primary care centers, schools, home health agencies and long-term care facilities. Cape Girardeau, Mo., is a major medical hub offering a variety of opportunities to nursing students.

On the day of graduation, approximately 70% of nursing students are employed. The remainder report employment by the time they take the licensure examination, six-eight weeks after graduation.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001/CL002	First Semester	Complete the FOCUS2 assessment and develop a Career Action Plan.
CL003	Junior Year	Students gain information about career planning and job searching resources.
CL004	Senior Year	Students demonstrate advanced proficiency by identifying a position in their field, developing a cover letter, and tailoring a resume for the position. Materials are critiqued to ensure preparedness for a successful job search.
Career Services, located in Academic Hall 057, provides professional career advising to guide students in their career development.
