

**Technology Management: Computer Multimedia Graphics Option**

**Bachelor of Science (BS)**

**Computer Multimedia Graphics Option**

Technology management is a field of study designed to prepare technical and/or management oriented professionals for employment in business, industry, education, and government.

Technology management is primarily involved with the management, operation, and maintenance of complex technological systems while engineering and engineering technology are primarily involved with the design and installation of these systems.

**Technology management: computer multimedia graphics students will...**

- Use electronic equipment and software for the preparation of copy, including design, editing, and typography.
- Acquire and edit digital images. The digital still camera and its operations are stressed along with computer image editing software.
- Be introduced to multimedia software, hardware, the integration of text, technical graphics, sound, animation, webpage design, and digital publishing.
- Be introduced to the digital video camera and video editing suite and produce personal and corporate videos in individual and group settings.
- Be exposed to Autodesk Maya, Mudbox, the Adobe Creative Suite, and Adobe Lightroom.

**Career Planning**

Career preparation is part of the mission of Southeast. In fact, more than 90% of Southeast students participate in internships, clinical opportunities, student teaching, research assistantships, and study abroad.

Professional career counselors are available for all students. The Office of Career Services in Academic Hall 057 can provide students with professional career counseling, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001/CL002	First Semester	Complete the FOCUS2 assessment and develop a Career Action Plan.
CL003	Junior Year	Students gain information about career planning and job searching resources.
CL004	Senior Year	Students demonstrate advanced proficiency by identifying a position in their field, developing a cover letter, and tailoring a resume for the position. Materials are critiqued to ensure preparedness for a successful job search.

**Career Opportunities**

**Technology Management: Computer Multimedia Graphics Option****Bachelor of Science (BS)**

This is a guide based on the 2015-2016 Undergraduate Bulletin and is subject to change. The time it takes to earn a degree will vary based on several factors such as dual enrollment, remediation, and summer enrollment. Students will meet with an academic advisor each semester and use DegreeWorks to monitor their individual progress.
