

Bachelor of Science (BS)**Child Development Option**

The study of child development encompasses the human life span from conception through adolescence and provides a foundation for your professional role in human service and education careers. Graduates work with children, families, and allied professionals in instructional, supervisory and support capacities.

Child Development students will...

- Interact one-on-one with qualified faculty in face-to-face and online classes.
- Acquire first-hand knowledge of child development in action through experiential learning with children and families in a variety of University and community settings.
- Apply child development knowledge to create healthy, supportive learning and care environments.
- Complete a Child Development Career Internship, the capstone of integrated study.
- Be prepared to collaborate with allied professionals in government, corporate, education, and social service settings.

Career Planning

Over 90% of Child Development graduates obtain employment or enroll in graduate study.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001/CL002	First Semester	Complete the FOCUS2 assessment and develop a Career Action Plan.
CL003	Junior Year	Students gain information about career planning and job searching resources.
CL004	Senior Year	Students demonstrate advanced proficiency by identifying a position in their field, developing a cover letter, and tailoring a resume for the position. Materials are critiqued to ensure preparedness for a successful job search.
Career Services, located in Academic Hall 057, provides professional career advising to guide students in their career development.
