

Bachelor of Science (BS)

Political Science (BS)

Political science is the study of governments and governing processes. It focuses on the institutions of government and international relations, as well as such factors as interest groups, political parties, public opinion, political economy, voting behavior, and political philosophy.

Areas of concentration include American government, comparative government and politics, international relations, public administration and political theory. Southeast's political science majors regularly intern with local, state and federal elected officials.

Political Science students will...

- Be challenged by exceptionally well qualified faculty members to think systematically about national and international politics
- Be exposed to diverse viewpoints on major issues of national and international significance
- Be exceptionally well prepared for advanced study
- Have the opportunity to participate in Model United Nations activities
- Have the opportunity to participate in local, state, and national government internship programs
- Have access to specialized student organizations (e.g., the Political Science Club and the Political Theory Club) and student honorary societies.

Career Planning

Career preparation is part of the mission of Southeast. 100% of programs offer our students an internship, study-abroad program, clinical opportunity, student teaching or research internship.

At least 95% of the Political Science majors who have applied to graduate school or law school since 2005 have been admitted.

The Office of Career Services in Academic Hall 057 can provide students with professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001	First Semester	Students connect academic career planning by completing an online career assessment
CL002	Second Semester	Students learn more about resources available to enhance academic and career planning
CL003	Junior Year	Students learn about continued career planning, job search strategies, and networking
CL004	Senior Year	Students learn about resume development, professional communication, interviewing, and transitioning to the first job from college

Advanced Degree Acceptances:

- University of Indiana
- University of Missouri
- University of Florida

Internships:

- Office of the Governor
- Missouri State Senate
- Missouri House of Representatives
- United States District Court, ED Mo
- Southeast Missouri Food Bank
- Safe House for Women

Bachelor of Science (BS)

This is a guide based on the 2017-2018 Undergraduate Bulletin and is subject to change. The time it takes to earn a degree will vary based on several factors such as dual enrollment, remediation, and summer enrollment. Students will meet with an academic advisor each semester and use DegreeWorks to monitor their individual progress.
