

# Agribusiness: Horticulture Option

## Bachelor of Science (BS)

# Horticulture Option

Agribusiness is a challenging, rewarding, multi-faceted industry. From large multinational corporations to emerging food manufacturing and input supply firms, there is a strong demand by agribusiness firms for more and better employees trained in both management and the agricultural sciences.

The horticulture option provides students with experience in ornamentals, fruits and vegetable production, turf and golf maintenance, landscape design and maintenance, viticulture, nursery production, greenhouse management and other areas.

### Agribusiness: Horticulture students will...

- Take a variety of agribusiness courses, such as: management, marketing, finance, sales, computer applications, accounting and economics.
- Take agriculture courses, such as horticulture crop production, greenhouse, nursery, and turfgrass management, viticulture, plant propagation, strategic urban horticulture, advanced horticulture technologies, soils, pest management, landscape design and plant pathology.
- Complete an internship or research project.
- Be prepared for positions in food horticulture, golf course/turfgrass and greenhouse management as well as sales, marketing, finance, policy, consulting and related areas.
- Be provided with a basis for graduate work leading to a master's degree or doctorate.

### Career Planning

Career preparation is part of the mission of Southeast. In fact, more than 90% of Southeast students participate in internships, clinical opportunities, student teaching, research assistantships, and study abroad.

Professional career counselors are available for all students. The Office of Career Services in Academic Hall 057 can provide students with professional career counseling, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001/CL002	First Semester	Complete the FOCUS2 assessment and develop a Career Action Plan.
CL003	Junior Year	Students gain information about career planning and job searching resources.
CL004	Senior Year	Students demonstrate advanced proficiency by identifying a position in their field, developing a cover letter, and tailoring a resume for the position. Materials are critiqued to ensure preparedness for a successful job search.
