

Bachelor of General Studies (BGS)

General Studies

Southeast's Bachelor of General Studies allows you to individually structure your degree program to fit your interests and goals, without requiring you to choose a major in a specific field. You can build a degree with your own area of focus and, unlike traditional majors, the Bachelor of General Studies program allows you to switch to another area of study with a minimum amount of additional course work.

Students may increase their focus on a particular discipline by completing an official minor along with the general studies degree, but selecting a minor is not required of students.

General Studies students will...

- Complete the University Studies program as part of a foundational educational component of their degree.
- Choose upper-division courses that support their professional and personal goals.
- Prepare themselves for career advancement or graduate school through successfully completing a curriculum focused on demonstrating college-level competencies.

Career Planning

Career preparation is part of the mission of Southeast. 100% of programs offer our students an internship, study-abroad program, clinical opportunity, student teaching or research internship.

The Office of Career Services in Academic Hall 057 can provide students with professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.

Demonstrated Career Proficiency is a Requirement of all Southeast Students		
CL001	First Semester	Students connect academic career planning by completing an online career assessment
CL002	Second Semester	Students learn more about resources available to enhance academic and career planning
CL003	Junior Year	Students learn about continued career planning, job search strategies, and networking
CL004	Senior Year	Students learn about resume development, professional communication, interviewing, and transitioning to the first job from college

Why Consider the BGS?

The Bachelor of General Studies is ideal for degree-seekers with one or more of the following characteristics:

- Students with college credits from multiple institutions
- Students with experience in several areas of study or majors
- Students interested primarily in earning a four-year degree, without a requirement for, or interest in, a specific major
- Students seeking a degree for personal enrichment
- Students unable to finish another major because of changing life circumstances but who want to earn a bachelor's degree to complete their undergraduate experience

Special Options with Major

This program of study is available as an online program to students on the main campus, to students at the regional campuses (Kennett, Malden, and Sikeston), and at the Poplar Bluff Delivery Site.

This is a guide based on the 2017-2018 Undergraduate Bulletin and is subject to change. The time it takes to earn a degree will vary based on several factors such as dual enrollment, remediation, and summer enrollment. Students will meet with an academic advisor each semester and use Degree Works to monitor their individual progress.

Personalized Pathways:

Courses are offered in a traditional 16-week fall and spring semester with eight-week sessions in the first and last half of both. In addition, we offer a wintertime between fall and spring and at least six different 4, 6, and 8 week sessions over summer. Talk with an advisor to see how you can utilize these different sessions to expedite your degree completion.

Degree requirements for all students: a minimum of 120 credit hours, completion of University Studies program, completion of 39 senior division hours (300-599), career proficiencies (CL001-004), Writing Proficiency Exam (WP003), and completion of the Measure of Academic Proficiency and Progress (MAPP) at the senior level. Refer to the Undergraduate Bulletin or Degree Works for additional graduation requirements for your program.

A minimum 2.0 GPA in the major and overall are required to graduate with a BGS degree.
