Early Childhood Education

The College of Education creates a supportive climate to help all education majors meet the rigor of teacher education. Early

Childhood students have the opportunity to participate in Tomorrow's Teachers Learning Community which links cohort learning and living opportunities. Students also receive support in preparation for the Missouri General Education Assessment required for admission. We also provide our future educators the tools to learn to use and integrate instructional technology across our curriculum. Join our EDvolution of future educators!

Early Childhood Education students will...

- Be certified to teach ages Birth – 3rd grade upon successful completion of this program and licensure exams.
- Add on certification in Elementary Education (Grades 1 – 6).
- Participate in multiple field experiences in local classrooms.
- Integrate technology into the curriculum with our EDvolution one-to-one instructional technology program.
- Have the opportunity for student teaching abroad, including our partnership with Eagles College in Iquique, Chile.
- Have opportunities for leadership in our numerous student organizations.
- Have full-time faculty with experience in the classroom as their primary instructors.

Career Planning

The state of Missouri has high expectations for future educators. Students graduating spring 2017 or later must maintain a 2.75 cumulative GPA and a 3.0 GPA in both the area of content expertise and pedagogy courses. In addition, students must pass the Mo Content Exam and the Missouri Preservice Teacher Assessment for recommendation for licensure. Students must also fulfill other assessments such as the Missouri Educator Profile and be cleared through a FBI background check.

Career preparation is part of the mission of Southeast. 100% of programs offer our students an internship, study-abroad program, clinical opportunity, student teaching or research internship.

The Office of Career Services in Academic Hall 057 can provide students with professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities, and more.

Admission Requirements

- Cumulative 2.75 GPA;
- 42 hours of course credits earned;
- Missouri Educator Profile (MEP) results on file;
- ED 280 completed with a grade of "B" or above;
- A minimum grade of 'C' in CF/PY120 The Child;
- Score of 220 or higher on all sections of the Missouri General Education Assessment (MoGEA).

Education Outlook

- Students secure teaching positions across the state of Missouri, in surrounding states, and beyond.
- Early Childhood graduates with add-on certification in Elementary Education find jobs as preschool, kindergarten, and elementary grade teachers in public or private schools. Graduates may also work in programs such as Parents as Teachers or First Steps.
- Placement rates are high for alumni with more than one certification.
- First year teachers report feeling well prepared by Southeast Missouri State University on our annual survey of first-year teachers.
- Principals also report early childhood graduates are well-prepared as beginning teachers.

EDvolution

All students in the College of Education must rent or purchase an iPad for use during the program.

- Tech for You: become a better student with technology
- Tech for Us: learn how to teach with technology
- Tech for Them: use technology in your field experiences

Field and Clinical Experiences
