

**Technology Management: Industrial & Safety Management Option****Bachelor of Science (BS)****Industrial & Safety Management Option**

Technology management is a field of study designed to prepare technical and/or management-oriented professionals for employment in business, industry, education and government. Technology management is primarily involved with the management, operation and maintenance of complex technological systems while engineering and engineering technology are primarily involved with the design and installation of these systems.

**Becoming Career Ready...**

/ Faculty with relevant industry experience work closely with students by providing them with career-ready practical experience and a technology-based curriculum in the state-of-the-art Otto & Della Seabaugh Polytechnic building.

/ Industrial & Safety Management graduates work as technology professionals and as technical managers area within business, industry, education and government. Examples of job titles include safety manager, production manager, quality control manager, industrial manager and quality assurance manager.

/ 100% of Southeast programs offer real-world experience. Industrial & Safety Management students earn this experience through a senior design capstone course for students to work in teams to solve open-ended industrial projects. Students also gain valuable hands-on experience through required labs that accompany the courses work.

/ The path to a successful career starts with you! You can maximize your career development by working closely with Career Services and Southeast faculty – they are here to help you connect your passions, interests and skills to jobs and opportunities in the field. Career Services provides professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities and more.

**Career Opportunities:**

- Production Supervisor
- Industrial Engineer
- Production Specialist
- Quality Assurance
- Sales and Estimating
- Industrial Manager

**Equipment and Computer Programs**

We have developed laboratories to provide our students with an opportunity to master a working knowledge of industrial and safety management. Industrial and Safety Management students will learn:

- Production planning and control, using an enterprise resource planning software package, SAP R/3.
- Applications of management and organizational leadership and quantitative analysis of industrial and business problems.
- Application of scientific techniques for quality control, assurance, and management of production processes.
- The use of computers and computational tools involving complex industrial problems.
- Three families of Programmable Logic Controllers (PLC) including PLC-5, SLC 500, and ControlLogix as well as human machine interface such as Panelview.
- Theoretical and experimental concepts and use of test equipment in the area of industrial electronics.
- Manual and computer-aided manufacturing utilizing equipment including manual and CNC Bridgeport mills and lathes, EDM machine, and plastics processing and testing, metal arc and ultrasonic welding, casting and sandblasting, manual manufacturing tools, and break and shear for sheet metal torching.
- Materials testing using destructive and nondestructive test equipment.

**Special Options with Technology Management**

Southeast Missouri State University offers an accelerated master's degree for current Southeast technology management students. For more information, please see the MS: Technology Management degree map.

Southeast also offers a Master of Science in Technology Management.

**Transfer and Dual Credit Students**

If you have dual credit or transfer credit, please visit our transfer course equivalencies guide at [semo.edu/transfercredit](http://semo.edu/transfercredit).

**Technology Management: Industrial & Safety Management Option****Bachelor of Science (BS)**

This is a guide based on the 2019-2020 Undergraduate Bulletin and is subject to change. The time it takes to earn a degree will vary based on several factors such as dual enrollment, remediation, and summer enrollment. Students will meet with an academic advisor each semester and use Degree Works to monitor their individual progress.

**CURRICULUM CHECKLIST****TECHNOLOGY MANAGEMENT: INDUSTRIAL & SAFETY MANAGEMENT OPTION – 85 Hours****Required Courses:**

- \_\_\_ CH181/081/001 Basic Principles of Chemistry (5)
- \_\_\_ IM300 Technical Communication (3)
- \_\_\_ IM301 Industrial Safety (3)
- \_\_\_ IM311 Statistical Process Control (3)
- \_\_\_ IM419 Industrial Supervision (3)
- \_\_\_ IM506 Projects in IET (3)
- \_\_\_ MA116 Precalculus A (3)
- \_\_\_ MA117 Precalculus B (3)
- \_\_\_ MA139 Applied Calculus (3)
- \_\_\_ MN220 Engineering Economic Analysis (3)
- \_\_\_ MN260 Technical Computer Programming Applications (3)
- \_\_\_ PH120/020 Introductory Physics I (5)
- \_\_\_ SW207 Understanding Cultural & Social Diversity (3)
- \_\_\_ UI410 Manufacturing Research in a Global Society (3)

**Industrial & Safety Management Option – 42 hours:**

- \_\_\_ ET160 Basic Electricity & Electronics (3)
- \_\_\_ ET304 Introduction to PLCs (3)
- \_\_\_ EV453 Occupational Health (3)
- \_\_\_ EV454 Risk Assessment Applications (3)
- \_\_\_ EV455 Industrial Hygiene (3)
- \_\_\_ IM313 Facilities Planning (3)
- \_\_\_ IM315 Work Measurement (3)
- \_\_\_ IM411 Total Quality Assurance (3)
- \_\_\_ IM417 Manufacturing Resource Analysis (3)
- \_\_\_ MN120 Fundamentals of Engineering Design Processes (3)
- \_\_\_ MN170 Industrial Materials & Testing (3)
- \_\_\_ MN203 Industrial Materials & Process I (3)
- \_\_\_ MN304 Industrial Materials & Processes II (3)

**General Education Requirements** – some requirements may be fulfilled by coursework in major program

- Social and Behavioral Sciences – 6 hours
- Constitution Requirement – 3 hours
- Written Communication – 6 hours
- Oral Communication – 3 hours
- Natural Sciences – 7 hours (from two disciplines, one to include a lab)
- Mathematics – 3 hours
- Humanities & Fine Arts – 9 hours (from at least two disciplines)
- Additional requirements – 5 hours (to include UI100 for native students)
- Civics examination

**SAMPLE FOUR-YEAR PLAN**

▶	Fall Semester		Spring Semester	
	Course #	Hrs	Course #	Hrs
<b>FIRST YEAR</b>	UI100	3	IM300	3
	EN100	3	MA117	3
