Art Education

Bachelor of Science in Education (BSED)

The Department of Art and the College of Education collaboratively designed a curriculum accredited by NCATE – The Standard of Excellence in Teacher Preparation program, to ensure art education students are well prepared for the rigorous and rewarding career of teaching art. The art education student will take art studio courses in Drawing, 2D and 3D Design, Color Composition, Ceramics, Sculpture, Painting, Printmaking, Fibers and Computer Arts. Additional courses in Art History will give the student depth and insight into global and contemporary art. The student’s teaching skills will develop through comprehensive education courses and the opportunity to apply what they have learned in the area’s art classrooms.

Becoming Career Ready...

Art Education students participate in multiple K-12 field experiences in local art classrooms, Summer Art Academy workshops and Art Reach workshops. In order to become experienced, well-versed and confident educators.

Art education graduates have been successfully hired as full-time art educators in public and private schools. Examples of other job titles outside of education are graphic designer, art historian, art director, art appraiser and advertising artist.

Full-time studio art faculty work closely with students, teaching a wide range of media in highly equipped studio spaces.

Students are instructed by full-time art education faculty with experience in the K-12 art classroom who integrate technology into the art curriculum. The same faculty also serve as the student’s primary advisor.

100% of Southeast programs offer real-world experience. Art Education students experience a full semester of student teaching, with the opportunity of study abroad student teaching.

The path to a successful career starts with you! You can maximize your career development by working closely with Career Services and Southeast faculty – they are here to help you connect your passions, interests, and skills to jobs and opportunities in the field. Career Services provides professional career counseling and coaching, resume critiques, practice interviews, job search strategies, career events, networking opportunities and more.
