

**Master of Arts (MA)**

The Master of Arts with a major in Secondary Education is designed to serve the need for advanced study at the graduate level by middle, junior and senior high school teachers and is built upon the Model of the Teacher as Competent Professional Educator. The objective of the degree is to enhance the teaching and organizational ability of the candidate and thus improve classroom instruction.

This program is an online graduate degree that offers two emphasis areas: Educational Studies and Educational Technology. The Educational Studies is designed to help classroom teachers deepen their teaching skills and knowledge in their field of expertise or expand their expertise in the area of Technology by choosing the Educational Technology as an area of interest. This graduate program does not lead to an initial teaching certification, but it assists you to become a leader in your field of expertise.

**The graduate program in Secondary Education- Educational Studies** consists of 30 credit hours. These 30 credit hours are divided into 12-15 credit hours of online core course work and 15-18 credit hours of electives, making this program extremely convenient and practical for a full-time teacher.

**The graduate program in Secondary Education- Educational Technology** consists of 30 credit hours of online course work in the area of technology and pedagogical knowledge. This program is an affordable program that provides you with up-to-date technology, practical knowledge and valuable skills for a full-time teacher.

**Becoming Career Ready...**

/Students choose an emphasis area of study in either Educational Studies or Educational Technology

/Students receive personal attention from a faculty advisor with expertise in the area of study

/Students complete course work online, at their own pace

/Students complete research relating to issues in their own teaching

**Career Planning**

Teachers with this master's degree are often considered leaders in their school setting and may also become curriculum specialists, department chairs, experts in their field, or team leaders. Those who choose 15 hours of content as their electives are also eligible to teach dual credit courses in their school. Many graduates with a Master's degree in Educational Studies have become leaders in other settings.
