Travel and Accommodations, Mid-South Horn Workshop 2017

About Southeast

Southeast Missouri State University is located on the west bank of the Mississippi River in Cape Girardeau, a college town of about 40,000 residents. Interstate 55 links Cape with St. Louis just two hours to the north and Memphis three hours to the south. Interstate 57 is just across the river and provides access from Southern Illinois, Kentucky and Indiana.

The River Campus

Unlike many universities that have art, dance, music and theatre in facilities across campus, the River Campus provides a unique opportunity for artists of all talents to spend time and work together on a daily basis and in the same space. International touring groups, guest speakers and Holland School of Visual and Performing Arts students, together on one campus provide unlimited opportunities to students and the community. So join us for a free concert, exhibition, workshop, academies or festival or a performing arts production. You can never tell what we’ll do next … come and find out!

Directions to the River Campus
