

Degrees/Majors/Pre-Professional Curricula

BACCALAUREATE DEGREES

- The following statements pertain to all baccalaureate degrees:
- A minimum of 120 hours of undergraduate degree credit (courses numbered 100-599) is required.
- The University Studies Program, consisting of 51 hours, is required.
- A minimum of 30 hours must be completed in residence at Southeast.
- A minimum of 39 hours of senior college courses (300-599) must be completed after completion of 45 hours.
- Required completion of Student Transitions Career Proficiency Checks CL 001, CL 002, CL 003, and CL 004.
- Required completion of WP 003 and, at the senior level, the California Critical Thinking Skills Test.
- No more than one-half of the junior college and one-half of the senior college work on a major or minor may be taken by correspondence and/or extension.
- The student's last term must be completed at Southeast, except that, in the case where six or fewer hours are needed to meet the total number of hours required for graduation, they may be taken at another accredited college or university, or by extension or correspondence subject to the rules governing extension courses and transfer of credit.
- A minimum cumulative GPA of 2.0 is required for graduation, except for the B.S. in Education, the B.S. in Family and Consumer Sciences Education, the Bachelor of Music Education, the major in Communication Disorders, the major in Mass Communication and the major in Interdisciplinary Studies, which require a 2.5 GPA for graduation and the major in Social Work which requires a 2.25 GPA for graduation.
- A minimum 2.0 GPA for all of the degree credit attempted at Southeast is required.
- For all degrees which require a major, a minimum 2.0 GPA must be earned in those courses counted on the major, except for Business Administration majors which require a 2.25 GPA, majors on the Secondary Education degree, the Mass Communication major and the Health Management major which require a 2.5 GPA, the Communication

Disorders major which requires a 2.75 GPA, and the 2-Dimensional and 3-Dimensional Art majors, BFA-Performing Arts major, all Music majors and the Social Studies Education major which require a 3.0 GPA.

- A minimum 2.0 GPA must be earned in those courses completed at Southeast that are counted on the major.
- When applicable, a course may be counted toward more than one requirement, e.g., University Studies, major and minor.
- The student must pass EN 099; and MA 095 or score at the appropriate levels on placement tests to have the courses waived.

NOTE: There may be additional specific graduation requirements for individual programs. Further information is available in the College Advising Offices.

CHEMISTRY

Chemistry Elective (300 level or higher) (3-4)

Select from at least one of the following courses:

- CH 350/EV 350 Environmental Chemistry (3), CH 420 Forensic Chemistry (4), CH 447 Adv 1&2 Dim NMR Techniques (3), CH 531/UI 331 Biochemistry (3), CH 545 Organic Preparations and Characterization (3), CH 563 Inorganic Chemistry (4), CH 575 Chemical Instrumentation (4)

FORENSIC CHEMISTRY

- CH 420 Forensic Chemistry (4)
 CH 575 Chemical Instrumentation (4)
 CJ 350 Evidence Collection and Preservation (3)
 MA 423 Statistical Analysis for Forensic Science (3)
 UI 331 Biochemistry (3)

OR

- EV 460 Introduction to Toxicology (3)

COMMUNICATION DISORDERS

35 Hour Major - Minor Required

(See Admission to Communication Disorders Program criteria under Admissions, page 11)

Required Courses:

- CD 211 Anat & Physiology/Speech Mechanism (4)
 CD 225 Phonetics (4)
 CD 230 Intro to Communication Disorders (4)
 CD 340 Normal Speech/Language Development (3)
 CD 371 Anat & Physiology/Hearing Mechanism (3)
 CD 402 Clinical Practicum/Comm Disorders (3)
 CD 406 Service Delivery in Comm Disorders (4)
 CD 411 Nature Assmt/Intrvntn Spch/Lang Disorders (4)
 CD 426 Hearing Disorders: Audiological Assmt (3)

Choose one of the following:

- CD 510 Multicultural Issues in Comm Disorders (3)
 CD 525 Aural Rehabilitation (3)
 CD 541 Fluency Disorders (3)

Additional Requirements:

- BS 107 Investigations in Biology (3)
 EN 140 Rhetoric & Critical Thinking (3)
 MA 134 College Algebra (3)
 PS 103 U.S. Political Systems (3)
 PY 101 Psych Perspect on Human Behavior (3)
 SC 105 Fund of Oral Communication (3)

- US 105 American History I

OR

- US 107 American History II (3)

Choose One of the Following:

- MA xxx Additional Math course (above MA 134) (2-3)
 PL 120 Symbolic Logic (3)
 PY 271 Research Design & Analysis (3)
 Choose One of the Following:
 CH 180 Chemistry in Our World (3)
 PH 106 Physical Concepts (3)

Choose One of the Following:

- CD 110 Language Culture of Deaf (3)
 SO 102 Society, Culture & Social Behavior (3)

NOTE: State and national certification in speech-language pathology (American Speech-Language-Hearing Association and Missouri Department of Elementary and Secondary Education) requires that applicants complete a core of courses in the humanities, professional education, biological/physical sciences, mathematics, behavioral and social sciences. Students should work closely with a departmental advisor in selecting appropriate University Studies and professional education courses which meet these certification requirements.

COMPUTER INFORMATION SYSTEMS

58-60 Hour Major - Minor Required

Required Courses:

- CS 003 Computer Science Assessment (0)
 CS 155 Computer Science I (4)
 CS 245 Discrete Structures I (3)
 CS 265 Computer Science II (4)
 CS 280 Computer Systems (3)

TECHNOLOGY MANAGEMENT (34 Hours)

The Technology Management option is specifically designed for students who have earned accredited Associate of Applied Science degrees in technically-oriented programs and desire to complete a Bachelor of Science degree in Industrial Technology. Students will be awarded up to 34 hours for the approved technical transfer courses. To complete the BS degree, students must complete the University Studies requirements and the Industrial Technology core courses. In addition, students will select 21 credit hours of technical electives at the senior division level to build upon the skills gained through the AAS degree. This option is available on the main campus, in the St. Louis area, and online. Contact the Department of Industrial and Engineering Technology or see <http://www.semo.edu/study/industrialtech/courses.htm> for further information.

INTERDISCIPLINARY STUDIES

69 Hour Major - No Minor Allowed

The Interdisciplinary Studies major allows students to create a personalized academic program tailored to their individual career goals by completing courses across multiple academic disciplines. Students work with faculty advisors in their selected areas of emphasis to create a personalized plan of study. The Interdisciplinary Studies plan of study must be approved by faculty advisors in each area, the Dean of the School of University Studies, and the Associate Registrar before the completion

of 75 hours. A cumulative grade point average of 2.5 is required for graduation. For additional information about the major, students should contact an advisor in the University Studies Advising Center or visit the web page at <http://www.semo.edu/usac>.

Required courses:

University Studies requirements 51 hours

Two, three or four areas of emphasis 69 hours*

***Minimum of 12 hours; maximum of 30 hours in each area**

BACHELOR OF SCIENCE IN NURSING

The Bachelor of Science in Nursing (BSN) degree may be taken as a (1) professional program in nursing that prepares graduates to meet all requirements for making application to the Missouri State (or other state) Board of Nursing to write the national examination for licensure as a registered nurse (RN) and (2) baccalaureate completion (RN to BSN) program in nursing after licensure as a registered nurse.

See Admission to Nursing Programs criteria under Admissions, page 13. To be retained in the nursing program students must maintain at least a cumulative GPA of 2.0 in academic work at the University. Students who receive a grade below a 'C' in any nursing course or any required support course are not eligible to continue in the program, and must apply for readmission to the Department of Nursing Student Affairs Committee.

The Nursing curriculum is currently undergoing curriculum change. Please access the department's website (www2.semo.edu/nursing) or contact the department directly for specific information.

ASSOCIATE DEGREES

The following statements pertain to all associate degrees:

A minimum of 20 hours must be completed in residence at Southeast.

The student's last term must be completed in residence at Southeast, except that, in the case where six or fewer hours are needed to meet the total number of hours required for graduation, they may be taken from another accredited college or university, or by correspondence or extension, subject to the rules governing extension courses and transfer of credit.

A minimum cumulative GPA of 2.0 is required for graduation.

A minimum 2.0 GPA for all of the degree credit attempted at Southeast is required in the major and overall.

The student must pass EN 099; and MA 095; or score at the appropriate levels on placement tests to have the courses waived.

Additionally, the following statements pertain to all associate of arts degrees:

A minimum of 64 hours of degree credit (courses numbered 100-599) is required for graduation.

The University Studies Program, consisting of 21 hours, is required.

ASSOCIATE OF ARTS IN CHILD CARE AND GUIDANCE

Granted upon completion of a two-year program in human environmental studies and related disciplines.

Minimum Degree requirements 65 Hours

University Studies requirements 21 Hours

Required Courses 37 Hours

Additional Requirements 6 Hours

Required Courses:

- CF 102 Personal & Family Relations (2)
- CF 120 The Child: Dev/Concept to Adolsc (3)
- CF 126 Facilitating Development/Young Children (3)
- CF 200 Guiding Alternatives (3)

PRE-PROFESSIONAL PROGRAMS

Pre-professional programs available at the University include pre-architecture, pre-chiropractic, pre-dental, pre-engineering, pre-law, pre-medical, pre-optometry, pre-pharmaceutical, pre-physical therapy, pre-veterinary, and pre-vocational agriculture education.

Pre-Architecture Curriculum

The purpose of the one-year pre-professional program is to provide preparatory educational experiences for those seeking to transfer to another university for the completion of a professionally accredited degree in architecture, interior architecture or landscape architecture. The coursework provides an important opportunity for students to explore their interests and level of commitment before applying to an architecture school. The courses are meant as a foundation for students interested in an architecture program. Students will need to work closely with the school in which they plan to transfer to ensure optimal transferability of coursework. (Students who decide not to transfer could apply some courses from the pre-architecture curriculum to the Industrial Technology: Construction Management and Design option.)

Pre-Chiropractic Curriculum

Pre-Chiropractic is not a major at Southeast Missouri State University. It is possible to gain preparation for chiropractic school while pursuing any academic major in the university; however, most students find that the preponderance of biology course work required by chiropractic schools make the biomedical sciences option in biology an attractive major. The Biology: Biomedical Science option is designed specifically for students in the pre-health professions. There are not a large number of chiropractic schools in the United States and students should obtain the admission requirements from the schools to which they plan to apply. This information should then be used to plan

the student's academic program. This planning is done in consultation with the pre-chiropractic advisor in the Department of Biology.

Pre-Dental Curriculum

Pre-Dentistry is not a major at Southeast Missouri State University. It is possible to gain preparation for dental school while pursuing any academic major in the university; however, most students find that the preponderance of biology coursework required by dental schools, and for preparation for the DAT, makes the biomedical sciences option in biology an attractive major. The Biology: Biomedical Sciences option is designed especially for students in the pre-health professions. Students should see the pre-dental advisor during their first semester at Southeast. Most dental schools have similar pre-professional course requirements. It is recommended, however, that you check out the specific requirements for the schools you are interested in and include these in your planning. For example, three schools require calculus. Make your "pool" of potential schools as big as possible. There are 54 accredited dental schools in the United States. This information can be obtained from the pre-dental advisor in the Department of Biology.

Pre-Engineering Curriculum

The two-year pre-engineering curriculum is designed so that students can receive a degree from an engineering school after an additional two years of study. The curriculum is closely articulated with programs at the University of Missouri-Rolla and the University of Missouri-Columbia. Transfer brochures have been prepared in cooperation with both universities and are available to students. Students planning to attend another engineering school should consult the catalog from that institution and arrange their programs with a pre-engineering advisor.

Students expecting to enroll in the pre-engineering program should have a mathematics background in high school of at least one year of geometry, two years of algebra, and one year of pre-calculus mathematics which includes trigonometry. If these requirements are not met it will be necessary to correct any deficiencies upon entering the University. Generally, this necessitates attending an additional summer term prior to transferring. Provisions have been made to accommodate students in this category.

Students should complete from 64 to 68 credit hours prior to transferring if they expect to complete

an engineering degree in four years. This includes not only required courses in mathematics, physics, and engineering, but also courses in the humanities and the social sciences. Students who maintain a high academic standing will be eligible for transfer scholarships. A pre-engineering advisor in the Department of Physics and Engineering Physics should be consulted for details regarding the pre-engineering program.

Pre-Law Curriculum

Students interested in attending law school after graduation should understand that there is no single pre-law curriculum. Rigidly structured "pre-law majors" are in fact strongly discouraged by schools of law. A wide variety of undergraduate majors are suitable as law school preparation, provided that they have a strong academic content. Courses that develop a student's ability to think logically and to express thoughts lucidly in written form are strongly suggested.

While there is no specific "pre-law major", the Department of Political Science, Philosophy, and Religion provides pre-law advising to those students, regardless of actual major, who are considering a career in law. Such advising includes recommending to students various schools of law which may be most appropriate for them, assisting students with the law school application process (including the Law School Admission Test), and recommending undergraduate preparation for the subsequent law school experience.

Pre-Medical Curriculum

Pre-medicine is not a major at Southeast Missouri State University. It is possible to gain preparation for medical school while pursuing any academic major in the university; however, most students find that the preponderance of biology coursework required by medical schools, and for preparation for the MCAT, makes the biomedical sciences option in biology an attractive major. The Biology: Biomedical Sciences option is designed especially for students in the pre-health professions. Students should see the pre-medical advisor during their first semester at Southeast. Medical school admission has been characterized for some years by more applicants than entering students. This trend will certainly continue for some years in the future. As a result, students should realistically prepare themselves for more than one career. Allied elective coursework in biology, chemistry, and physics can broaden career opportunities. A strong background in liberal arts is desirable. Information about the program is avail-

able from a pre-medical advisor in the Department of Biology.

Pre-Optometry Curriculum

Pre-optometry is not a major at Southeast Missouri State University. It is possible to gain preparation for optometry school while pursuing any academic major in the university; however, most students find that the preponderance of biology coursework required by optometry schools, and for preparation for the OAT, makes the biomedical sciences option in biology an attractive major. The Biology: Biomedical Sciences option is designed especially for students in the pre-health professions. Students should see the pre-optometry advisor during their first semester at Southeast. There are only 17 optometry schools in the United States and the entrance requirements are quite similar, however there are slight variations. Students should be familiar with the entrance requirements for several schools (for example, three schools require two semesters of organic chemistry) and prepare themselves appropriately so they could potentially be eligible for all of those schools. This planning is done in consultation with the pre-optometry advisor in the Department of Biology.

Pre-Pharmacy Curriculum

Since there are more than 70 schools of pharmacy in the United States, pre-pharmacy should be advised according to the bulletin(s) of the school(s) to which the student is considering transfer. While each program is unique, most programs are either one or two years in length, and usually require chemistry, biology, physics, mathematics, and English, in addition to certain specified courses in other fields. Students interested in pre-pharmacy should contact Dr. Bruce Hathaway, the pre-pharmacy advisor in the Department of Chemistry, as early as possible in the enrollment process.

Pre-Physical Therapy Curriculum

Physical therapy programs require completion of a bachelor's degree prior to admission. Students preparing for application to such programs must declare a major at Southeast in addition to declaring pre-physical therapy. Health Management, Biology, Chemistry Recreation and Human Environmental Studies/Dietetics option majors are particularly complementary to physical therapy preparation as they include many of the prerequisite courses. Prerequisite courses commonly include biology, chemistry, mathematics, psychology and English.

Some physical therapy programs accept transfer

students after completion of 60 hours of prerequisite courses, after which students continue as juniors in a combined BS/MS program. Students planning to apply to such programs do not need to declare a major at Southeast but should declare pre-physical therapy.

Because each physical therapy program designates its own requirements for admission, students should pay close attention to the prerequisites of schools where they plan to apply. Students pursuing pre-physical therapy should contact the Department of Health, Human Performance and Recreation as early as possible in the enrollment process.

Pre-Veterinary Curriculum

Students preparing for application to a professional Veterinary Medicine Program for completion of a Doctor of Veterinary Medicine (D.V.M.) degree must enroll in a pre-professional program.

The minimum requirements for admission to most professional programs include 64 hours of coursework (the pre-professional program), completion of the MCAT or GRE and acceptance by the College of Veterinary Medicine to which the student makes application.

Specific subjects required in the pre-professional program include English, college algebra, biology, chemistry (inorganic, organic and biochemistry), physics, and certain University Studies courses. Courses in animal science are also recommended. Students should consult the current catalog of the College of Veterinary Medicine they plan to attend and develop their program in conference with the Pre-Veterinary Medicine advisor.

Students enrolled in the pre-professional program should plan a four-year degree program along with the Pre-Veterinary Medicine program. Students enrolling at Southeast Missouri State University will find majors in Agriculture, Chemistry, or Biology particularly complementary to the D.V.M. program. For more information, contact the School of Polytechnic Studies Advising Center.

Pre-Vocational Agriculture Education Curriculum

Students interested in certification to teach Vocational Agriculture enroll in a three-year pre-agriculture education program and complete the fourth year at a certifying institution.

University Studies and core courses in agriculture may be completed prior to transfer. Students will apply for admission to a teacher education program after

transferring.

Agricultural education prepares students to be instructors of vocational agriculture in public high schools and area vocational technical schools. It can also prepare students for careers in many other areas such as agricultural business and industry.

Students may specialize in particular fields such as mechanization, economics, agronomy or horticulture. It is an exciting field that provides the opportunity to guide and develop, through instruction, the future leaders of our nation's agricultural industry.
