Center for Scholarship in Teaching and Learning

The Center for Scholarship in Teaching and Learning, established in 1985, serves as a campus resource for faculty, graduate students, researchers, and others interested in the teaching/learning process. Located in Kent Library, the Center assists faculty in designing instruction, provides workshops on the enhancement of teaching, and sponsors and conducts scholarship focusing on college teaching and student learning.

Kent Library

Kent Library is well positioned to support the needs of the 21st century learner. The library's staff and faculty are proud of the Information Commons, which combines state of the art technology with traditional library resources and services in one centralized, comfortable academic environment. This total service concept includes over 100 individual computers with network access designed for individual or group work. Student needs in the areas of electronic research, media production, information access, and collaborative and individual study space are met with the assistance of librarians. A comprehensive information literacy program, offered through Kent Library, is available to all Southeast faculty and students.

Traditional library resources and services are folded into the new technologies to form a solid platform for assisting students' individual needs. The library's general stack collection, approximately 500,000 volumes, is supplemented through the statewide MOBIUS consortium. The statewide consortium allows a Southeast Missouri State University student access to over 23 million items statewide with delivery to the student in less than a week. In addition the library also provides more than 30,000 journals in electronic format. The library's Special Collections and Archives preserves and makes accessible research material that document the historical, literary and cultural experience of Southeast Missouri State University. The Rare Book Room contains materials from the 13th through the early 20th centuries, as well as a world-class literary collection on William Faulkner. The Heather MacDonald Greene Multimedia Center has three production rooms that provide video, photo and sound editing equipment as well as collaborative space for group work and web conferencing. The Instructional Materials Center offers access to a

wide range of audiovisual materials, technology such as digital video cameras, a K-12 textbook and curriculum materials collection, and a selective collection of children's and young adult literature.

Blending current technologies with traditional library services and resources, further combined with personalized assistance from trained staff and faculty, form the basis for this 21st century academic library.

DEPARTMENT OF PUBLIC SAFETY

The University maintains a staff of professional police officers, separate from city and state police agencies. University police officers are commissioned by the Board of Regents under Missouri statutes and by the City of Cape Girardeau. The officers are charged with protecting the safety of people and property on the University campus and maintaining the security of

University facilities. The officers are members of the University's Department of Public Safety. Any crime, dangerous situation, hazard, or suspicious activity observed on University property should be reported promptly to an officer or the Department of Public Safety. The Department of Public Safety is located at 1401 North Sprigg, phone (573) 651-2215. Business hours are 8:00 a.m.-5:00 p.m., Monday-Friday; however, the office is open 24 hours a day, seven days a week.

Parking. The University maintains various streets, parking lots, and sidewalks under its control and separate from public streets and thoroughfares in the City of Cape Girardeau. The use of motorized vehicles and bicycles by University students, faculty, and staff on these streets, parking lots, and sidewalks is governed by regulations approved by the Board of Regents and regularly reviewed by a University Committee. All vehicles of students and employees operated and parked on University property must be registered with the Department of Public Safety and display the appropriate permit. Residents of the University's residence halls may park their vehicles in the vicinity of the campus only on University-owned parking lots and streets. Premium parking is available in preferred parking lots; however, parking is available at a reduced cost in perimeter lots. Application for parking may be made by mail in July preceding the academic year or anytime during the current semester. Additional information on these services can be obtained by contacting the Department of Public Safety or by visiting <http://www5.semo.edu/dps/parking>. Copies of parking and traffic regulations are available in the Department of Public Safety Office.

Shuttle. The Southeast Missouri State University Shuttle Service provides transportation from perimeter parking lots to the interior of campus and from the main campus to the River Campus. All busses are accessible to passengers with disabilities. Passengers may wait for busses in lighted shelters, equipped with a direct ring telephone line to the police communications unit at the Department of Public Safety.

Southeast Online Programs provides web-based, blended (a mixture of web-based class sessions and face-to-face or ITV sessions), and webinar (courses delivered using video conferencing software) courses to students locally and at a distance. Instruction, assignments, and class discussions—all facets of a high quality course—are part of the online learning experience. Students can choose from over 250 fully online courses in a wide variety of disciplines. Several fully online Bachelor's and Master's degree programs are available, including an RN-BSN program and a fully accredited, nationally recognized online MBA. Other programs include an Alternative Certification curriculum for prospective teachers and English for Speakers of Other Languages (ESOL) Certification. Southeast Online is located on the third floor of Kent Library, room 317, and online at <http://online.semo.edu>.

FINANCIAL AID

Student Financial Services offers a comprehensive program of financial assistance for students needing supplemental financial support for their educational expenses. To apply for federal, state and institutional need-based aid, a student must complete a Free Application for Federal Student Aid (FAFSA). The FAFSA can be accessed on-line at www.fafsa.gov or you may request a paper FAFSA by calling 1-800-433-3243 or 1-317-337-5665. In order to be considered for priority packaging, the FAFSA should be received by the processor by March 1. To meet this deadline, submit your FAFSA electronically by mid-February. Students may complete the FAFSA through June 30 of the award year; however, this may result in limited aid eligibility.

Federal Grants. The Federal Pell Grant is the largest federal grant program available through the U.S. Department of Education. The FAFSA information is used to determine eligibility for the Federal Pell Grant. Eligibility is based on the Expected Family Contribution (EFC) and enrollment status. The Student Aid Report will indicate initial eligibility. Award amounts are prorated for less than full-time enrollment. The Federal Supplemental Educational Opportunity Grant (FSEOG) is awarded to Pell Grant eligible students with a zero EFC. Awards and award amounts are determined annually based on the number of applicants who complete the FAFSA by the priority processing deadline and by the EFC.

Scholarships. The University offers an extensive scholarship program. Scholarships are awarded on the basis of financial need, academic achievement, artistic ability, athletic ability, college major, military commitment, community activities, geographic location or special interests. The admission application is used to determine academic merit scholarships for first-time freshmen and transfer students. Endowed scholarships require a separate application which is available online through the student portal under Southeast Student Processes-Apply for Endowed Scholarships. Additional information regarding scholarships and deadlines is available through the Office of Admissions or Student Financial Services and online at <http://www.semo.edu> by selecting “Future Students” or “Current Students” and then “Financing Your Education.” The State of Missouri provides need-based and merit awards primarily through the Access Missouri Financial Award and Bright Flight program. To be considered for a state of Missouri need-based award, the FAFSA must be received by the Department of Education Processor by April 1. Therefore, meeting the March 1 priority processing date will assure meeting the deadline date for Missouri State awards.

Loans. Loan programs administered by the University are the Federal Perkins Loan, the William D. Ford Federal Direct Subsidized and Unsubsidized Loan for students, the William D Ford Federal Direct PLUS Loan for parents of undergraduate students, and the Federal Direct Grad Plus Loan. To apply for a loan, follow the instructions provided with the award letter.

Student Employment. Student employment opportunities are available to students, either as regular student employment (non-need based) or Federal Work Study (need-based requiring a processed FAFSA by March 1). The number of FAFSA applicants meeting the priority processing deadline and the EFC determines who is eligible for Federal Work Study. Students may work up to 20 hours a week and are paid minimum wage or higher. Students must complete a Work Referral Authorization Form and related documents available through Student Financial Services before beginning employment. Students interested in student employment can view job openings through the Career Linkages website www.semo.edu/careerlinkages/students/part_time.htm. Career Linkages administers the Job Location and Development program to offer students referral to part-time work opportunities at businesses and organizations in the local community.

Verification. FAFSA records are selected to be verified by the Department of Education and the Uni-

versity. This process requires that the University collect documents (1040 tax transcripts, W-2 forms, worksheets, etc.) to verify data submitted on the FAFSA. A financial aid record is not considered complete and eligible for aid disbursement until verification has been completed and a revised student aid report is sent electronically to the University from the Department of Education. The last date verification forms or requested documentation will be accepted is the earlier of the last day of the semester or the student’s last documented date of attendance for the semester.

Satisfactory Academic Progress. Students must be maintaining satisfactory academic progress towards a degree in order to maintain continued eligibility for federal and Missouri state aid (in addition to any other state aid requirements). Satisfactory Academic Progress for financial aid purposes is reviewed after each semester including summer. Students are sent a warning notice after a semester for which they do not meet the satisfactory progress requirements. Students who fail to meet satisfactory progress for two consecutive semesters are suspended from financial aid. Students may appeal, in writing, to have financial aid reinstated. If reinstated, students are considered to be on probation during the term they are receiving aid. Failure to meet requirements for this probationary period will result in financial aid suspension. Satisfactory Academic Progress for financial aid purposes is measured differently than for academic purposes. A student may be allowed to continue to enroll in courses but without financial aid eligibility. This will require that the student pay out of pocket for educational expenses. The Satisfactory Academic Progress policy is available online at <http://www.semo.edu/sfs/financialaid/progress.htm>.

For further information, contact Student Financial Services by calling (573)651-2253 or e-mailing sfs@semo.edu, or logging online at <http://www.semo.edu> and select “Future Students” or “Current Students” and then “Financing Your Education.”

SCHOOL OF UNIVERSITY STUDIES

Center for Academic & Career Advising

The primary mission of the Center for Academic & Career Advising is to assist students at important points throughout their academic careers at Southeast. The Center helps students identify and use available campus resources to meet personal, academic, and career goals. Services in this office fall into three main categories:

Career Advising: Career Advisors work with students in all majors at Southeast to assess career opportunities and select a career path and major that

matches their interests and abilities. They provide quality career advising services to current students, alumni, faculty, and staff through individual appointments and group presentations including career proficiency checks, workshops, and other University presentations. Career advisors keep current in career and employment trends and work collaboratively within the Center for Academic and Career Advising making appropriate student referrals within the Center and to other resources across campus.

Academic Advising: Academic Advising is provided for students with majors in the Colleges of Liberal Arts, Health & Human Services, and the School of University Studies (exploratory) in the Center for Academic Advising located in Academic Hall. Students with majors in the Harrison College of Business, and the Colleges of Education and Science, Technology and Agriculture are advised through Academic Advising Centers in their respective colleges.

Academic advisors work with students as they progress through their academic programs. Academic advising is an intentional, collaborative relationship that promotes the student's development of competence, autonomy, and sound decision making skills. As a result of academic advising experiences, students will:

1. Be more informed regarding university and college policies, procedures, and courses as they relate to their academic program.
2. Know the requirements of their academic program and develop/follow an academic plan by: a) interpreting their degree audit by using DegreeWorks, b) selecting appropriate elective courses which enhance their background and preparation, c) following appropriate registration procedures.
3. Generate appropriate questions and apply academic advice.
4. Select activities and opportunities that enhance professional growth and development.

Career Linkages: Professionals in Career Linkages provide career assistance and support to students and alumni across all majors at Southeast. Services include computerized career exploration, resume/cover letter review, job search and interviewing assistance, mock interviews, a career resources library, and trained personnel to respond to career-related inquiries. Career Linkages provides information about career events and on-campus interviews, job postings, internship/practica opportunities, and much more. Staff professionals also work with academic program leaders on experiential learning programs, both locally and in the greater St. Louis area, to provide students coordinated and carefully planned pre-professional practice opportunities in

their fields of study. Career Linkages also coordinates employment opportunities available to students, graduates, and alumni through an online career management system.

Center for Writing Excellence

The Center for Writing Excellence promotes better writing throughout the University and the community by means of three major projects.

The Writing Lab, located in Kent Library room 412, provides individual assistance to students, faculty, and the community. Tutors will help writers gain confidence, generate and organize ideas, and revise more effectively, in addition to reviewing the basics of spelling, punctuation, and grammar. The Writing Lab will not proofread your work; rather, the tutors will help you to become a better editor of your own writing. Walk-ins are welcome, but you may make an appointment by calling (573) 651-2460. Tutors will also provide online assistance. Details are available at <http://ustudies.semo.edu/writing>.

The Writing Assessment Program provides individual and institutional assessment of writing. Through a series of exams, the program offers feedback to students on their writing skills, and in conjunction with the Writing Lab, support for the further development of those skills.

The Writing in the Disciplines program provides collaborative assistance to faculty in assessing the teaching of writing in their classes and development of improved teaching methods. Faculty can work individually with Writing Associates and attend periodic workshops on specific aspects of teaching writing in all academic fields.

Testing Services

Testing Services offers numerous examinations including national exams, institutional exams and individual tests. National exams include the Subject Based Graduate Record Exam (GRE), the Graduate Management Admission Test (GMAT), the Miller Analogy Exam (MAT), the ACT, the PRAXIS and GED Exams. Testing Services also supports the individual testing needs of students who have authorized accommodations from Disability Services. Students and other community members can make testing arrangements for correspondence exams and for various subjects in the College Level Examination Program (CLEP).

UI 100: First Year Seminar

UI 100: First Year Seminar is a required three-credit, interdisciplinary, theme-based introduction to the

University Studies program.
