All make-up tests or remedial assignments will be conducted on the student's own time, and at the direction of Academy Staff. **Defensive Tactics** – Student must have a written score of 80% and pass the practical examination. Performance on the practical exam will be evaluated by the Instructor. The practical examination will be scored as a pass or fail. Students who fail to pass any of these examinations will be given one opportunity to retake the examination and pass with the required score. If the student does not receive a passing score on the retake he/she will be dismissed from the Academy. All the retakes are assigned a score of 70%, except for First Responder and Defensive Tactics, in which retakes must obtain a 75% and 80% respectively.

**Report Writing** – Grades are recorded and included on the individual summary sheet. The summary sheet is provided as a record of individual grades and accomplishments to future employers, as well as forwarded to the State to document completion of curriculum.
