Independent Auditors' Report

Board of Regents
Southeast Missouri State University
Cape Girardeau, Missouri

We have audited the accompanying financial statements of Southeast Missouri State University (the University), a component unit of the state of Missouri, as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of University's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Southeast Missouri State University Foundation, a discretely presented component unit of the University. Those statements were audited by other accountants whose report dated September 21, 2009 thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Southeast Missouri State University Foundation, is based on the report of the other accountants.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other accountants provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other accountants, the financial statements referred to above present fairly, in all material respects, the financial position of Southeast Missouri State University and of its discretely presented component unit as of June 30, 2009, and the respective changes in financial position and cash flows thereof for the year then ended in, conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2009, on our consideration of the University's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying management's discussion and analysis and Schedule of Funding Progress for Postemployment Healthcare Plan as listed in the table of contents is not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

SOUTHEAST MISSOURI STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis of Southeast Missouri State University's (the University) basic financial statements provides a comparative overview of the University's financial performance during the year ended June 30, 2009. The Management's Discussion and Analysis is designed to focus on current activities and resulting changes, and should be read in conjunction with the University's basic financial statements and footnotes.

Using This Report

This report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis - for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis - for Public Colleges and Universities*. These basic financial statements focus on the financial condition of the University, the results of operations, and cash flows of the University as a whole.

The Statement of Net Assets includes the assets, liabilities, and net assets of the University as of the end of the fiscal year. The Statement of Net Assets is a point of time financial statement. It is prepared under the accrual basis of accounting, whereby assets are recognized when the service is provided and liabilities are recognized when others provide the service, regardless of when cash is exchanged. The University's net assets (the difference between assets and liabilities) are one indicator of the University's financial health. Over time, increases or decreases in net assets is one indicator of the improvement or erosion of the University's financial health when considered with non-financial facts such as enrollment levels and the conditions of facilities.

The Statement of Revenues, Expenses, and Changes in Net Assets presents the revenues earned and expenses incurred during the year. Activities are reported as either operating, nonoperating or other. All things being equal, a public University's dependency on state appropriations and gifts will result in operating deficits. That is because the financial reporting model prescribed by GASB No. 34 classifies state appropriations and gifts as nonoperating revenues. The utilization of long-lived assets, referred to as Capital Assets, is reflected in the basic financial statements as depreciation, which amortizes the cost of an asset over its expected useful life.

The Statement of Cash Flows presents the University's flows of cash. The primary purpose of the Statement of Cash Flows is to provide information about the University's cash receipts and payments summarized by operating, capital and related financing, noncapital financing and investing activities.

SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (*Continued*)

Financial Analysis of the University

The following table reflects the Net Assets of the University as of June 30:

Condensed Statements of Net Assets As of June 30, 2009 and 2008

	<u>2009</u>	<u>2008</u>
Current Assets	\$ 49,216,885	\$ 78,830,240
Noncurrent Assets		
Capital assets, net of depreciation	322,294,830	300,854,654
Other	<u>32,015,996</u>	<u>28,687,723</u>
Total Assets	<u>\$ 403,527,711</u>	<u>\$ 408,372,617</u>
Current Liabilities	\$ 22,273,097	\$ 17,359,573
Noncurrent Liabilities	<u>112,510,139</u>	<u>130,630,800</u>
Total Liabilities	<u>\$ 134,783,236</u>	<u>\$ 147,990,373</u>
Net Assets		
Invested in capital assets, net of related debt	\$ 233,512,002	\$ 221,352,897
Restricted	6,943,150	4,163,328
Unrestricted	<u>28,289,323</u>	<u>34,866,019</u>
Total Net Assets	<u>\$ 268,744,475</u>	<u>\$ 260,382,244</u>

Current assets consist primarily of unrestricted and restricted cash and cash equivalents, unrestricted and restricted short-term investments, accounts receivable, accrued interest receivable and inventory. Current assets totaled \$49.22 million at June 30, 2009 and \$78.83 million at June 30, 2008. The decrease in current assets of approximately \$29.61 million from June 30, 2008, was due to the expending of the System Facilities Revenue Bond Series 2008 construction funds for the construction of the new Residence Hall and other Residence Life capital improvements.

The majority of noncurrent assets are capital assets which are recorded net of accumulated depreciation. Please refer to Note 2 in the footnotes to the basic financial statements for more information regarding the University's policy for depreciating capital assets. In addition to capital assets, long-term investments comprised \$21.00 million of noncurrent assets at June 30, 2009. Long-term investments comprised \$14.02 million of noncurrent assets at June 30, 2008.

SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (Continued)

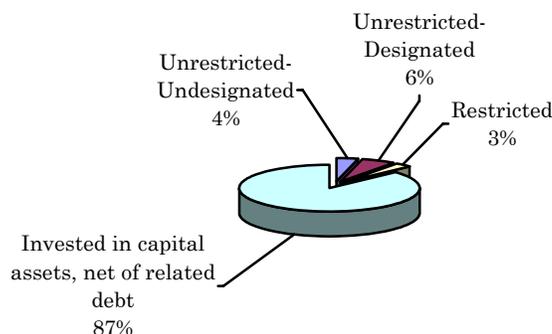

Current liabilities consist primarily of accounts payable, accrued compensation and unearned income. Current liabilities also include the current portion of bonds payable. Current liabilities totaled \$22.27 million at June 30, 2009 and \$17.36 million at June 30, 2008. The increase in current liabilities of approximately \$4.91 million from June 30, 2008, is primarily due to the increase of accounts payable related to capital projects such as the new residence hall and related capital improvements.

Noncurrent liabilities primarily consist of long-term debt, which totaled \$112.51 million at June 30, 2009 and \$130.63 million at June 30, 2008. There were no bonds issued during fiscal year 2009. During fiscal year 2008, the University issued long-term financing for the construction and renovation of new student housing and related improvements. The bond issue also provided funds to refund the original principal remaining on System Facilities Revenue Bond Series 1998A and 1998B. The University made all regularly scheduled bond payments.

Net assets represent the residual interest in the University's assets after liabilities are deducted.

	June 30,	
	2009	2008
Net Assets:		
Invested in capital assets, net of related debt	\$ 233,512,002	\$ 221,352,897
Restricted:		
Nonexpendable	2,221,496	2,153,952
Expendable	4,721,654	2,009,376
Total Restricted	240,455,152	4,163,328
Unrestricted:		
Designated	16,205,465	24,070,615
Undesignated	12,083,858	10,795,404
Total Unrestricted	28,289,323	34,866,019
Total Net Assets	\$ 268,744,475	\$ 260,382,244

Following is a breakdown of net assets at June 30, 2009:

SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (*Continued*)

Net assets invested in capital assets, net of related debt represent the University's capital assets net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets. Net assets invested in capital assets increased approximately \$12.16 million from \$221.35 million at June 30, 2008 to \$233.51 million at June 30, 2009.

Restricted net assets include the University's permanent endowment, managed by the Southeast Missouri University Foundation, which totaled \$2.22 and \$2.15 million at June 30, 2009 and 2008, respectively. The increase in the permanent endowment is due to fluctuations in market value of investments. Although unrestricted net assets are not subject to externally imposed stipulations, approximately 57% has been internally designated as of June 30, 2009.

Following is a breakdown of designated unrestricted net assets as of June 30:

	2009	2008
Unrestricted - Designated Net Assets		
Investment in inventories	\$ 2,432,698	\$ 2,534,384
Future operations (including capital projects)	11,591,900	19,314,112
Quasi-endowment	2,180,867	2,222,119
	<hr/>	<hr/>
Total	\$ 16,205,465	\$ 24,070,615

The total Unrestricted-undesigned net assets of the University of \$12.08 million at June 30, 2009 includes balances accumulated from the operations of the auxiliary enterprises, such as the residence hall system and bookstore, which totaled \$6.98 million, from loan programs which totaled \$0.83 million, and from general operations which totaled \$4.27 million. The total Unrestricted-undesigned net assets of the University of \$10.80 million at June 30, 2008 included balances accumulated from the operations of the auxiliary enterprises such as the residence hall system and bookstore, which totaled \$7.68 million, from loan programs which totaled \$0.44 million, and from general operations which totaled \$2.68 million.

SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (*Continued*)

Total revenues for fiscal year 2009 were \$162.35 million, which consisted of operating revenues of \$96.99 million, nonoperating revenues of \$62.53 million and other revenues of \$2.83 million. Total revenues for fiscal year 2008 were \$183.05 million, which consisted of operating revenues of \$94.37 million, nonoperating revenues of \$55.01 million and other revenues of \$29.41 million. The decrease of approximately \$26.58 million in other revenue is attributed to a decrease of \$11.12 million in capital grants, and a decrease of \$15.46 million in capital appropriations. The most significant sources of revenue for the University are state appropriations, student tuition and fees, grants and contracts, and auxiliary services.

Following is a graphic illustration of total revenue by source for the year ended June 30, 2009:

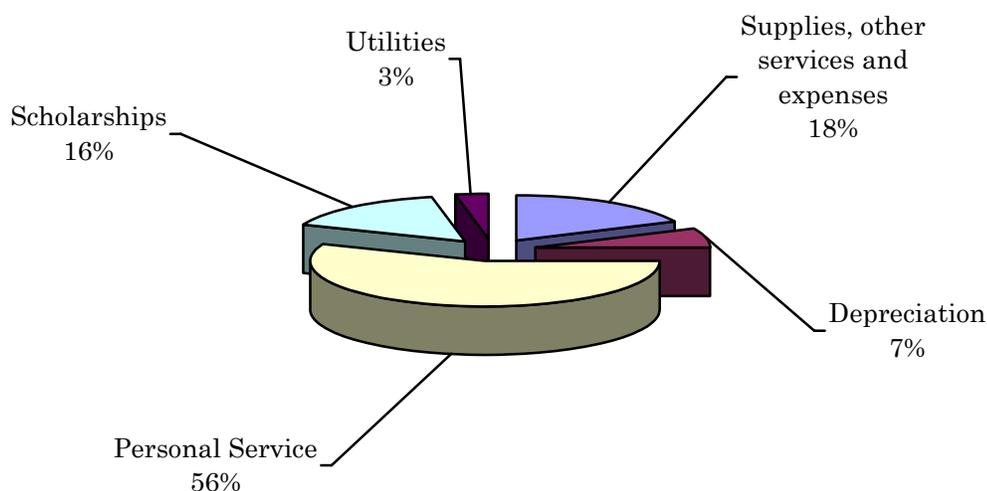

Student tuition and fees surpassed state appropriations as the largest source of revenue for the University in fiscal year 2007. State appropriations have been declining as a percent of total revenue from 37% in fiscal year 2002 to 29% in fiscal year 2009. The University's state appropriation for fiscal year 2010, net of the 3% governor's reserve withholding, is \$47.19 million which is below fiscal year 2001 funding levels. The fiscal year 2010 state appropriation remained at the same funding level as fiscal year 2009, however 11% of the 2010 appropriation is being paid from federal budget stabilization funds. The University received \$1.25 million in capital appropriations in fiscal year 2009.

SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (*Continued*)

Operating expenses totaled \$150.21 million for the fiscal year ended June 30, 2009. Personal service costs, including the costs related to faculty, staff and student labor, accounted for 56.1% of the total operating expenses at June 30, 2009. Operating expenses of the University totaled \$142.98 million for the fiscal year ended June 30, 2008. Personal service costs, including the costs related to faculty, staff and student labor, accounted for 56.8% of the total operating expenses at June 30, 2008.

Following is a graphic illustration of operating expenses by source for the year ended June 30, 2009:

Bonds and Notes Payable

The University had outstanding bonds of approximately \$104.62 million and \$117.01 million at June 30, 2009 and 2008, respectively. During fiscal year 2009, the University issued no new bonds. During fiscal year 2008, the University issued \$56.65 million in System Facilities Revenue Bond Series 2008 bonds for the construction and renovation of new student housing and related improvements. The bonds also provided funds to refund the original principal remaining on System Facilities Revenue Bond Series 1998A and 1998B. The University made all regularly scheduled debt service payments. Please refer to the bonds payable footnote (Note 8) in the notes to the basic financial statements for additional disclosures.

At June 30, 2009, the University had outstanding notes payable of approximately \$8.18 million, a decrease of approximately \$1.68 million from June 30, 2008. Please refer to the notes payable footnotes (Note 9) in the notes to the basic financial statements for additional disclosures.

SOUTHEAST MISSOURI STATE UNIVERSITY

Management's Discussion And Analysis (*Continued*)

The University's financial strength is rated "AAA" by Standard & Poor's Rating Services, a division of the McGraw-Hill Companies Inc., as of June 30, 2009.

Capital Assets

At June 30, 2009 and 2008, the University's investment in capital assets was as follows:

	<u>2009</u>	<u>2008</u>
Land	\$ 4,217,138	\$ 3,800,671
Buildings and improvements	299,613,051	294,896,235
Infrastructure	27,080,573	23,760,725
Equipment	38,969,358	38,222,854
Library books	21,766,964	20,907,379
Construction in progress	26,678,163	6,085,318
	<u>418,325,247</u>	<u>387,673,182</u>
Less: Accumulated depreciation	96,030,417	86,818,528
	<u>\$ 322,294,830</u>	<u>\$ 300,854,654</u>

At June 30, 2009, the University had initiated plans and incurred certain contractual commitments related to the construction of various facilities. The costs to complete these projects are estimated at \$11.55 million at June 30, 2009 and are to be funded from bond proceeds, state appropriations, federal grants, or other local sources. These projects include approximately \$3.87 million for new Student Housing, \$1.95 million for the Autism Center, and \$4.52 million for other Residence Life and Parking capital improvements.

At June 30, 2008, the University had initiated plans and incurred certain contractual commitments related to the construction of various facilities. The costs to complete these projects are estimated at \$26.63 million at June 30, 2008 and are to be funded from bond proceeds, federal appropriations, private gifts, or other University funds. These projects include approximately \$21.84 million for construction, site improvements and equipment purchases related to the New Student Housing, \$1.16 million for other Residence Life and Parking Capital Improvements, and \$.86 million for the Magill Renovations.

Reconciliation Of Operating Loss To Net Cash

Used In Operating Activities:

Operating loss	\$ (53,220,984)
Adjustments to reconcile operating loss to net cash used in operating activities:	
Depreciation expense	9,833,285
Other post-employment benefit (OPEB) expense	26,550
Workers compensation and unemployment expenses paid by state	282,685
Gifts in kind from Southeast Missouri University Foundation	136,813
Changes in assets and liabilities:	
Receivables, net	(218,798)
Inventories	(8,287)
Prepaid expenses	(25,723)
Accounts payable	2,466,444
Deferred revenues	409,467
Accrued compensation	86,219
Deposits held for others	11,715

Net Cash Used In Operating Activities

\$ (40,220,614)

SOUTHEAST MISSOURI STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS

June 30, 2009

1. Organization

The University was established in 1873 as the Southeast Missouri Normal School. Since then the school has been named the Southeast Missouri State Teachers' College and Southeast Missouri State College. In 1972 the Missouri State legislature adopted the school's current name of Southeast Missouri State University (the University). The University is a multi-purpose regional institution of higher education, which derives its authority from the people of Missouri through the state legislature. The University is considered a component unit of the State of Missouri.

The University is fully accredited by the North Central Association of Colleges and Schools and the National Council for the Accreditation of Teacher Education. The University also holds several specific program accreditations and is a member of several associations including the National Collegiate Athletic Association (NCAA). The University achieves its educational goals by offering instructional programs and other learning experiences at the certificate, associate, baccalaureate, masters and specialist levels.

2. Basis Of Presentation And Summary Of Significant Accounting Policies

Basis Of Presentation:

The basic financial statements of the University have been prepared using the economic resource measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for public colleges and universities and is presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements - Management's Discussion and Analysis for Public Colleges and Universities*. The University follows the "business-type" activities requirements of GASB Statement No. 34. This approach requires the following components:

- Management's Discussion and Analysis
- Financial Statements including a Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets, and a Statement of Cash Flows for the University as a whole, and
- Notes to financial statements

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

GASB Statement No. 34 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following three net asset categories:

- **Invested In Capital Assets, Net Of Related Debt:** Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- **Restricted:**
 - Nonexpendable** - Net assets subject to externally imposed stipulations that the University maintain them permanently. Such assets include the University's permanent endowment funds.
 - Expendable** - Net assets whose use by the University is subject to externally imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time.
- **Unrestricted:** Net assets that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or the Board of Regents or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net assets are designated for academic and research programs and initiatives, and capital programs.

In accordance with GASB Statement No. 20, the University is required to follow all applicable GASB pronouncements. In addition, the University applies all applicable Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The University has elected not to apply FASB pronouncements issued after November 30, 1989.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

Reporting Entity:

GASB Statement No. 14, *The Financial Reporting Entity*, provides guidance as to the financial reporting of component units (legally separate organizations for which the University is financially accountable). The University has adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14 to provide additional guidance for determining whether certain organizations for which the University is not financially accountable should be reported as component units based on the nature and significance of their relationship with the University. The Missouri Research Corporation and the Missouri Research Corporation II, Inc. are not included in the University's financial statements because they do not meet the criteria set forth for component units under GASB Statement No. 14 or GASB Statement No. 39. However, both are considered related entities.

The Southeast Missouri University Foundation (the Foundation) is a legally separate tax-exempt entity which meets the criteria set forth for component units under GASB Statement No. 39. The Foundation provides financial support for the objectives, purposes, and programs of the University. Although the University does not control the timing, purpose, or amount of receipts from the Foundation, the resources (and income thereon) which the Foundation holds and invests are restricted to the activities of the University. Because these resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements. The Foundation's significant notes are summarized in Note 15.

During the year ended June 30, 2009, the Foundation distributed \$2,468,526 to the University for both restricted and unrestricted purposes.

Complete financial statements for the Foundation can be obtained by sending a written request to: Southeast Missouri University Foundation, Wehking Alumni Center, One University Plaza, Cape Girardeau, Missouri, 63701.

Summary Of Significant Accounting Policies:

Cash And Cash Equivalents - The University considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents are combined on the statement of cash flows and represent cash and repurchase agreements.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

Capital Assets - Physical properties are recorded at cost or, when donated, at fair market value at date of gift. All financially significant building and infrastructure additions and improvements are capitalized if the life of the building is extended. Additionally, all purchases of equipment, furnishings and other personal property with a useful life greater than one year and costing one thousand dollars or greater are capitalized. Depreciation on equipment is computed using the straight line method with depreciation beginning in the month after acquisition and through the month of disposal. Depreciation is computed on all other assets using the straight-line method, with a full-year expense in the year after acquisition and none in the year of disposal. Capital assets are depreciated over the estimated useful lives as follows:

	<u>Years</u>
Capital Assets	
Buildings and site improvements	10 to 50
Infrastructure	10 to 50
Library books	30
Machinery and tools	5 to 20
Office equipment and furnishings	5 to 20
Scientific equipment and other	5 to 50
Computer hardware and software	4 to 5

When capital assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts.

Due From Component Unit - Foundation - The University bills the Foundation monthly for the use of University services. The final billing for the fiscal year is not paid by the Foundation and received by the University until the following fiscal year, therefore creating a receivable for the University. Additionally, the University participates in the Foundation's investment pool. The investment pool is required to maintain investments in government securities with a combined market value which is at least 110% of the University's share of the pooled investments. As the University does not have title to these investments, their share of the investment pool is recorded as a Due from Component Unit - Foundation.

Inventories - Inventories consist of office, farm and physical plant supplies and are recorded at cost using the first-in, first-out method. Bookstore resale inventories are recorded at the lower of cost (using the first-in, first-out method) or market (net realizable value). Textbooks available for rental are recorded at cost and amortized over their estimated useful lives.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

Income Taxes - The University is classified as a political subdivision of the State of Missouri under Internal Revenue Code Section 115(a) and is therefore exempt from federal income taxes. Certain activities of the University may be subject to taxation as unrelated business income.

Investments - Investments in publicly traded securities are stated at fair value as established by major securities markets. All investments are stated at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*.

Compensated Absences - University employees earn vacation benefits based, in part, on length of service. Vacation pay is fully vested when earned. Upon separation from service, employees are paid accumulated vacation pay based upon the nature of separation (death, retirement or termination). Certain limitations have been placed on the hours of vacation that employees may accumulate and carry over for payment at termination, retirement or death. Unused hours exceeding these limitations are forfeited.

During fiscal year 2004, the University approved a one-time Voluntary Retirement Incentive Program (VRIP) for faculty. VRIP participants who retired on or before May 31, 2005 did receive an amount, at the time of their retirement, equal to the faculty member's fiscal year 2004 base salary. Participants receive retiree medical health insurance as a supplemental benefit through the University's medical plan up to five years or until the participant is hired and covered by an employer-paid health plan. If the new employer does not pay 100% of the employee premium, the University will pay the difference up to the amount of the University's monthly retiree health insurance premium. The University will provide a Medicare supplemental health insurance benefit to Medicare eligible participants for the remainder of the five-year period.

Eliminations - In preparing the basic financial statements, the University eliminates inter-fund assets and liabilities that would otherwise be reflected twice in the Statement of Net Assets. Similarly, revenues and expenses related to internal service activities are also eliminated from the Statement of Revenues, Expenses, and Changes in Net Assets. Consequently, student tuition and residence fees are presented net of scholarships applied to student accounts, while stipends and other payments made directly to students are presented as scholarship expenses.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

Operating And Nonoperating Revenues - The University's policy for defining operating activities as reported on the Statement of Revenues, Expenses, and Changes in Net Assets are those that generally result from exchange transactions such as payments received for providing services and payments made for services or goods received. Operating revenues include student tuition and fees net of scholarship allowances and auxiliary activities. Nearly all of the University's expenses are from exchange transactions. Certain significant revenue streams relied upon for operations are recorded as non-operating revenues, as defined by GASB Statement No. 34. Nonoperating revenues include revenues from activities that have the characteristics of nonexchange transactions such as gifts and contributions and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting* and GASB Statement No. 34, such as state appropriations and investment income and certain federal, state and nongovernmental grants and contracts.

Unearned Income - Unearned income consists primarily of summer school tuition not earned during the current year.

Student Tuition And Fees - Student tuition and fee revenues are reported net of scholarship allowances in the Statement of Revenues, Expenses, and Changes in Net Assets. Scholarship allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by the students or third parties on behalf of the students.

Bond And Note Issuance Costs - These costs are amortized over the life of the bond or note liability based on a method that approximates the effective interest rate method. For the year ended June 30, 2009, total charges to net assets balances related to the amortization of such costs were \$325,145.

Amortization - The deferred amount on refunding is amortized as interest on capital related debt using the bonds outstanding method.

Auxiliary Activities - Auxiliary activities mainly represent revenues generated from University housing and food service, bookstore sales, textbook rentals and various other departmental activities that provide services to the students, faculty, staff and general public.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

Use Of Estimates - The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

3. Deposits And Investments

Deposits:

Custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The University's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. Agencies or instrumentalities of the state of Missouri; bonds of any city, county, school district or special road district of the state of Missouri; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

At June 30, 2009, the University had \$100,000 in deposits exposed to custodial credit risk.

Foreign Currency Risk. The risk related to adverse affects on the fair value of a deposit from changes in exchange rates. At June 30, 2009, the University had no exposure to foreign currency risk as the University had no deposits held by international banks.

Investments:

The University may invest in United States Treasury Securities, United States Agency Securities, repurchase agreements, collateralized public deposits (certificates of deposits) and banker's acceptances.

At June 30, 2009, the University had the following investments and maturities:

Investment Type	Credit Rating	Fair Value	Investment Maturities (In Years)	
			< 1 Year	1-5 Years
U.S. Agency Obligations	AAA/ Not Rated	\$ 14,121,876	\$ 2,425,788	\$ 11,696,088

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of ensuring the safety of principal invested, the University's investment policy is to diversify investments so as to minimize the potential loss on individual securities. The maturities are structured to meet cash flow needs of the University, thereby avoiding the need to sell securities in the open market prior to maturity. Callable securities are restricted to securities callable at par only.

Credit Risk. Credit risk is the risk that the issuer or other counter party to an investment will not fulfill its obligations. It is the University's policy to limit its investment in banker's acceptance to domestic commercial banks possessing the highest rating issued by Moody's Investor Services or Standard & Poor's Corporation. Commercial paper is limited to domestic corporations that have received the highest rating issued by Moody's Investor Services or Standard & Poor's Corporation, and corporations having total assets in excess of five hundred million dollars. The University had no funds invested in commercial paper or banker's acceptance at June 30, 2009.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counter party, the University will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Collateralization equal to at least 100% of the market value (including accrued interest) is required for repurchase agreements. The University maintains a depository contract and pledge agreement with its safekeeping bank that complies with the Financial Institutions, Reform, Recovery, and Enforcement Act of 1989 (FIRREA).

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government investment in a single issuer. According to the University's investment policy, investments shall be diversified to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer, or specific class of securities. The types of investments that can be held in the University's portfolio include U.S. Treasury and Agency securities, repurchase agreements, collateralized public deposits, commercial paper and banker's acceptances. No more than 5% of the total market value of the portfolio may be invested in banker's acceptances issued by any one commercial bank and no more than 5% of the total market value of the portfolio may be invested in commercial paper of any one issuer.

Foreign Currency Risk. This risk relates to adverse affects on the fair value of an investment from changes in exchange rates. At June 30, 2009, the University had no exposure to foreign currency risk as there were no foreign investments in the University's portfolio.

Variable Rate Demand Educational Facilities Revenue Bonds Series 2003B	9,875,000	—	(9,875,000)	—
System Facilities Revenue Bonds Series 2006A	8,745,000	—	(170,000)	8,575,000
<u>System Facilities Revenue Bonds Series 2008</u>	<u>56,650,000</u>	<u>—</u>	<u>(865,000)</u>	<u>55,785,000</u>
	<u>\$ 117,420,000</u>	<u>\$ —</u>	<u>\$ (12,445,000)</u>	104,975,000
Less: Current maturities (due within one year)				3,155,000
Less: Deferred amounts on refunding				510,075
Add: Premium on bond payable				<u>151,918</u>
				<u>\$ 101,461,843</u>

On April 22, 2008, the Board of Regents approved the issuance of \$56,650,000 of System Facilities Revenue Bond Series 2008 for the acquiring, constructing, expanding, renovating, improving, furnishing and equipping a student housing facility and related improvements, providing funds to refund the \$8,655,000 original principal amount of System Facilities Revenue Bonds Series 1998A and \$10,605,000 original principal amount of System Facilities Revenue Bonds Series 1998B and funding capitalized interest on the Series 2008 Bonds. The Series 2008 bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2008 bonds maturing April 1, 2016 and thereafter shall be subject to redemption on or after April 2015 at a redemption price of 100% of the principal amount. The Series 2008 bonds bear interest at rates varying from 2.45% to 4.75% and mature serially through fiscal year 2038.

On April 24, 2006, the Board of Regents issued \$8,915,000 of System Facilities Revenue Bond Series 2006A for the construction and furnishing of an Aquatic Center, swimming pool and related improvements. The Series 2006A bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2006A bonds maturing April 1, 2015 and thereafter shall be subject to redemption on or after April 1, 2014 at a redemption price of 100% of the principal amount. The Series 2006A bonds bear interest at rates varying from 4 % to 4.6% and mature serially through fiscal year 2036.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

On December 13, 2002, the Board of Regents approved the planning, design and construction of a School of Visual and Performing Arts at the River Campus, and the issuance of Series A fixed-rate bonds and Series B variable-rate bonds through the Missouri Development Finance Board. On October 1, 2003, the Missouri Development Finance Board issued \$9,975,000 Educational Facilities Revenue Bonds (Southeast Missouri State University River Campus Project) Series 2003A and \$26,360,000 Variable Rate Demand Educational Facilities Revenue Bonds (Southeast Missouri State University River Campus Project) Series 2003B. The Series 2003A bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2003A bonds maturing October 1, 2012, and thereafter shall be subject to redemption on or after October 1, 2012 at a redemption price of 100% of the principal amount. The Series 2003A bonds are collateralized by an annual appropriation by the University. The University, subject to annual appropriation, will receive amounts from the City of Cape Girardeau, Missouri's hotel/motel tax to pay debt service on the Series 2003A bonds. The Series 2003A bonds bear interest at rates varying from 2.7% to 4.625% and mature serially through fiscal year 2024. On June 30, 2008, the University received \$10,487,537 from the Missouri Development Finance Board. On August 5, 2008, the funds were used to pay off the remaining \$9,875,000 principal and interest balance on the Series 2003B bonds.

On April 1, 2002, the University issued System Facilities Revenue Bonds Series 2002 in the aggregate principal amount of \$6,645,000 for parking system improvements. The Series 2002 bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2002 bonds maturing April 1, 2010 and thereafter shall be subject to redemption on or after April 1, 2009 at a redemption price of 100% of the principal amount. The Series 2002 bonds bear interest at rates varying from 4.05% to 5.15% and mature serially through fiscal year 2032.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

On June 28, 2001, the University's Board of Regents approved the construction of a 293-bed residence hall, and the sale of System Facilities Revenue Bonds to fund the project. On August 1, 2001, the Board of Regents approved the advance refunding of \$12,855,000 of Housing System Refunding and Improvement Revenue Bonds Series 1993. System Facilities Refunding and Improvement Revenue Bonds Series 2001 were issued on August 30, 2001, in the aggregate principal amount of \$30,975,000. Net proceeds in the amount of \$13,799,880 were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the \$12,855,000 of Series 1993 bonds advance refunded. As a result, this portion of the Series 1993 Housing bonds are considered to be defeased and the liability for these bonds has been removed from the accompanying basic financial statements. Effective June 30, 2007, there were no defeased Series 1993 Housing Bonds outstanding.

During 2002, the advance refunding of the 1993 bonds resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$647,301. This difference, reported in the accompanying basic financial statements as a reduction from revenue bonds payable, is being charged to operations through 2021 using the bonds outstanding method.

The Series 2001 bonds shall pay interest semiannually on April 1 and October 1. At the option of the University, the Series 2001 bonds maturing April 1, 2012 and thereafter shall be subject to redemption on or after April 1, 2011 at a redemption price of 100% of the principal amount. The Series 2001 bonds, collateralized by a pledge of the gross income and revenues derived from the ownership or operation of the System Facilities, bear interest at rates varying from 4.375% to 5.625% and mature serially through fiscal year 2031.

The System Facilities is composed of the Housing System, the Student Union Facility (University Center), the Student Recreation Center, the Outdoor Recreation Fields, and the Parking and Transit system. Revenue derived from the operation of these facilities is pledged for the retirement of the outstanding 2001 Series Bonds, 2002 Series Bonds and the 2008 Series Bonds. Under the provisions of these bond resolutions, the University covenants to establish rates for the use and services of the System Facilities sufficient to fund operations, maintain reserves, and provide revenues to pay principal and interest on the bonds.

Interest expense was \$3,272,888 for 2009, net of capitalized interest of \$1,896,152.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

Scheduled fiscal year maturities of System Facilities and Educational Facilities bonds payable and related interest are as follows:

	<u>Principal</u>	<u>Interest</u>
2010	\$ 3,155,000	\$ 4,616,944
2011	3,265,000	4,499,016
2012	3,395,000	4,372,203
2013	3,520,000	4,250,192
2014	3,665,000	4,120,433
2015-2019	20,700,000	18,273,577
2020-2024	21,780,000	13,516,272
2025-2029	20,080,000	8,909,130
2030-2034	15,685,000	4,326,415
2035-2038	9,730,000	1,128,651
	<u>\$ 104,975,000</u>	<u>\$ 68,012,833</u>

9. Notes Payable

Notes payable at June 30, 2009 are summarized as follows:

	<u>Balance - June 30, 2008</u>	<u>Principal Additions</u>	<u>Principal Payments</u>	<u>Balance - June 30, 2009</u>
L.D. Brodsky - Library Additions	\$ 24,427	\$ —	\$ (24,427)	\$ —
Installment purchase - North Chiller Plant Expansion	126,643	—	(126,643)	—
Installment Payment Contract Certificates 2002	9,690,000	—	(1,515,000)	8,175,000
	<u>\$ 9,841,070</u>	<u>\$ —</u>	<u>\$ (1,666,070)</u>	8,175,000
Less: Current maturities (due within one year)				1,625,000
Add: Premium on notes payable				<u>12,977</u>
				<u>\$ 6,562,977</u>

In 1988, the University entered into an agreement with L.D. Brodsky for the acquisition of the Brodsky-Faulkner Collection of rare books. The University paid Mr. Brodsky a total of \$498,140 over a 20-year period plus interest at an annual rate of 8.00%. In addition, in 1988 the University appointed Mr. Brodsky as curator of the collection for a 20-year period. The University compensated Mr. Brodsky a total of \$800,000 over 20 years in consideration for his service as curator. Final payments on both agreements were made during fiscal year 2009.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

On January 25, 1999, the University entered into an installment sales agreement with Siemens Building Technologies, Inc., to expand the north chiller of the power plant. This agreement was amended on February 1, 1999, with a funding date of December 22, 1999. The first payment was due on January 22, 2000, with subsequent payments each September 1. The final payment was made in September 2008.

On May 1, 2002, the University issued \$15,635,000 Installment Payment Contract Certificates Series 2002 for various energy savings measures. The certificates pay interest semiannually on April 1 and October 1 in each year. The certificates maturing October 1, 2010 and thereafter shall be subject to redemption at the option of the University on or after October 1, 2009 at a redemption price of 100% of the principal amount. The Series 2002 certificates bear interest at varying rates from 4% to 4.75% and mature serially through fiscal year 2012.

Interest expense was \$385,670 for 2009. Scheduled fiscal year maturities on notes payable and related interest are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2010	\$ 1,625,000	\$ 318,805
2011	1,745,000	251,405
2012	4,805,000	179,503
	<u>\$ 8,175,000</u>	<u>\$ 749,713</u>

10. Retirement Plan

Substantially all full-time University employees are participants in the statewide Missouri State Employees' Retirement System (MOSERS), a single-employer defined benefit public employees' retirement system.

Participation in MOSERS is available to employees of all state departments, agencies, and public institutions of higher education. As such, the University considers its participation in MOSERS as substantially equivalent to that of a cost-sharing, multiple employer public employee's retirement system. The operations and management of MOSERS are generally prescribed in the Missouri Revised Statutes and supervised by MOSERS Board of Trustees.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

MOSERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to MOSERS, 907 Wildwood Drive, P. O. Box 209, Jefferson City, Missouri 65102.

MOSERS provides retirement, death and disability benefits to its members. Benefits for general State employees are fully vested after five years of credited service. Employees may retire at or after age 55 and receive a reduced benefit. Employees may also retire with full benefits when the sum of the employee's years of service plus the employee's age equals 80 or more.

State statutes require the state of Missouri to fund all contributions to MOSERS. These actuarially determined contributions are computed as a level percentage of covered payroll. The percentage for fiscal year 2009 and 2008 was set at 12.53% and 12.84%, respectively. Contributions to MOSERS were \$6,008,069, \$6,118,896, and \$5,948,805 for the fiscal years ended June 30, 2009, 2008 and 2007, respectively, which were equal to the required contributions each year. The MOSERS funded status ratio was 85.9% and 86.8% as of June 30, 2008 and 2007, respectively.

CURP

Beginning July 1, 2002, in accordance with Section 104.1200 through 104.1215 of the Revised Statutes of Missouri, employees hired who meet the criteria of an "education employee" participate in the College and University Retirement Plan (CURP). It is a noncontributory 401(a) defined contribution plan for education employees at regional colleges/universities in Missouri. The MOSERS has been given the responsibility by law to implement and oversee the administration of the plan. The TIAA-CREF group of companies is the third-party administrator for the CURP and manages the investment options under the plan. Contributions made by the University are self-directed by participants into their selected individual accounts. By law, the CURP contribution rate is equal to 1% less than the normal cost contribution rate of the Missouri State Employees' Plan 200 (MSEP 200). After participating in CURP for at least six years, a faculty member may elect to become a member of MOSERS.

The University is required to contribute to CURP at an actuarially determined rate; the rate was 7.88% and 7.87% of annual covered payroll for 2009 and 2008, respectively. The University's contributions to CURP for the years ended June 30, 2009, 2008 and 2007 were \$722,506, \$562,857 and \$423,629, respectively, which equaled the required contributions for the years

11. Postemployment Healthcare Plan

Plan Description. The University provides a one time opportunity for retirees to continue medical insurance coverage. Retirees who elect to continue medical insurance are required to pay monthly premiums on the basis of an implicit rate subsidy calculation. Monthly premiums for participating retirees under 65 years of age are subsidized by the University at the rate of 1% for every year of active service to the University. The adjusted monthly retiree premium cost will not go below 80% of the premium amount. Financial statements for the plan are not available.

Funding Policy. The University pays for their portion of the medical insurance premiums on a pay-as-you-go basis. No trust fund has been created for the payment of the University's portion of the medical insurance premiums; therefore as of June 30, 2009 the University's obligations are unfunded. For more information see the Schedule of Funding Progress in the Required Supplementary Information section.

Annual Other Post Employment Benefit (OPEB) Cost and Net OPEB Obligation. The University's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45 *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

The following table shows the components of the University's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the University's net OPEB obligation to the plan:

Annual required contribution	\$ 387,370
Interest on OPEB obligation	13,819
Adjustment to annual required contribution	(17,979)
Annual OPEB cost	<u>383,210</u>
Contributions made	<u>245,671</u>
Increase in OPEB obligation	137,539
Net OPEB obligation - beginning of year	<u>276,381</u>
Net OPEB obligation - end of year	<u><u>\$ 413,920</u></u>

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

The University's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2009 and the previous year were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage Of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/09	\$ 383,210	64.1%	\$ 413,920

Funded Status and Funding Progress. As of July 1, 2007, the most recent actuarial valuation date, the plan had no assets since the University does not fund the plan. The unfunded actuarial accrued liability (UAAL) for benefits was \$3.4 million. The covered payroll (annual payroll of active employees covered by the plan) was \$48.5 million, and the ratio of the UAAL to the covered payroll was 6.99%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2007, actuarial valuation, the projected unit credit actuarial method was used. The actuarial assumptions included a 5% discount rate, an annual healthcare cost trend rate of 10% initially, reduced by decrements to an ultimate rate of 5% after five years, and a 4% annual increase in salaries. 40% of participants are assumed to continue under the same coverage they are currently electing for their lifetime. It is also assumed that all retirees will continue coverage for their lifetime. The UAAL is being amortized as a level dollar amount over 30 years. The remaining amortization period at July 1, 2007 was 30 years.

12. Contingencies And Risk Management

The University is subject to various legal proceedings and claims which arise in the ordinary course of its operations. In the opinion of the University management, the amount of ultimate liability with respect to these actions will not materially affect the overall financial position of the University.

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. It is the opinion of management that such reimbursements, if any, will not have a material effect on the University's financial position.

University employees are covered under Worker's Compensation by the State of Missouri. Claims are submitted to the State and paid by the State in behalf of the University. Total claims paid for the University employees for fiscal year 2008-2009 were approximately \$282,685.

The majority of University employees are also covered by unemployment insurance administered by the State of Missouri Division of Employment Security.

The University is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters and employee health and accident benefits. The University purchases commercial insurance and also receives coverage through the State of Missouri for these risks of loss. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

Members of the Missouri State Colleges and Universities Group Insurance Consortium decided during 2004 to provide employee benefits independently rather than as a group. Therefore, MSU Benefits Group, Inc. terminated all benefit plans offered to its members at the end of calendar year 2004. As a corporation, MSU Benefits Group, Inc. will be responsible for covering all eligible claims incurred prior to December 31, 2004. Effective January 1, 2005, the University contracted with a private health insurance corporation for health care coverage.

13. Net Assets

Restricted - In accordance with GASB Statement No. 34, net assets are restricted when constraints placed are either externally imposed, or are imposed by law or legislation. The composition of restricted net assets at June 30, 2009 were:

Nonexpendable	
Scholarships	\$ 2,221,496
Expendable	
Capital projects	3,850,376
Grants, loans and other	871,278
	<u>4,721,654</u>
Total Restricted	<u>\$ 6,943,150</u>

Unrestricted - Unrestricted net assets, as defined in GASB Statement No. 34, are not subject to externally imposed stipulations; however, they may be subject to internal designations. For example, unrestricted net assets may be designated for specific purposes by action of the Board of Regents or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net assets are internally designated for academic programs and initiatives, investment in inventories and capital programs. Designated unrestricted net assets were \$16,205,465 at June 30, 2009. Undesignated unrestricted net assets, including those of auxiliary operations, were \$12,083,858 at June 30, 2009.

14. Future Accounting Pronouncements

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, addresses the accounting and financial reporting for intangible assets. This statement is effective for the University for the fiscal year ended June 30, 2010.

GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments* is intended to improve how state and local governments report information about derivative instruments-financial arrangements used by governments to manage specific risks or make investments-in the financial statements. The Statement requires governments to measure most derivative instruments at fair value in the financial statement that are prepared using the economic resources measurement focus and the accrual basis of accounting. The Statement also addresses hedge accounting requirements and is effective for the University for the fiscal year ending June 30, 2010.

15. Southeast Missouri University Foundation

The following disclosures pertain to the University's discretely presented component unit - the Foundation:

Accrual Basis - The Foundation's financial statements are prepared on the accrual basis of accounting.

Capital Assets - Land, buildings and equipment are stated at cost if purchased and fair market value at the time of donation if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the buildings and equipment which range from 5 to 40 years and 2 to 5 years, respectively. At retirement or sale, the cost of the assets and related accumulated depreciation are removed from the accounts and any resulting gain or loss is included in operations.

Pledges Receivable - The Foundation records pledges in accordance with GASB Statement No. 33, *Exchange and Nonexchange Transactions*. Revenue from pledges is recognized when all time and purpose restrictions have been met.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

Real Estate Held For Sale - Land and other real estate held as investments by endowments are reported at the fair value at the reporting date in accordance with *GASB Statement No. 52, Land and Other Real Estate Held as Investment by Endowments*. Changes in fair value during the period are reported as revenue.

Deposits And Investments

Deposits

Custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The Foundation's deposit policy for custodial credit risk requires compliance with the provisions of state law.

At June 30, 2009 none of the Foundation's bank balances held by the current depository, a United States financial institution having a branch in the State of Missouri, were exposed to custodial credit risk. All of these deposits were fully collateralized at the end of fiscal year 2009.

Foreign Currency Risk. The risk related to adverse affects on the fair value of a deposit from changes in exchange rates. The Foundation's exposure to foreign currency risk did not exist at June 30, 2009 because the Foundation had no deposits held by international banks.

Pooled Investments

Funds treated as endowment by the Foundation are managed as a pooled investment fund. The various subsidiary accounts hold a percentage of the portfolio based on the principal value of the endowment as a percentage of the market value of the pool. The following schedule summarizes data related to the investment pool for the year ended June 30, 2009:

Pooled investments at market value	\$ 34,830,244
Number of subsidiary accounts	533
Interest and dividend earnings	\$ 1,842,666
Net realized losses	\$ (2,269,303)

Interest Rate Risk. As a means of ensuring the safety of principal invested, the Foundation's investment policy is to diversify investments within established ranges by asset class. The fixed income and equity portions of the portfolio shall be diversified in order to provide reasonable assurance that a single security (investment) or class of securities (investments) will not have a disproportionate or material impact on the total portfolio.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (*Continued*)

Credit Risk. Credit risk is the risk that the issuer or other counter party to an investment will not fulfill its obligations. It is the Foundation's policy that equity investments will be based with companies with an above average return over a three to five year period. No more than fifteen percent of the net assets of the funds shall be invested in securities of issues having a record of less than three years of operation. Concentration in any single industry and in any company shall not exceed fifteen percent and five percent respectively of the market value of the fund at the time of investment without prior written approval of the Foundation. The portfolio should be comprised of high quality issues consisting of Moody's investment grade rating and above or equivalent. The credit risk ratings of the fixed income securities that the Foundation holds as of June 30, 2009, ranges between Moody's ratings BAA3 and AAA. The average credit quality of the fixed income portfolio is AA.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counter party, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Collateralization equal to at least 100% of the market value (including accrued interest) is required for certificates of deposit and repurchase agreements. The Foundation maintains a depository contract and pledge agreement with its safekeeping bank that complies with the Financial Institutions, Reform, Recovery, and Enforcement Act of 1989 (FIRREA).

Concentration of Credit Risk. According to the Foundation's investment policy, investments shall be diversified to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer, or specific class of securities. The investment policy of the Foundation establishes an asset mix (excluding real estate) that will range within the following limits: large cap equity, 25% - 35%; small cap equity, 16% - 24%; developed international equity, 7% - 13%; emerging markets international equity, 3% - 7%; core alternatives, 7% - 13%; international fixed income, 3% - 7%; core fixed income, 16% - 24%; and cash 0% - 5%.

Foreign Currency Risk. This risk relates to adverse affects on the fair value of an investment from changes in exchange rates. At June 30, 2009, the Foundation had no exposure to foreign currency risk as there were no foreign investments in the Foundation's portfolio.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

Summary Of Fair Values

The fair value of deposits and investments are included in the statement of net assets as follows:

	<u>Fair Value</u>
Deposits	\$ 1,760,344
Investments	<u>35,105,244</u>
	<u>\$ 36,865,588</u>

Included in the following statement of net assets captions:

Cash and cash equivalents	\$ 1,760,344
Short-term investments	9,079,143
Long-term investments	<u>26,026,101</u>
	<u>\$ 36,865,588</u>

At June 30, 2009, the Foundation investments are summarized below.

Certificates of Deposit	\$ 275,000
U.S. Government Obligations	744,425
U.S. Government Agency Obligations	3,068,230
Common Stocks	13,538,280
Corporate Bonds	4,271,535
International/Other	3,940,336
Investments in Mutual Funds	<u>9,267,438</u>
	<u>\$ 35,105,244</u>

At June 30, 2009, maturities on the investments having a stated period were as follows:

Investment Type	Fair Value	Investment Maturities (In Years)			
		< 1 Year	1-5 Years	6-10 Years	> 10 Years
U.S. Government Obligations	\$ 744,425	\$ —	\$ 228,155	\$ 245,454	\$ 270,816
U.S. Government Agency Obligations	3,068,230	—	40,888	572,194	2,455,148
Corporate bonds	4,271,535	74,092	1,431,448	1,410,678	1,355,317
Certificates of deposit	275,000	275,000	—	—	—
	<u>\$ 8,359,190</u>	<u>\$ 349,092</u>	<u>\$ 1,700,491</u>	<u>\$ 2,228,326</u>	<u>\$ 4,081,281</u>

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

The Foundation manages the University's \$2,221,496 true endowment funds and \$2,180,867 quasi endowment funds as of June 30, 2009 with other Foundation endowment funds. All interest earned from these funds has been recorded in the accounting records of the Foundation and is periodically remitted to the University. The University endowments are included in due to Southeast Missouri State University in the Foundation's statement of net assets.

Capital Assets

A summary of changes in capital assets in 2009 follows:

	Balance - June 30, 2008	Additions	Retirements	Balance - June 30, 2009
Land and improvements	\$ 4,981,410	\$ 1,200,200	\$ (132,529)	\$ 6,049,081
Buildings	6,913,390	618,839	(401,135)	7,131,094
Infrastructure	127,083	—	—	127,083
Equipment	322,336	45,081	(24,100)	343,317
	12,344,219	1,864,120	(557,764)	13,650,575
Less: Accumulated depreciation	2,957,136	214,689	(16,100)	3,155,725
	\$ 9,387,083	\$ 1,649,431	\$ (541,664)	\$ 10,494,850

Long Term Obligations

Following is a summary of notes payable transactions of the Foundation for the year ended June 30, 2009:

	Balance - June 30, 2008	Principal Additions	Principal Payments	Balance - June 30, 2009
General obligations	\$ 1,577,724	\$ 820,000	\$ (118,575)	\$ 2,279,149

On May 17, 2005, the Foundation purchased a 254.67 acre farm to be used as the University Demonstration Farm. The Foundation plans to convert the existing demonstration farm into a research park. To finance the purchase, the Foundation entered into a promissory note with First Missouri State Bank in the amount of \$1,462,500. This is a five year variable interest rate note that matures on May 17, 2010. There will be 59 regular payments of \$12,149 and one irregular last payment estimated at \$1,118,581. The interest rate of the Promissory Note is .25 percentage points below the prime rate. As of June 30, 2009, the prime rate was 3.25% resulting in an interest rate of 3%.

SOUTHEAST MISSOURI STATE UNIVERSITY

Notes To Financial Statements (Continued)

On February 1, 2008, the Foundation purchased three adjacent properties on South Lorimier Street in Cape Girardeau, Missouri. To finance the purchase, the Foundation entered into a two-year fixed rate promissory note with Montgomery Bank in the amount of \$340,500 with a maturity of May 1, 2010. There will be eight regular payments of \$7,846 and one irregular last payment estimated at \$328,783. The interest rate of the Promissory Note is 6.75%.

On October 8, 2008, the Foundation purchased property at 4193 Bainbridge Road County Road 306 in Jackson, Missouri. To finance the purchase, the Foundation entered into a five-year fixed rate promissory note with Security Bank & Trust Company in the amount of \$220,000 with a maturity of October 8, 2013. There will be 59 regular payments of \$1,478 and one final payment consisting of the remaining principal and accrued interest. The interest rate of the Promissory Note is 7%.

On December 30, 2008, the Foundation purchased property of 334 Morgan Oak and additional lots nearby in Cape Girardeau, Missouri. To finance the purchase, the Foundation entered into a three-year fixed rate promissory note with Montgomery Bank in the amount of \$600,000 with a maturity of December 30, 2011. There will be 35 regular payments of \$4,596 and one irregular last payment estimated at \$557,778. The interest rate of the Promissory Note is 6.75%.

Scheduled principal payments on notes payable and related interest are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2010	\$ 1,485,256	\$ 104,362
2011	18,655	54,250
2012	564,210	34,322
2013	2,873	14,871
2014	208,155	4,970
	<u>\$ 2,279,149</u>	<u>\$ 212,775</u>

Prior Period Adjustment

Accounting standards previously required land and other real estate held as investments by endowments to be reported at historical cost. For periods beginning after June 15, 2008, GASB Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*, required land and other real estate held as investments by endowments to be reported at fair value as the reporting date and changes in fair value during the period to be reported as revenue. To comply with this statement, the Foundation sought appraisals of the properties affected and adjusted their values accordingly. The net change in value increased these assets \$913,578. Application of this statement also required the restatement of beginning net assets by the change in value.
