### Reports:

Dean: Eddleman reported that the Graduate Office is working through the C & F grades of graduate students reported for the Fall, 2011 semester. Eddleman charged the Graduate Council Curriculum Committee to review sub-duplications of stat and research classes at the graduate level. Eddleman stated there is an issue with graduate students disappearing for five to six years, then returning to finish their degree, sometimes with F's, on their programs and asking that they be turned into withdrawals, etc. He asked that graduate advisors keep in touch with their students and urge them to drop classes. The thesis reader will be announced soon.

Academic Standards Committee Report (Taylor): The committee is in the process of reviewing data.

Curriculum Committee Report (Heischmidt): No report.

Assessment Committee Report (Judd): The committee is in the process of reviewing data.
