

Southeast Missouri State University

Department of: Environmental Science Program

Course Number: EV470-472

Course Title: Topics in Environmental Science

New: Spring 2000

I. Catalog Description and Credit Hours of Course:

Special topics in environmental science typically unavailable in the departmental curriculum. May be taken more than once. (1-3)

II. Prerequisites:

EV201; consent of the instructor

III. Purposes or Objectives of Course:

To provide limited groups of students with the opportunity to study topics not included in the regular Environmental Science curriculum.

IV. Expectations of Students:

To be determined by the instructor.

V. Course Content

To be established by the instructor. An individual syllabus and detailed information for each topic will be provided to the Environmental Science program and the College Council for review and approval.

VI. Textbook and Other Material:

To be determined by the individual instructor.

VII. Basis for Student Evaluation:

To be determined by the individual instructor. The grading policies will be specified at the beginning of the course.

VII. Instructors:

Instructors will be drawn from the Environmental Science program faculty.

VIII. Programs Served by the Course

B.S. in Environmental Science
