Mental Health First Aid USA is coordinated by the National Council for Community Behavioral Healthcare, the Maryland Department of Health and Mental Hygiene, and the Missouri Department of Mental Health.

MENTAL
HEALTH
FIRST AID

Sometimes, first aid isn't
a **bandage**,
or **CPR**,
or the **Heimlich**,
or calling **911**.

Sometimes, first aid is **YOU!**

A young person you know could be experiencing
a mental health challenge or crisis.

You can help them.

You are more likely to encounter someone — friend, family member, student, neighbor, or member of the community — in an emotional or mental crisis than someone having a heart attack. Youth Mental Health First Aid teaches a 5-step action plan to offer initial help to young people showing signs of a mental illness or in a crisis, and connect them with the appropriate professional, peer, social, or self help care. Anyone can take the 8-hour Youth Mental Health First Aid course, but it is ideally designed for adults who work with young people, ages 12-18 — teachers, coaches, leaders of faith communities, social workers, and other caring citizens.

Sometimes, the best first aid is you.
Take the course, save a life, strengthen
your community.

Youth Mental Health First Aid Course – 8-hour public
course.

8:00a.m.-5:00p.m on December 4th, 2017
Southeast Missouri State University
Heritage Room at 388 North Henderson Avenue
Cape Girardeau, MO 63701
