Evaluation of Learning:**Quizzes:**

There will be assigned quizzes that are assigned on Moodle throughout the duration of the course. Students are responsible for keeping up with the assigned readings and understanding the materials presented in each chapter. These quizzes will cover material presented in the textbook, the lecture notes available online as well as assigned readings. Quizzes are expected to be completed by the due

date listed on Moodle (**Every Sunday by 11:55PM**) and the syllabus. All quizzes for the unit must be completed before the end of that week. Quizzes over assigned readings will make up. Quizzes will be worth 20% of your final grade. You will have numerous attempts to take the quiz to assess your learning, however your first attempt will be the recorded score in the gradebook.

Exams:

There will be two exams that will take place over the period of the course, a midterm and a final exam. Retention of knowledge is important as you matriculate through this program and course, so each test may have questions that build off material that is presented earlier in the course. The final exam will be comprehensive in nature but will also cover material in the fourth unit.

While participating in the forum please remain respectful of other people's opinions. Please do not harass or insult any other person based off of their viewpoints on the topic.
