FIRE EQUIPMENT AND SUPPRESSION SYSTEM SERVICES
INVITATION FOR BID 5913**

TECHNICAL SPECIFICATIONS/SCOPE OF WORK

Although an attempt has been made to provide accurate and up-to-date information, the University does not warrant or represent the information provided herein reflects all relationships or existing conditions related to this Invitation for Bid.

The contractor shall furnish all parts, labor, equipment, and materials needed to perform Fire Equipment and Suppression System Services for Southeast Missouri State University as indicated herein. At a minimum, the services will include the following:

- Monthly and annual inspections, recharge, and repair of extinguishers.
 - Inspection and repair of suppression systems.
 - Inspection and service of chemical storage area.
 - Inspection of fire hoses.
 - Purchase of fire extinguishers, parts, and service.
1. The contractor shall furnish all parts, labor, equipment, and materials needed to perform inspection and service of University fire equipment and suppression systems as provided in this document.
 - 1.1 The contractor must furnish all parts and supplies normally associated with inspection services at no additional charge. The University shall not reimburse the contractor for any parts replaced during the performance of preventive maintenance unless the part and supplies are needed for the repair of such item(s) and such repair was authorized by the appropriate University representative.
 - 1.2 All parts replaced and service completed on equipment during inspections must be guaranteed for a period of no less than 30 days from the date of service. Additional service and repairs that need to be completed on equipment within 30 days of preventive maintenance service being performed will be repaired and serviced at no additional cost (except parts) if it is determined that the problem with the equipment should have been discovered and corrected during the inspection service.

Inspection, Service, Recharge, and Repair of Extinguishers

2. The contractor shall provide inspection and service to all fire extinguishers located in various locations and buildings owned and operated by the University. This may also include vehicle mounted extinguishers.
3. Inspection, service and maintenance shall be required on an ongoing basis, with monthly and annual services conducted under the guide of National Fire Prevention Association (NFPA) standards.
 - 3.1 Monthly inspections must, at a minimum, include a check of the following:
 - a. Evaluation of location to ensure extinguisher is in designated place.
 - b. Ensuring there is no obstruction to access or visibility.
 - c. Operating instructions on nameplate legible and facing outward.
 - d. Safety seals and tamper indicators are not broken or missing.

- e. Fullness determined by weighing or “hefting.”
- f. Condition of hose, including ensuring no obstruction in the hose.
- f. Examination for obvious physical damage, corrosion, leakage or clogged nozzle.
- g. Pressure gauge reading or indicator in the operable range or position.
- h. Condition of tires, wheels, carriage, hose and nozzle checked for wheeled units.
- i. HMIS (Hazardous Materials Identification System) label in place.

3.2 Annual inspections must, at a minimum, include the following:

- a. Changing the seal to different color seal.
- b. Checking the nozzle and hose to ensure that it is not clogged, cracked or broken.
- c. Inspecting the vessel to ensure that there are no cracks or dents and that no corrosion or metal fatigue is present and that the label is legible.
- d. Checking the gauge for correct pressure or weighing.
- e. Checking the wall mount and location of the unit. Inspection is to ensure the unit is not obstructed or above five feet (5') from the floor.
- f. Checking to determine if a hydrotest or six year maintenance is required.
- g. Tagging the extinguisher with the date of service.

4. The contractor shall perform, at a minimum, the following when six (6) year maintenance is required for dry chemical extinguishers.

- 4.1 Total disassembly of the pressure vessel and valve assembly.
- 4.2 Inspection of all parts, powder, and interior structure of the extinguisher.

5. The contractor shall perform, at a minimum, the following when hydrotest is required:

- 5.1 Function test of extinguisher pressure.
- 5.2 Testing cylinder.
- 5.3 Reassembly.

6. Contractor must provide the University with a report within ten (10) days of inspection, listing the following:

- 6.1 Serial numbers.
- 6.2 Size, type and number of equipment serviced.
- 6.3 Location of equipment serviced.
- 6.4 Service date.
- 6.5 Action taken or designated replacement needed and reason for replacement.
- 6.6 Cost of service.

7. Any equipment removed for service by the contractor shall be replaced upon removal. Replacement equipment must be provided by the contractor for equipment removed during servicing.

8. All repair parts used must meet or exceed the specifications listed by the manufacturer of the unit being serviced. A High Pressure Vessel Test Certification is required to perform the hydrotest. Proof of these tests must be provided in writing.

9. The contractor must provide monthly and annual fire extinguisher inspections on all University extinguishers. In the event a piece of equipment is noted to need a repair at the time of the inspection, the University will pay for the cost of the part only. The labor required to repair the item will be considered a part of the inspection service.

10. Services must be performed by certified personnel only and in accordance with current NFPA federal, state, and local codes. The contractor must be qualified to service both brass head and steel head fire extinguishers.
11. Service/maintenance decals and/or tags must be imprinted with the contractor's name, address, area code, and phone number and affixed to each extinguisher as per NFPA 10.
12. All services and replacements must be approved by the University prior to performance.
13. All inspections and service must be conducted under NFPA 10 standards and manufacturer's guidelines.
14. The University reserves the right to make changes to the number of extinguishers, as well as the locations of current extinguishers. A list of service locations is shown on Exhibit A.
15. The contractor shall perform and complete all monthly inspection services by the last day of each month for all University fire extinguishers.

FIRE EQUIPMENT AND SUPPRESSION SYSTEM SERVICES
INVITATION FOR BID 5913**

GENERAL CONTRACTUAL REQUIREMENTS

This portion of the IFB pertains to the bidder selected for final contract award ("contractor").

1. The contract shall not bind, nor purport to bind, the University for any contractual commitment in excess of the original contract period, which shall be for twelve consecutive months after contract award. The University shall have the right, at its sole option, to extend the contract for four (4) one year periods, or any portion thereof. In the event that the University exercises such right, all terms, conditions, and specifications of the original contract, as amended, shall remain the same and apply during the extension period.
 - 1.1 If an extension option is exercised, the contractor shall agree that the price(s) stated on the Pricing Page shall not be increased in excess of the maximum percentage of increase for the applicable option.
 - 1.2 The percentage of increase for each extension option shall be computed against and added to the price(s) stated on the Pricing Page for the original contract period. The increase is not a cumulative increase. If the Pricing Page does not include such percentages or if applicable spaces are not completed by the contractor, the price(s) during extension periods shall be the same as during the original contract period.
 - 1.3 The University may not automatically exercise an extension option based upon the maximum percentage of increase and reserves the right to request justification from the contractor supporting the requested increase. The University reserves the right to request an extension of the contract at a price less than that price derived from the contractor's maximum percentage of increase.
 - 1.4 In the event of an extended re-procurement effort and the contract's available renewal options have been exhausted, the University reserves the right to extend the contract. If exercised, the extension shall be for a reasonable period of time as mutually agreed to by the University and the contractor at the same terms, conditions, provisions, and pricing in order to complete the procurement process and to transition to the new contract.
2. All prices and percentages shall be as indicated on the Pricing Page of this document, or as specifically provided for by this document. The University shall not pay nor be liable for any other costs.
 - 2.1 Payment for goods and services required herein shall be made after successful completion of contractual requirements.
 - 2.2 In the event the scope of work is revised by the University, additional compensation shall be considered and negotiated at that time.
3. The contractor agrees and understands that the contract shall not be construed as an exclusive arrangement and further agrees that the University may secure identical and/or similar services from other sources at anytime in conjunction with or in replacement of the contractor's service.

- 4.. The contractor represents itself to be an independent contractor offering such services to the general public and shall not represent itself or its employees to be employed by the University. The sole relationship between the University and the contractor is as established by this contract. The contractor acknowledges responsibility for filing all returns and paying all taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., associated with the performance of the contractual requirements herein, and agrees to indemnify, save, and hold the University, its officers, agents, and employees, harmless from and against, any and all losses, costs, attorney fees, and damage of any kind related to such matters. Upon request, the contractor will provide to the University evidence of compliance with these requirements.
5. In accordance with all applicable provisions of the Revised Statutes of the State of Missouri, no official or employee of the University or its governing body and no other public official of the State of Missouri who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the Scope of Work covered by the contract shall voluntarily acquire any personal interest, directly or indirectly, in the contract.
6. The contractor shall understand and agree that the University cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the University, its Board of Regents, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. The insurance coverage shall include general liability and appropriate professional liability. The insurance shall include an endorsement that adds the University as an additional insured. Written evidence of the insurance shall be provided by the contractors to the University upon request. The evidence of insurance shall include, but shall not necessarily be limited to: effective dates of coverage, limits of liability, insurer's name, policy number, endorsement by representatives of the insurance company, etc. Evidence of self-insurance coverage or of another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable. In the event the insurance coverage is canceled, the University must be notified immediately.
7. Inasmuch as under the contract the contractor may acquire confidential information, the contractor agrees to use such information only for the sole benefit of the University and to keep confidential such information, as well as all information developed in the conduct of the work contracted for including information disclosed by the University to the contractor or any other person engaged in the contracted work.
8. In connection with services provided under the contract, the contractor agrees to comply with the Fair Labor Standards Act, Fair Employment Practices, Equal Employment Opportunity Act, and all other applicable federal and state laws, regulations, and executive orders to the extent that the same may be applicable
9. The University reserves the right to terminate the contract at any time, for the convenience of the University, without penalty or recourse, by giving written notice to the contractor at least 60 calendar days prior to the effective date of such termination.
10. Authorized Personnel: The contractor shall only utilize personnel authorized to work in the United

States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.

- 10.1 If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the University has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the University shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the University. The University may also withhold up to twenty-five percent of the total amount due to the contractor.
- 10.2 The contractor shall agree to fully cooperate with any audit or investigation from federal, state or local law enforcement agencies.
- 10.3 If the contractor meets the definition of a business entity as defined in section 285.525, RSMo pertaining to section 285.530, RSMo the contractor shall maintain enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the contracted services included herein. If the contractor's business status changes during the life of the contract to become a business entity as defined in section 285.525, RSMo pertaining to section 285.530, RSMo then the contractor shall, prior to the performance of any services as a business entity under the contract:
 - (a) Enroll and participate in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services required herein; AND
 - (b) Provide to the University the documentation required in the exhibit titled, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization affirming said company's/individual's enrollment and participation in the E-Verify federal work authorization program; AND
 - (c) Submit to the University a completed, notarized Affidavit of Work Authorization provided in the attachment titled, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization.

FIRE EQUIPMENT AND SUPPRESSION SYSTEM SERVICES
INVITATION FOR BID 5913**

BIDDER'S INFORMATION

This portion of the IFB pertains to any interested party that wishes to be provided an opportunity to submit a bid.

1. Any bidder needing to inspect the suppression systems must contact Mike Murphy at mmurphy@semo.edu or (573) 651-2588.
 - 1.1 Each bidder is solely responsible for a prudent and complete inspection, examination, and assessment of the equipment and any other existing condition, factor, or item that may affect or impact the performance of service described and required by the Scope of Work. A bidder's familiarity with the equipment is considered essential to obtain a clear and complete understanding of the requirements.
2. Southeast currently issues all solicitations via the University's website at www.semo.edu/purchasing. In addition to the original solicitation, all amendments (if any) and all questions and answers received during the solicitation process will be posted to the website. Bidders are encouraged to check such frequently. Additionally, the University will update the website immediately upon award.
3. Bids must be completed, signed, and returned (with all necessary attachments) to the Purchasing Department by the opening date and time as specified on the IFB cover sheet. In addition to the original bid, the bidder should include two (2) copies of his/her bid and mark such as copies. However, the University only requests copies of any pages completed by the bidder and any additional pages added by the bidder. Copies of the original Invitation for Bid package or any attachments thereto are not needed.
4. Any bidder with questions should contact Mike Murphy, Buyer, via email at mmurphy@semo.edu or by phone at (573) 651-2588. All bidders and/or anyone else acting on their behalf must direct all of their questions or comments regarding the IFB, evaluation, etc., to the Purchasing Department. Bidders may not contact other University employees regarding any of these matters while the IFB and evaluation are in process. Inappropriate contacts are grounds for suspension and/or exclusion from this procurement or future procurements.
5. It shall be the bidder's responsibility to ask questions, request changes or clarifications, or otherwise advise the Purchasing Department if any language, specifications or requirements appear to be ambiguous, contradictory and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the IFB to a single source. The bidder must submit such in writing no later than seven calendar days prior to the IFB opening date via email to mmurphy@semo.edu.
6. W-9 Form: Vendors doing business with Southeast Missouri State University must ensure a W-9 form is on file prior to contract award. Vendors may access the current W-9 form at <http://www.semo.edu/accountspayable>. The completed W-9 form may be submitted with the bid response.
7. EVALUATION PROCESS: The award of a contract resulting from the IFB shall be based on the best bid received in accordance with the following evaluation criteria. The evaluation criteria

is further defined in subsequent paragraphs. Failure to provide adequate information for evaluation of the below listed criteria may result in minimal subjective consideration and/or rejection of the bidder's package.

7.1	Cost	70%
7.2	Experience and Reliability of Bidder's Organization	15%
7.3	Proposed Service/Expertise of Personnel	15%

8. **COST:** Cost shall be evaluated based upon the firm, fixed prices indicated by the bidder. Percentages quoted for extension options shall also be considered in the evaluation of cost.

8.1 The bidder shall not be entitled to any other form of payment or reimbursement not specifically provided for by this document.

9. **Attachment 1 - Experience And Reliability of Bidder's Organization:** Experience and reliability of the bidder's organization will be considered in the evaluation process. Therefore, the bidder is advised to submit any information which documents successful and reliable experience in past performances, especially those performances related to activities similar to the requirements of this IFB.

9.1 The bidder should submit at least three (3) references. Each reference should include organization name, contact person with respective email address, title, telephone number, and address. In addition, the bidder should provide a brief description of services performed for each reference. The bidder may utilize Attachment 1 to provide this information.

10. **PROPOSED SERVICE/PERSONNEL:**

10.1 The bidder should describe in detail the proposed service and how such meets the requirements as stated in the specifications.

10.2 The qualifications of the personnel proposed by the bidder to perform the requirements specified herein will be considered in the evaluation. Therefore, the bidder should submit detailed information related to the experience and qualifications of the staff proposed.

10.3 The bidder should describe in detail all proposed equipment and parts and explain how such meets the requirements stated in the technical specifications portion of this document.

10.4 The bidder is advised to submit any information which documents successful and reliable experience in past performances similar in nature to the requirements specified in this document.

10.5 The bidder must provide proof of appropriate certifications.

10.6 The bidder must provide the bidder's current OSHA accident rating.

11. **Exhibit A – Service Locations:** The University reserves the right to make changes to the number of extinguishers, as well as the locations of current extinguishers. A list of service locations is shown on Exhibit A.

12. **Attachment 2 – Vendor Information:** It is the intent of Southeast Missouri State University to seek and solicit vendor participation from certified minority, women, Missouri service-disabled veteran owned businesses, and blind/sheltered workshops. Therefore, the offeror is requested to complete and return Attachment 2 with the bid/proposal response. Completion of this Attachment does not affect contract award.
13. **Attachment 3 - Affidavit of Work Authorization and Documentation:** Pursuant to section 285.530, RSMo, if the offeror meets the section 285.525, RSMo definition of a “business entity” (<http://www.moga.mo.gov/statutes/C200-299/2850000525.HTM>), the offeror must affirm the offeror’s enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services requested herein. The offeror should complete applicable portions of Attachment 3, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization. The applicable portions of Attachment 3 must be submitted prior to an award of a contract.
14. The attached Terms and Conditions, Invitation for Bid (revised 10/09/2018), are hereby incorporated. Bidder’s terms and conditions which conflict with this Invitation for Bid and/or the attached Terms and Conditions could result in rejection of the bid.

10. The bidder must provide a firm, fixed discount off list price for any item not listed above. The discount off list price must include all applicable charges (shipping, handling, etc.) and must be stated FOB destination. The contractor must provide catalog or other materials showing list price for parts.

_____ % firm, fixed discount off list price

11. The bidder must provide a firm, fixed price per hour for approved repairs of extinguishers and suppression systems. The price must include all labor, equipment, and materials needed to repair University equipment as per the specifications.

Hourly rate for service calls performed during normal business hours:

\$_____ per hour (firm, fixed price)

12. Percentage of Increase for Renewals: In the event the University exercises its option to renew the contract, the bidder must state the maximum percentage of increase to be applied to the above prices for each renewal period. Statements such as “consumer price index” or “cost of living increase” are not acceptable. The bidder is strongly encouraged to review page 8, paragraph 1, before completing this section. Failure to complete this section may result in rejection of the bidder’s response.

Please note: The percentage of increase indicated below by your organization is computed against and added to the original bid prices. This is not a cumulative increase. Therefore, if you anticipate a yearly increase of 1%, you will need to indicate 1% for renewal year one, 2% for renewal year two, etc.

_____ % Maximum percentage of increase
First twelve-month renewal period.

_____ % Maximum percentage of increase
Second twelve-month renewal period.

_____ % Maximum percentage of increase
Third twelve-month renewal period.

_____ % Maximum percentage of increase
Fourth twelve-month renewal period.

By signature below, the bidder hereby affirms that the above prices and percentages are stated in accordance with all terms and conditions of Invitation for Bid 5913. In addition, the bidder understands and certifies the following:

- The contractor shall only utilize personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the University shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the University. The University may also withhold up to twenty-five percent of the total amount due to the contractor.
- The contractor agrees to fully cooperate with any audit or investigation from federal, state or local law enforcement agencies.

In addition, the contractor shall maintain enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services included herein.

**SOUTHEAST MISSOURI STATE UNIVERSITY
TERMS AND CONDITIONS
INVITATION FOR BID**

1. TERMINOLOGY/DEFINITIONS

Whenever the following words and expressions appear in an Invitation for Bid (IFB) document or any amendment thereto, the definition or meaning described below shall apply.

- a. **Amendment** means a written, official modification to an IFB or to a contract.
- b. **Attachment** applies to all forms which are included with an IFB to incorporate any informational data or requirements related to the performance requirements and/or specifications and which the bidder should complete and submit with the sealed bid prior to the specified opening date and time.
- c. **Bid Opening Date and Time** and similar expressions mean the exact deadline required for the physical receipt of sealed bids in the Purchasing Department.
- d. **Bidder** means the person or organization that responds to an IFB by submitting a bid with prices to provide the equipment, supplies, and/or services as required in the IFB document.
- e. **Buyer** means the procurement staff member of the Purchasing Department. The **Contact Person** as referenced herein is usually the Buyer.
- f. **Contract** means a legal and binding agreement between two or more competent parties, in exchange for consideration, for the procurement of equipment, supplies, and/or services.
- g. **Contractor** means a person or organization who is a successful bidder as a result of an IFB and who enters into a contract.
- h. **Invitation for Bid (IFB)** means the solicitation document issued by the Purchasing Department to potential bidders for the purchase of equipment, supplies, and/or services as described in the document. The definition includes these Terms and Conditions as well as all Pricing Pages, Attachments, and Amendments thereto.
- i. **May** means that a certain feature, component, or action is permissible, but not required.
- j. **Must** means that a certain feature, component, or action is a mandatory condition. Failure to provide or comply will result in a bid being considered non-responsive and not evaluated nor considered for contract award.
- k. **Pricing Page(s)** applies to the form(s) on which the bidder must state the price(s) applicable for the equipment, supplies, and/or services required in the IFB. The pricing pages must be completed and submitted by the bidder with the sealed bid prior to the specified bid opening date and time.
- l. **RSMo (Revised Statutes of Missouri)** refers to the body of laws enacted by the Legislature which govern the operations of all agencies of the State of Missouri.
- m. **Shall** has the same meaning as the word must.
- n. **Should** means that a certain feature, component and/or action is desirable but not mandatory.
- o. **University and/or Southeast** means Southeast Missouri State University.

2. APPLICABLE LAWS, REGULATIONS, AND POLICIES

- a. The contract shall be construed according to the laws of the State of Missouri. The contractor shall comply with all local, state, and federal laws and regulations related to the performance of the contract to the extent that the same may be applicable.
- b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provision shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the University.
- c. The contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations.
- d. The exclusive venue for any legal proceeding relating to or arising out of the IFB or resulting contract shall be in the Circuit Court of Cape Girardeau County, Missouri.
- e. The contractor shall only utilize personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.
- f. The contractor shall comply with the University's Tobacco Usage in the Workplace Policy. The University is a smoke-free, tobacco-free campus. Therefore, smoking and using tobacco products (both indoors and outdoors) is prohibited on University property and in University vehicles.
- g. The contractor shall never have been terminated from a contract under section 432 of the HEA for a reason involving the acquisition, use, or expenditure of Federal, State, or local government funds, or have been administratively or judicially determined to have committed fraud or any other material violation of law involving Federal, State, or local government funds; or contract with or employ any individual, agency, or organization that has been, or whose officers or employees have been convicted of, or pled nolo contendere or guilty to, a crime involving the acquisition, use, or expenditure of Federal, State, or local government funds; or Administratively or judicially determined to have committed fraud or any other material violation of law involving Federal, State, or local government funds.

3. OPEN COMPETITION/INVITATION FOR BID DOCUMENT

- a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise the Purchasing Department if any language, specifications or requirements of an IFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the IFB to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the Purchasing Department. Such communication must be received no later than seven (7) calendar days prior to the official bid opening date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the IFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the IFB, any questions received less than seven (7) calendar days prior to the IFB opening date may not be answered.
- c. Bidders are cautioned that the only official position of the University is that which is issued by the Purchasing Department in the form of the IFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. Southeast monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The IFB and any Amendments are available for viewing and printing from the University's website. Registered bidders may be electronically notified of the bid opportunity based on the information maintained in the University's vendor database.
- f. The University reserves the right to officially amend or cancel an IFB after issuance. E-mail notification of the amendment or cancellation will not be issued.

4. PREPARATION OF BIDS

- a. Bidders **must** examine the entire IFB carefully. Failure to do so shall be at bidder's risk.
- b. Unless otherwise specifically stated in the IFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the bidder shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements, and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
- e. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- f. Prices shall include all packing, handling and shipping charges and must be FOB destination unless otherwise specified in the IFB.
- g. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- h. Any foreign bidder not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

5. SUBMISSION OF BIDS

- a. All bids must (1) be signed by a duly authorized representative of the bidder's organization, (2) contain all information required by the IFB, (3) be priced as required, (4) be sealed in an envelope or container, and (5) be mailed or hand-delivered to the Purchasing Department and officially clocked in no later than the exact opening time and date specified in the IFB.
- b. Mailed bids should be clearly marked on the outermost envelope with (1) the official IFB number, and (2) the official opening date and time. Different bids should not be placed in the same envelope, although copies of the same bid may be placed in the same envelope.
- c. A bid which has been delivered to the Purchasing Department may be modified by signed, written notice which has been received by the Purchasing Department prior to the official opening date and time specified. A bid may also be modified in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone, telegraphic, email, or faxed requests to modify a bid shall not be honored.
- d. A bid which has been delivered to the Purchasing Department may only be withdrawn by a signed, written notice or facsimile which has been received by the Purchasing Department prior to the official opening date and time specified. A bid may also be withdrawn in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or e-mail requests to withdraw a bid shall not be honored.

- e. Bidders must sign and return the IFB cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the bidder of all IFB terms and conditions. Failure to do so may result in rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- f. Faxed bids shall not be accepted unless otherwise indicated on the IFB cover sheet. However, faxed and e-mailed no-bid notifications shall be accepted.

6. BID OPENING

- a. Bid openings are public on the opening date and at the opening time specified on the IFB document. Names, locations, and prices of respondents shall be read at the bid opening.
- b. Bids which are not received in the Purchasing Department prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Under extraordinary circumstances, the Purchasing Department may authorize the opening of a late bid. The following guidelines may be utilized to determine the criteria for an extraordinary circumstance: (1) University offices were closed due to inclement weather conditions or other unforeseen reasons, and (2) postal or courier services were delayed due to labor strikes or unforeseen "Acts of God".

7. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the Purchasing Department before contract award. Upon discovering an apparent clerical error, the buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are (1) misplacement of a decimal point, and (2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed to be in the best interest of the University.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the University. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the University.
- d. Award shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the IFB, (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB, and (3) complies with Sections 34.010 and 34.070 RSMo and Executive Order 04-09.
- e. In the event all bidders fail to meet the same mandatory requirement in the IFB, the University reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the University reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The University reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, the University may negotiate for the required supplies.
- g. When evaluating a bid, the University reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the Purchasing Department to the successful bidder. The Purchasing Department reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by the Purchasing Department based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the University.
- j. All bids and associated documentation which were submitted on or before the official opening date and time will be considered open records pursuant to Section 610.021 RSMo following the official opening of bids.
- k. The Purchasing Department reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- l. The final determination of contract award shall be made by the Purchasing Department.
- m. The Purchasing Department's website will be updated upon contract award for bidders to view for a reasonable period of time.
- n. Any bid award protest must be submitted in writing and must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9). A protest submitted after the ten (10) business day period shall not be considered.

8. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) University's acceptance of the response (bid) by "notice of award" or by "purchase order." All Attachments included in the IFB shall be incorporated into the contract by reference.

- c. A notice of award issued by the University does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the University, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the University.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Purchasing Department or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

9. INVOICING AND PAYMENT

- a. The University does not pay state or federal taxes unless otherwise required under law or regulation. The University's Missouri sales tax exemption number is 10124128.
- b. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the University.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- e. The University assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the University's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the University shall be subject to late payment charges as provided in Section 34.055 RSMo.

10. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

11. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by the University pursuant to a contract shall be deemed accepted until the University has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The University reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The University's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the University may have.

12. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the University, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the University's acceptance of or payment for said equipment, supplies, and/or services.

13. CONFLICT OF INTEREST

- a. Officials and employees of the University, its governing body, or any other public officials of the State of Missouri must comply with Sections 105.452 and 105.454 RSMo regarding conflict of interest.

- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

14. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the University of any existing or future right and/or remedy available by law in the event of any claim by the University of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the University of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the University.

15. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the University may cancel the contract. At its sole discretion, the University may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide the University, within 10 working days from notification, a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the University will issue a notice of cancellation terminating the contract immediately.
- c. If the University cancels the contract for breach, the University reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the University deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the University for any period in which funds have not been appropriated, and the University shall not be liable for any costs associated with termination caused by lack of appropriations.

16. COMMUNICATIONS AND NOTICES

Any notice to the bidder/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, posted to the University's website, transmitted by facsimile, transmitted by e-mail, or hand-carried and presented to an authorized employee of the bidder/contractor.

17. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the Purchasing Department immediately.
- b. Upon learning of any such actions, the Purchasing Department reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

18. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the University, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

19. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, ethnicity, religion, national origin, sex, sexual orientation, gender identity, age, genetic information, disability, or protected veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;

- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, the University shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the University until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

20. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

21. EMERGENCIES

In the event a catastrophic situation occurs at the University, the University may request the contractor's assistance with the emergency procurement or transportation of equipment, supplies, and/or services.

22. TITLES

Titles of paragraphs used herein are for the purpose of facilitating reference only and shall not be construed to infer a contractual construction of language.
