

Face coverings will be required in all locations (courts, studios, weight rooms, climbing wall, etc), at all times within the Student Recreation Center with three exceptions: while in water in the Student Aquatic Center, while showering in the locker rooms, or when on a distanced piece of cardiovascular equipment (we strongly be recommended using a face covering, if possible).

Students, members, and guests who cannot wear a face covering due to a medical condition are advised to not enter the Student Recreation Center for their safety.

Maximum occupancy may be limited in some spaces due to distancing guidelines.

Intramural and Club Sport play/practice will proceed as scheduled, however face coverings will be required at all times.

The eSports Arena will post and enforce the max occupancy. Students will be required to wear face coverings the entire time they are in the Arena.
