<b>GRADUATE</b>			3.5 SEMO GPA, minimum 10 earned SEMO credit hours

\* The IAE generally requires a qualifying GPA AND a qualifying test score. All other international merit-based awards are based on applicant's GPA (converted to the U.S. 4.0 scale)

\*\*ACT score is required to qualify for IAE when English is sole medium of instruction. However, applicants with Cambridge IGSCE, Pearson Edexcel, IB, Zimsec O-levels and WAEC results are not required to submit a test score to qualify for IAE. English proficiency test score is acceptable for students from non-English backgrounds.

\*\*\*Value of IAA is the difference between the Southeast's resident and non-resident tuition rates. The actual value varies based on enrollment. Estimate shown is based on 30 credit hours and the 2024-2025 fees.

Southeast international alumni seeking graduate degrees receive the Southeast Nonresident Alumni Award, which allows them to pay the resident tuition rate. ## General Details for All Awards

- Students receive the highest award for which they qualify. Awards are adjusted as new, official test scores or transcripts are received.
- Scholarship recipients must maintain full-time enrollment (12 undergraduate hours; 9 graduate hours) each semester and be able to demonstrate lawful presence in the US.
  - Note: An exception can be made if a student has an approved Reduced Course Load from the Office of International Education and Services.*

3. Students are ineligible if awarded a scholarship intended to cover tuition & fees from any outside or institutional sources (e.g. graduate assistantships, government sponsorship, etc.).
4. Students are ineligible for all international scholarships if they become a Missouri Resident for fee paying purposes or receive the Nonresident Alumni Award.
5. The total amount of aid received from federal, state, institutional and other sources may not exceed the University established cost of attendance. Therefore, awarded scholarship amounts may be subject to reduction.
6. Undergraduate/graduate awards apply only to a first bachelor's/master's degree.
7. Academic & participation scholarships are awarded to non-U.S. citizens with lawful presence in the U.S. and the right per their visa status to enroll in a full-time course of study. Other students may still qualify for endowed scholarships each year.
8. All scholarship deadlines referenced are based on the month & day of the year immediately preceding the scholarship award year.
9. Incoming students who have earned less than 24 credit hours of college credit (excluding dual credit/early college credit) are only eligible for freshmen awards, while those who have earned 24 or more credit hours are only eligible for transfer awards.
10. Scholarships are split between the fall and spring semesters only; however, the International Academic Achievement Award may be used during the fall, spring, and summer semester(s) in which the student is otherwise eligible.
  - *Note: Scholarships may be revised after an initial award if the number of completed hours differs from the scholarship criteria, at the time a student begins at Southeast.*

Returning students (i.e. students who attend Southeast, leave to attend another institution, and return to Southeast) are no longer eligible for scholarship renewal as they are no longer within the renewal period of 4 consecutive academic years.
