**Academic Advising - Cape Campus**

The Academic Advising Office provides academic guidance, assistance with academic policies and requirements, resources for academic support and help with processing special forms. Advising office staff and faculty collaborate to offer a complete advising program. Academic advisors are available by appointment and on a walk-in basis (subject to availability). 573.651.2007 (Advising - South) /

**Academic Support Centers**

Academic Support Centers' mission is to enhance the academic achievement and educational attainment of all Southeast students. The Centers include targeted services for underrepresented populations (first generation, low-income, students with disabilities and U.S. ethnic minority students) and academically at-risk students. The programs span the educational spectrum from pre-college to undergraduate and graduate studies. Southeast
